## RICH STRIKE MADE ON APPELEGATE RIVER

### SACK OF RICH ORE FROM THE LEDGE SHOWN

Rich Deposits Found for Distance of 9000 Feet — Prospector Sends Word in Quietly to Friends in Grants Pass.

### MINING MEN STILL CONTINUE TO COME IN

Gold Occurs in White Quartz—Claims Are Located All Along the Length of Ledge.

GRANTS PASS, Or., June 6.—Another phenomenal gold strike has been made in Josephine county—the third one in five weeks.

This time the find was made on the Applegate river, about 14 miles south of Grants Pass. The gold occurs in the white quartz, which is gluttoned with the yellow metal.

The property is owned by City Councilman H. J. Herzinger, Leroy Currier, G. A. R. veteran, and A. H. Davis, a prospector. Davis made the find Thursday of last week. He got the word quietly to his Grants Pass associates and Councilman Herzinger hurried to the property. Last night he returned to Grants Pass with a sack of the rich ore. News of the strike caused further mining excitement in this city. The ore is on exhibition today.

The parties have located the ledge for a distance of 9000 feet, six claims in length. Decomposition of the surface of the ledge through long time has resulted in enriching a large area at the base of the hill, the ground being permeated with nuggets and broken quartz rich in gold. The owners have located 60 acres of this ground as a placer and are recovering much of the coarse gold with the greatest ease.

Mining men from all over the western states continue to arrive in Grants Pass and hurry to the hills.

### STRIKE LOOMS UP IN FRISCO

Teamsters Want Their Hours Cut From 11 to 10—Said to Mean Revolution of Entire Commercial System.

SAN FRANCISCO, June 6.—George Renner, manager of the San Francisco Draymen's association today admitted that the Brotherhood of Teamsters had sent to his association a request for a reduction from 11 to 10 hours per working day. There are 2000 members of the organization employed here. If arbitration follows, however, the time limit will not be insisted on.

The demand has long been contemplated. The men now reach the barns at 6 a. m. and return at 6 p. m. They are allowed 50 minutes for lunch. A strike, it is understood, is contemplated if the demand is not granted by July 1.

An attempt to run teaming industry in San Francisco on a ten-hour basis would mean the revolution of the entire commercial system of San Francisco," said Renner. "Our organization will refer this demand to the general grievance committee. It will probably meet about June 20. President Charles L. Tilden is at present in Panama."

### MRS. HAMMERSTEIN NO LONGER OSCAR'S WIFE

NEW YORK, June 6. Justice Tompkins in Nyack has signed the decree granting Mrs. Malvina Hammerstein a divorce from Oscar Hammerstein, grand opera impresario.

### Mrs. Gardner Ill

Mrs. John L. Gardner, once of Boston's wealthiest women, whose collection of art treasures which she has in a palace in the Back bay, has made her famous all over the world, is seriously ill. She has cancelled all social engagements and, according to dispatches from Boston, her condition is considered critical.

### RUSHLIGHT WINS BY 3000 LEAD

His Victory is Looked Upon as Triumph for Direct Primary Law—Simon Backed by Business Interests and Employers' Association.

PORTLAND, Or., June 6.—Returns this forenoon indicated that A. G. Rushlight, republican primary candidate for mayor, was elected over Joseph Simon, present incumbent, running independently by a plurality of probably 3000.

Rushlight's victory is looked upon not so much as a personal one as for the direct primary law, under which Rushlight secured his nomination. Simon declined to enter the primaries. He was solidly backed by the business interests of Portland, including the employers' association and citizens' alliance and Rushlight drew his principal following from the small business men and laboring element. George H. Thomas, the democratic candidate, ran a poor third. The total vote was approximately 26,000, or 70 per cent of the total registered vote.

### HARMONY MEETING CALLED IN ILLINOIS

SPRINGFIELD, Ill., June 6.—A harmony mass meeting at which standpatter and progressive leaders of the republican party in Illinois will attempt to settle their differences and prepare a proclamation of republican principles, probably will be held here within the next two weeks. The meeting has been planned at the suggestion of President Taft. During Taft's recent visit in Chicago, it is reported, he held conferences with leaders of both factions of the party and personally suggested the plan to restore harmony.

The Illinois meeting, according to report, will be the first of a number of similar gatherings in other states. Secretary Hillis, secretary of the Interior, and Governor Charles Deneen were at the conference.

### BIG DINNER WILL SHOW JOY OF UNION MEN

WASHINGTON, D. C., June 6.—Five hundred friends of the union labor movement have been invited to a dinner to be held here June 14 to celebrate the reversal of the jail sentences against President Samuel Gompers, Secretary Frank Morrison and Vice President John Mitchell of the American Federation of Labor. Seventeen congressmen who are members of unions will attend.

### WOODFORD GETS SALARY RAISED

Medford Boosted From \$2600 to \$2800 Due to Increase in Postal Receipts—Now Third Place in the State in Salary Paid.

### EACH YEAR SEES AN INCREASE GIVEN HERE

Eugene is Passed by Local Office—Salem Alone Has Higher Paid Postmaster.

WASHINGTON, D. C., June 6.—Postmaster General Frank H. Hitchcock announced today that the department had completed a re-adjustment of the salaries of postmasters appointed by the president in cities and towns where the salary is based upon the annual receipts. The new salaries will be put into effect July 1. The following postmasters, with their present salaries, will receive an increase of \$100 per year beginning July 1:

Oregon—Salem, \$3100; Baker, \$2600; Eugene, \$2600; Grants Pass, \$2400; Roseburg, \$2400. Washington—Tacoma, \$3600; Spokane, \$3900; Aberdeen, \$2800; Chehalis, \$2400. Medford, Or., is raised from \$2600 to \$2800, and Klamath Falls from \$2200 to \$2400. Boise, Idaho, which pays \$3200 at present, is increased to \$3300.

This new apportionment jumps Medford into third place in the state in the matter of salaries paid to postmasters, based upon postal receipts. Only Salem has a higher paid postmaster.

Each year Medford has made an increase, and Postmaster Woodford never fails to get a raise in salary. He was seventh in the list in the state when he took office, now he is third.

### HOQUIAM ADOPTS NEW FORM OF GOVERNMENT

HOQUIAM, Wash., June 6.—Hoquiam is the first second-class city in Washington to adopt the commission form of government. Official returns today show that the decision to go under the commission charter law provided for at last session of the legislature was made by an almost 2 to 1 vote. About 50 per cent of the registered vote was cast.

The principal opposition to the plan came from old line politicians.

### STEADY NERVES ALONE SAVED HIS LIFE

NEW YORK, June 6.—With "nerves like steel," might well be applied to George Palmer, assistant keeper of reptiles in the Bronx Zoological gardens, who is being congratulated today by his friends upon his narrow escape from death yesterday. Palmer posed as stiff and rigid as a statue when a diamond back rattlesnake dropped on his arm as he opened the rattler den. Palmer kept his nerve until the rattler crawled up his arm past his cheek and slipped off down his back to the ground. Then Palmer moved lively. The slightest tremor would have resulted in a lightning-like dart of the poison fangs.

### Elopes With Adopted Son.

MUSKOGEE, Okla., June 5.—After trailing his wife, 20 years his junior, and their adopted son, Harold Morgan, from Streator, Ill., to Tahlequah, Okla., E. W. Rollins, an aged farmer living near Streator, took \$12,000 from near the point of a gun and left for his home. Rollins, who is wealthy, says his wife had become enamored of young Morgan and a week ago asked him to give her a blank signed check. She filled it out for \$13,500, cashed it and eloped with Morgan. Rollins allowed them to keep \$1500.

### General Booth Is Reported Very Ill

LONDON, June 6.—General Booth, head of the Salvation Army, is reported very ill at his home in this city. Physicians hold out little hope for his recovery.

### BIG RECEPTION FOR LIBERATOR

Preparations for Greeting of Madero Complete — Committees to Meet Special Train and Accompanying Conqueror.

MEXICO CITY, Mexico, June 6.—When he enters the capital tomorrow as a private citizen, Francisco I. Madero, jr., will be given the reception of a conqueror and liberator. Preparations to receive the revolutionary chieftain were completed today. It was decided that there shall be no military demonstration, but troops will be assigned to assist the police in maintaining order along the line of march and throughout the city. The insurgents at Cuernavaca, who have been clamoring to participate in the reception to Madero, will not be allowed to come to Mexico City. They will later be reviewed by Madero and mustered out of service. The government fears that too many armed men in the capital under very rigid discipline, might lead to rioting.

When Madero nears the capital tomorrow morning, a committee from a large number of Madero clubs will meet the special train and accompany him to the city. An open carriage drawn by four white horses, preceded by mounted police and followed by an escort, will take Madero from the station to his home, where he will speak from the balcony and, it is believed, formally launch his candidacy for president.

An investigation today of the rioting last night at Santa Julia, the poor quarter of the city, shows that eight were killed and 40 wounded. The riot started when a gang of roughs attacked a suffrage parade, and in turn were charged by the rurales, who dispersed them.

### NO DECISION FORMULATED YET IN COAL CASES

WASHINGTON, D. C., June 6.—Commissioner Demott of the gen-

### 35,000 VISITORS AT ROSE FESTIVAL

Eugene Ely Will Fly This Afternoon and Tonight Great Electrical Parade Headed by Rex Oregonus Will Be Chief Feature.

PORTLAND, Or., June 6.—It was estimated that fully 35,000 visitors were in Portland today to attend the second day of the Portland rose festival.

This afternoon Eugene Ely, who was the first aviator to alight on and depart from the deck of a battleship in an aeroplane will make several flights and tonight the electrical parade, headed by the festival king will be held. The parade will be preceded by rose girls who will scatter thousands of blossoms in the streets.

### EXPLORER HELD FOR RANSOM BY BANDITS

SALONIKA, Turkey, June 6.—Kidnaped by Turkish bandits and held for ransom in the fastnesses of Mount Olympus, Thesaly, Professor Richter, a German explorer, in a letter received here today, implores his friends or the Turkish government to pay the reward and secure his release. The bandits demand \$75,000 ransom for their prisoner. The Turkish troops it is said are strongly opposed to complying with the demands of the outlaws.

Professor Richter is one of the most famous German archaeologists. He was pursuing his investigations along this line when kidnaped by the Turkish bandits.

### DYNAMITERS TO PLEAD FRIDAY

Ladies of Greater Medford Club Have Completed Arrangements for Society Show—Proceeds to Be Used in Public Improvements.

LOS ANGELES, Cal., June 6.—B. H. Conners, A. B. Maple and Ira E. Bender, indicted by the grand jury on charges of attempting to dynamite the Hall of Records building, will make their plea before Judge Willis next Friday morning. Judge Willis set next Friday as the day for the pleading, despite the efforts of Attorneys Job Harriman and Lecompte Davis to have it postponed for ten days.

"If a murderer can plead within a day after the crime is committed," said Judge Willis to Attorney Harriman, "I believe three days is ample time for your clients."

When the three men were arraigned before Judge Willis today Attorney Harriman stated that the defendants would waive the reading of the indictments.

The request of Attorney Lecompte Davis that counsel for the defense be given a transcript of the testimony given to the grand jury and on which the indictments are based was objected to by Deputy District Attorney Horton on the ground that the law made no such provision necessary until five days before the trial was scheduled to begin.

Judge Willis sustained Horton's objection. In addressing the court, both Harriman and Davis associated Attorneys Clarence Darrow and Joseph Scott with the defense.

After Judge Willis had set Friday as the day for the pleading, Attorney Harriman told Deputy Attorney Horton that when his clients appeared in court on that day he would ask for a continuance.

### SOCIALISTS TO DEMAND WHITE LABOR BE USED

Will Present Resolutions Tonight to City Council Protesting Against Foreigners Being Used on Public Work in the City.

### CONTRACTORS MAINTAIN THEY CANNOT GET WHITES

Matter Will Probably Be Discussed at Tonight's Session of the City Dads.

The members of the socialist local of the city of Medford will present to the city council at tonight's session resolutions adopted by them condemning the employment of foreign labor on public work in the city. The resolution bears between 50 and 75 names.

For some time the matter of employing foreigners has been discussed in the city but this is the first attempt to bring the matter properly before the city authorities.

Contractors state that it is impossible to employ white men in the city who are willing to do the work now done by foreigners.

The copy of the resolution to be presented to the council tonight follows:

To the Council of the City of Medford.

Be it resolved by the socialist local of the city of Medford, that we, as the branch of a political party representing interest in the working class, protest against the contractors of public work in the city of Medford, for importing and employing any outside labor as long as there is sufficient supply of labor willing and able to perform said labor, here at home.

We especially condemn said contractors for actions in the past for importing foreign labor for the sole purpose of reducing wages and lengthening hours, and leaving unemployed a large part of our resident population who have always spent the greater part of their wages in this city.

### STRIKE STILL ON AT VANCOUVER

Situation Remains Unchanged—Large Crowds of Union Men Gather and Jeer Non-Union Men at Work on Buildings.

VANCOUVER, B. C., June 6.—The strike situation here is practically unchanged, all union members of the building trades refusing to return to work, and being supported by members of some other unions, as well as a large number of unorganized workmen.

Last evening crowds gathered in half a dozen localities where building operations are being carried on with non-union labor, and the men were hooded and jeered when they came off shift, but no one was injured. Mounted police and other officers kept the crowds in order. In spite of the fact that several thousand men participated in the demonstrations, only seven arrests were made. A crowd tore down a fence surrounding a non-union building and this morning four participants were sentenced to three months in jail, the other cases being laid over. Of the seven only one man is connected with a union, and his case has not been tried. The judge in passing sentence severely scored the irresponsible element who take advantage of strikes to indulge in mischief making.

Look for the "help wanted" ad that seems like a "prospect"—and answer it promptly.
