SHIPPING STRIKE ON TOMORROW

Officers of National Sailors and Firemen's Union Announce That International Strike Will Be Called Wednesday—3,000,000 Men.

SOUTHAMPTON, England, June 13.—Officers of the National Sailors' and Firemen's Union announced today that an international strike of sailors would be called tomorrow. The union professes to control 3,000,000 sailors and marine firemen. Nearly a score of vessels, including the American liner St. Paul, are delayed at the piers here. The White Star line's big, new Olympic, is scheduled to sail on her maiden voyage tomorrow.

SHARP SKIRMISH PREDICTED.

It is admitted in party circles here that the real opposition of the democrats to the Bristol amendment was not shown by the final vote on the resolution. That this opposition, however will not extend to killing the resolution in conference, but will be shifted to the state legislatures, is said to be the party plan. Since it requires a vote of three fourths of the state legislatures to ratify, should the twelve states of the "solid south" fail to endorse on the ground that it would mean federal interference with the laws governing the enfranchisement of the negro, this number in itself would be one more than enough to prevent the amendment from becoming effective.

Borah Pleased.

WASHINGTON, D. C., June 13.—Asserting his belief that the resolution for the direct election of United States senators would be ratified by the state legislatures, Senator Borah (Republican, Idaho) father of the resolution expressed his pleasure today over its passing. "Personally," he said, "I would have much preferred to see the direct election of senators resolution adopted as it came from the judiciary committee, but it is exceedingly gratifying that the measure passed as it did. I think that if it reaches the states they will ratify it. I believe the ratification would have been more certain if the resolution had been adopted in its original form. I feel, however, that it was a great victory and that all ought to be satisfied."

Borah sharply opposed the Bristol amendment, which was adopted.

Prospect Fine.

Senator Bristow (Republican, Kansas) father of the amendment, made the following statement: "The prospect is now fine. The direct election of senators resolution, as the senate adopted it, I believe, is certain to be approved by three fourths of the states within a year or two. It presents the simple question of whether senators should be elected by the people, and therefore is much stronger than the original resolution, which provided a change in the constitution depriving the government of the right to control senatorial elections. I think resolution had been adopted, it would have precipitated a bitter political controversy over sectionalism and the negro question all over the country. I think the house will adopt the resolution as it passed the senate."

MRS. SHAW SAYS SHE IS QUITE WELL, THANK YOU

(Ashland Tidings.) Two or three weeks ago a report gained circulation here that Dr. Mattie B. Shaw, a former resident, was dead in Nova Scotia. It gave Mrs. Shaw the questionable pleasure of reading, in a sense, her own obituary, and we are in receipt of the following letter: "Editor Tidings: On reading your paper today I was quite surprised to read my own obituary. As I am very well and getting around at a good rate, I consider myself a pretty lively corpse. So if you will advertise the fulness of this rumor I will feel much obliged to you. I may wish to return some day for a visit to that section and it might give my friends a shock. Sincerely, "MATTIE B. SHAW."

GRACEFUL AND ATTRACTIVE WOMEN

If you are thin and want to be plump; if you have wrinkles in your face that you are not proud of, if your skin is sallow or subject to pimples or blackheads take MI-O-NA stomach tablets for two weeks and notice the change. Nine tenths of the thin people are thin because the stomach is not active; it is not mixing thoroughly with the natural digestive juices the food put into it, and in consequence is not extracting for the blood enough nourishing matter for the blood to distribute to every part of the body. If the stomach does not do its work properly the nourishment in the food you eat is passed along without giving to the body any flesh building elements.

MI-O-NA stomach tablets quickly build up the stomach so that it extracts from the food all the elements necessary to form good soft flesh. If you are thin a two weeks treatment of MI-O-NA stomach tablets; two with each meal will work wonders.

MI-O-NA stomach tablets are guar-
