

## LIVING PICTURES AT NAT TONIGHT

Attorneys Attempted to Have It Postponed Ten Days but Judge Allows But Three—Will Ask for Continuance.

Tonight the ladies of the Greater Medford club will present to the people their exhibition of living pictures at the Natatorium. To Medford it will be what the Kirmess is to Portland.

Though the names of the performers will not be divulged in the program, the people themselves will be known to all, as they are among the most prominent of Medford's social set.

The final rehearsal last night showed clearly that a big success is assured. The poses are natural and beautiful and the light effects are perfect.

Interspersed between the pictures are several musical numbers which are sure to bring down the house.

Particular interest centers in the appearance of Miss Grace Brown, who after a year's absence is again to sing for Medford people. She has chosen for her number an aria which brings out all the beauty of her wonderful voice and her admirers will have an opportunity to note the progress she has made during her absence.

The whole performance deserves the support of everyone and it is certain there will be a large crowd present to enjoy the spectacle.

Profits from the entertainment will be used in civic improvements. The program in full follows:

- Overture.....High school orchestra  
1. A Little o'Mother.  
2. Apple Blossoms.  
Selection.....Male Quartet  
3. The Miser.  
4. Dead Game Sport.  
5. Spring.  
Selection.....Miss Brown  
6. Girl With the Muff.  
7. Whistler's o'Mother.  
8. Carmencita.  
Selection.....Male Quartet  
9. Knitting Lesson.  
10. Gossip.  
11. Mammy.  
Selection.....Mixed Quartet  
Mrs. Andrews, Mr. Andrews,  
Miss Brown, Mr. Whitsel.  
12. The Doll Shop.  
13. Impersonation of Vesta Victoria.  
14. Recitation.  
15. Bachelor's Reverie.

The Medford concert band will render several selections before the performance on Main street and in front of the Natatorium.

## CUT DOWN WORK OF COMMERCIAL CLUB

Correspondence with prospective buyers will be discontinued as the Commercial club is being swamped by inquiries regarding land. Local real estate dealers are in the habit of referring the buyers to the Commercial club for further information and so great has become the number of inquiries that correspondence must be discontinued, according to Secretary Boos.

The matter was acted upon at the directors' meeting Monday and the real estate dealers will be forced to deal out information themselves, as Secretary Boos feels that the energies of the club should be devoted to the community as a whole and not to individuals.

## WANT SUPPORT FOR LOCAL CONCERT BAND

A movement is on foot to secure more liberal support for the Medford Concert band. E. C. Ireland has suggested that two free concerts be held each week during the summer months one in the city park and one at the "Nat" or other place convenient to the East Side. Popular subscription will be a means of securing funds for the organization and a ball game between teams composed of business men will be played in the near future and the receipts turned over to the band boys.

### NOTICE.

You are hereby notified that the partnership known as the firm of "Ponting & Renz" has been dissolved by mutual consent and will be known from this time on as "C. C. Ponting." All money debts due the firm will be paid to him and all debts now against the firm will be paid by C. C. Ponting. Respectfully,  
C. C. PONTING.

## Jack Johnson Off to See the King of England Get His

NEW YORK, June 6.—Accompanied by his wife, who is white, two automobiles, a chauffeur, 20 suits of clothes and a lunch that King George wants to see him, Jack Johnson, champion heavyweight pugilist, sailed today one the Kron Prinz Wilhelm from here for the coronation.

"The king probably will want to see me," Jack confided to the newspaper men after he had boarded the vessel, "and if he does I will sure be on the job. Why, I'd break any date to see the king."

No color line was drawn on the big liner. From the time Johnson went aboard he began to have the time of his life. Basking in unwonted popularity, which kept the golden smile constantly in action, Jack received fellow passengers and a score of newspaper men in the chief engineer's suite, which he had engaged.

For half an hour before sailing the reception continued. Jack wore his twenty-first suit, a soft brown creation, tan shoes and a brilliant sparkler. His cravat was radiant. Mrs. Johnson stood a little behind her husband and nervously twisted her fingers, which were loaded with diamonds. Boxes of candy and huge bouquets were stacked in the state room.

"I don't think it will be necessary for me to request an audience with the king," said Jack. "I'll bet he will want to see me. If he does, I'll go to the palace any old time."

"I'll fight Bombardier Wells or any one else if there is enough coin in it, but I will not fight on this trip. This time I'm going merely pleasure and to attend the coronation. I must return in August because I have an engagement at Hammerstein's."

"I expect Lord Lansdale to meet me at the pier. He's a great sport and has done much for the boxing game in England."

In the party are Mrs. Johnson, Monte Cutler, Jim Menahan, Tom Flanagan and Charles Brown. The whole party went first cabin.

## LOCAL MARKET STILL STEADY

Eggs Are a Little Higher—Strawberries Sell Two Boxes for a Quarter—Few Home Grown Berries on the Market.

The local markets continue to be steady and with the exception of a few articles the prices remain about the same. Eggs are a little higher, selling for 27½ cents a dozen while dressed hens are lower selling for 20 cents. Strawberries are selling two boxes for a quarter. The California berries are not as plentiful most of the supply coming from Roseburg and Albany. Ashland will furnish berries after the carnival is over. The supply is being held back until the festivities are finished. Very few home grown berries are on the market.

## BAC FROM FISHING TRIP TO FISH LAKE

Shorty Miles, Dr. Hart and Bill Muller returned Monday afternoon from a fishing trip to Fish lake. They report very few fish in the lake on account of the fishway at the outlet. There are plenty of fish in Little Butte creek just below the fishway, but these, they say, are unable to reach the waters of the lake.

The officials of the Rogue River Canal company say that they will immediately look into the matter and have the fishway repaired.

Look for a tenant through want advertising—as most tenant-finders do.

GRANTS PASS, June 6.—George E. Sanders of the Chicago Rogue River company held a consultation with the directors of the Josephine County Irrigation and Power company and Saturday purchased the entire holdings of the company, the consideration for the same being \$35,000.

The ditches will be extended and improved so that water can be delivered to a distance of five miles below the bridge by next summer. Irrigation will benefit Grants Pass to a great extent and the transaction is viewed with general satisfaction.

**SPECIAL STANDARD SLEEPERS**  
On June 5th and June 7th tickets will be sold at a fare and a third to Portland and return for the Rose Festival.

A standard sleeper for Medford people will leave on first section of No. 16 on the 5th and another on the 7th. Reservations can now be made by calling, writing or phoning the passenger depot. Pacific 341. Home 34.

Haskins for Health.

NOTICE.  
Notice is hereby given that the undersigned will apply to the city council of the city of Medford, Oregon, at its next regular meeting on June 6, 1911, for a license to sell spirituous, vinous and malt liquors in quantities less than a gallon, at his place of business at No. 2 North Front street, in said city, for a period of six months.

E. G. BROWN.  
Date of first publication, May 26, 1911.

Haskins for Health.

## WILL PAVE SOON ON EAST MAIN

Water Now Furnished Through Cast Iron Pipe—Contractor is Back Filling Trench in Order That Pavement May Be Laid at Once.

Contractor Bade has finished laying the 16-inch cast iron water main that replaces the wooden stave pipe on East Main street and is refilling the trench. The city water department is busy transferring house connections from the wood to the iron pipe. Water was turned into the new main Sunday night.

This week the street will be ready to turn over to the pavers and work will be rushed forward rapidly. Both sewer and water occupy the same trench where it was necessary to blast, and this work has held up the paving improvements.

The East Main street trench was the most difficult to dig of any yet excavated in Medford, being in sandstone bedrock. Contractor Bade claims that he lost \$4500 on the contract.

New air compressor drills are being used in constructing the trench for the Queen Ann sewer and water mains, where bedrock is encountered.

## YOUNGSTERS PROBABLY WILL BE PAROLED

No immediate action will be taken on the cases of Lawrence Muldoon and Robert Nelson, the two high school boys who were taken before Judge Neil of the juvenile court, in Jacksonville Monday. The lads are charged with having wrongfully secured articles belonging to Chester Putney, from the Natatorium and will no doubt be paroled and given their freedom, pending good behavior. They must report to the court at certain intervals and give evidence of good behavior.

## Electric Hose

If you watch a man spraying his lawn for about two minutes you can tell whether he has confidence in the hose or not.

If he keeps glancing from one end of it to the other you can depend that he's getting nervous and is watching for a wetting. Don't take chances when you can buy Electric Hose and be absolutely sure of the highest efficiency.

Electric Hose will not burst, crack or split. It's made of seamless steel twin jackets and rubber tubes.

## RUBEROID ROOFING

### Original and Standard

Whatever roofing you are using on any building, you are paying the price of Ruberoid. There are 300 imitations of Ruberoid, and all of them cost more in the end than the genuine. These imitations in some cases even have names that sound like Ruberoid. Frequently they are sold as Ruberoid. Before they are laid and exposed to the weather they look like Ruberoid.

### Twenty Years of Service

Ruberoid was the first ready roofing and is the only one that has made good. It has made good because it is made of the best wool felt, impregnated with materials manufactured exclusively by the makers of Ruberoid and which cannot be found in any other roofing.
