JOLTS AND JINGLES
 By Ad Brown

Good evening, have your Panama canal bonds arrived yet?
 I'm going to be rich this fall. How's that?
 Think of the money I will save by not going to the coronation.
 Speaking of crowns and coronations that's one on George.
 Fore and Aft Rhymes.
 Everybody is taking a fling at those for and aft rhymes. These came in today.
 The fore and aft
 Make me feel sad.
 Until you enter
 "O God and bad."
 —I. L.
 For some few days I
 Have been ruing.
 You have left out old
 "Up and doing."
 —O. K.
 Mother has a new dress
 And a hat and coat.
 But mother isn't happy;
 Now she wants a vote.
 Miserable is the man who isn't eligible for either the fat or the lean team.
 There'll be a lot of heavy hitters on the fat team.
 Always be polite. Sass has been the end of many a cranberry.
 Old Man Umph says: "If I ever get rich I'll enjoy the luxure of advertism for a lost pocketbook."

OPEN COUNTRY CLUB JUNE 30

Board of Governors Meet and Adopt Plans for Formal Opening of the Golf Season—Club House Now Finished.

A meeting of the board of governors of the Country Club was held Tuesday afternoon in W. I. Vawter's office and business regarding the formal opening of the season transacted. The reception which was to have been given July 1 will be changed to June 30 and plans will be completed a little sooner than expected. Elaborate preparations are being made and one of the choicest social events of the year is assured. The club house is finished and a few minor details in finishing and decorating are all that is necessary for the opening.

CUPID DOES MAIL ORDER BUSINESS

SANTA BARBARA, Cal., June 21.—Coming across the continent from Baltimore to wed a man she had never seen Miss Ann Mariah Attwater, aged 50, singled out Lucian Beal, aged 60, a wealthy rancher of Goleta, by means of a red rose worn on the lapel of his coat today and 15 minutes later they were man and wife. "My, but you are a fine looking old chap," said Mrs. Beal as she embraced Beal. The couple became engaged through a matrimonial bureau. Haskins for Health.

ANOTHER RICH GOLD STRIKE.

THE discovery of rich gold ore in the Sterling quartz mine need occasion no surprise. Similar discoveries will follow the development of countless prospects in this section. Mining has been held back in this region by lack of expert knowledge, lack of capital, lack of enterprise, lack of transportation. But little real development work has been done, and most mines have yielded more than invested in development work. The placer mines have yielded many millions of gold. They continue to produce. But the ledges from which this gold came, have never been, except in a few instances, either located or worked. Yet, most of the hillsides carry color. Strikes like that made at Sterling have been frequent occurrences in the history of the Opp, of the Braden, of the Greenback and other mines. They would have created stampedes in any other section of the world—but not in unemotional Oregon. Much of the work that has been done upon mining prospects has been of the wrong kind—misdirected energy, due to ignorance. As a consequence, it has injured, rather than helped the industry. Most of the development done upon properties has been upon copper deposits or upon arsenical iron and other ores requiring smelting and hence transportation. Great mines like the Blue Ledge and the Monumental, have many thousand tons of rich ore awaiting transportation, which, sooner or later, will be supplied. But there are hundreds of free milling ledges awaiting but the touch of the right man to become wealth producers and the time is ripe to launch a movement to call the attention of the mining world to Southern Oregon—the time, the place and the man must be brought together.

THE CRATER LAKE HIGHWAY

TIME is near when Crater Lake tourist season will open. Thanks to the energy of the Medford Commercial Club and the co-operation of the government authorities and the county court, a much better road is offered the tourist from Medford than ever before. Superintendent Arrant is going over all of the roads in the Crater Lake National Park and will have them in first class condition by July 1. The United States Forestry Bureau is remaking the road through the Cascade Forest Reserve and promises a much improved highway before travel begins. The Pumice hill grade has been replaced by one of the best roads in the county, built by public subscription jointly with the county. Jackson county is overhauling and rebuilding many sections of the highway. A new road from Derby with a steel bridge across the Rogue will shorten the distance and furnish a new route. Still another short cut is being built—a highway across the desert to a new steel bridge across the Rogue at the Jackson place. From being an exceedingly hard trip to the lake, the journey has become an easy days run by auto. Each succeeding year will see further improvements and gradually as the roads improve, the number of sightseers will increase. Subscriptions to the Crater Lake highway fund are now due and should be paid to the Medford National bank at once, in order that the underwriters may be refunded the money advanced.

FARMERS WANT PUBLIC MARKET

Movement Makes a Hit Throughout County—Pendleton Points Out Benefits to Be Derived From Such a Market. The idea of a public market is already getting a firm hold on the minds of the farmers and everywhere the talk is confined to this one subject and the benefits to be desired from it. In speaking of the subject Wednesday morning J. C. Pendleton of Table Rock said that a market of this sort would be the making of the country. He said that at present there were no inducements for the farmer to raise more garden truck than he needed for his own consumption. The grocery stores give groceries in exchange for truck and the farmer raises just enough to get table articles and no more. In Mr. Pendleton's estimation a market would not prove to be any great benefit this year as the planting season was too far advanced but the farmers could prepare for a large crop next year. A cash market would allow for a larger field of operations and with every farmer depositing \$400 or \$500 in the bank derived from the sale of vegetables and small fruits the country would naturally be more prosperous than its farmers had to trade out their produce for groceries. LOS ANGELES, Cal.—George C. Peckham, president of the Peckham Realty company, will on Monday answer to the charges of battery, sworn to by his wife, Mrs. Ada S. Peckham. Haskins for Health.

FRUIT BULLETIN IS PUBLISHED

Commercial Club Issues a Pamphlet Dealing With the Fruit Growing Industry in the Rogue River Valley—Well Written. The Medford Commercial club has issued a bulletin which treats of the general subject of fruit raising in the Rogue River valley. It takes up the principle of planting, taking care of and marketing the fruit crop. Spraying, pruning, packing and shipping are treated to an exhaustive description and the bulletin which is printed in pamphlet form is a valuable asset in the library of any fruit grower. \$2000 ORE FOUND. (Continued from Page 1) officers of the company are Mayor W. H. Canon president; E. C. Ireland, vice president; George L. Davis, president of the Farmers' & Fruit Growers' bank, treasurer; H. H. Lorrimer, secretary; F. J. Newman, attorney; and R. L. Ray, general manager. The board of directors will meet this evening to discuss the latest developments on the property. FIRE BREAKS OUT IN COAL MINE; IS STUBBORN. LETHBRIDGE, Alberta, June 21. Fire broke out late yesterday in the Galt Coal company's No. 3 mine and spread rapidly, entombing Superintendent Livingstone and 20 men, who finally were rescued in an unconscious state by their companions. Thus far, efforts to reach the seat of the fire have been fruitless, although a line of hose has been laid.

HOME OF WIDOW BURNS TO GROUND

Small House at Corner of South Newtown and the County Road Totally Destroyed—Place Was Insured for \$500. The home of Mrs. M. T. Schaeufele, a widow living at the corner of South Newtown and the county road was burned to the ground at 12:30 o'clock Wednesday. When discovered the fire was breaking through the roof and is thought to have started in the attic from a defective flue. There was no telephone nearer than two blocks and the fire had gained considerable head way when the department arrived. The house was removed from the vicinity of the fire plugs and the fire department could do nothing after arriving on the scene. A range, sewing machine and a few other household articles were saved. Mrs. Schaeufele carried \$500 insurance on the property.

PORTUGAL HAS NEW PRESIDENT

Will Succeed Braga Who Was Made Provisional Head of Republic After the Overthrow of the Crown Recently. LISBON, Portugal, June 21.—Anselmo Braamcamp was today elected President of Portugal. He will succeed President Braga, made provisional head of the republic after the overthrow of the crown and the deposing of King Manuel. Braamcamp who has been president of the Lisbon municipal council, was elected by the Constituent Assembly recently chosen at the popular elections. With the formal installing of the new president other nations, including the United States and England, will recognize the republic as the government of Portugal.

CUNARD LINERS MAY USE PANAMA CANAL

SAN FRANCISCO, Cal., June 21.—That the Cunard trans-Atlantic Steamship company is considering the advisability of routing its steamers from this port after the opening of the Panama canal was revealed by the arrival of Herman Winters, assistant manager of the company. He says he is here for the purpose of investigating the situation.

CRESCENT CITY OFFICIALS HERE

Judge Childs and County Supervisors of Del Norte Arrives to Inspect Jackson County Roads and Study Medford's Progress and Enterprise. Judge W. L. Childs of Crescent City, accompanied by the Board of Supervisors of Del Norte county and other prominent citizens of the harbor city are due to arrive in Medford this afternoon, on a friendly visit. The visitors come with a view to inspecting the progress made by Jackson county in road building and to see for themselves the growth, progress and prosperity of Medford, which has been long heard of as the most enterprising of northwestern towns. The supervisors, who correspond to the county commissioners in Oregon, have under consideration the issuance of \$400,000 or \$500,000 in bonds to build modern highways throughout the county, especially to reconstruct the old Oregon road, so as to bring in sight seers.

MARY MANNERING MAKES A FLIGHT

DETROIT, Mich., June 21.—Mrs. Frederick Wadsworth-Mary Mannerling, today flew two miles in a Wright biplane. The machine was operated by Aviator Coffyn, one of the Wrights staff. The machine raced with an automobile. The actress was delighted with her experience and warmly thanked the aviator at the end of the journey.

LEANS SIGN UP A NEW PLAYER

Real Star Is Secured to Play in Friday's Game — Wires Kept Hot and Live One Is Landed—Town Crazy On Baseball. Betting odds on the Leans, who play the Fats, Friday afternoon for the benefit of the fund, jumped today to seven to five, following the announcement that the Leans have signed up a new star to play with them, after the wires had been kept hot. Ferris Hartman is the new star. He will arrive Friday morning, and will be in shape—'Tis said he makes a hit every place he goes—(get that one?) And Ferris qualifies for the Leans. The Fats have made an unsuccessful attempt to get President Taft to come and play but he wired he was busy and to let Baron Von Westerland play in his place. The Leans attempted to get a Matt to come but he missed the steamer owing to a little trouble with Little Jeff, so will remain for the present in England at the coronation. The Leans last night finished framing up their line-up—and it's a dandy. Here's the way it reads: Pitchers, Jack Summerville, Art Burgess, Al S. Rosenbaum, S. S. Smith; catcher, J. H. Terrill; first base, E. C. Ireland; second base, Hix; third base, Dr. Hargrave; short stop, Bob Telfer; left field, Frank Edwards; center field, Chic Wilson; right field, Lou Warner. Tilty men (and they'll need 'em) are John Orth, F. E. Merrick, Haskins for Health, Lee Jacobs, T. Bartholomew, Ed Van Dyke and Joe Brown. Gus Newberry will umpire. The game will start at 4:30. A cage will be provided down town and those who do not attend the game will be thrown in by special cops and fined 50 cents to \$1 each. So you'd better go to the game.

GIRL STANDS BY SEE.

(Continued from Page 1) Your Girl Wife, Evelyn, I do love you. The state hopes to break down the witness and force her to give details of the "rites" practiced in the "commonwealth." During a brief recess, See entered the witness room where Mona and Mildred were sitting and began to talk to them. Stephen Bridges, Mildred's father, just then entered the room and with clenched fists started toward the "prophet." Attorney Frank Hogan seized Bridges and restrained him, while See fled precipitately from the room.

Talent M. E. Church Notice.

Sunday school at 10 a. m. D. A. Forbes, M. D., superintendent. Preaching at 11 a. m. and 8 p. m. The well known evangelist, Rev. Howell Isaac of Chicago, formerly associated with such men as Moody, Torrey and Alexander, will preach at both services. Rev. Isaac is not only an able preacher, being filled with the power of the Holy Spirit, but he is an excellent singer, having graduated from the best conservatories of music in this country and across the water. The Epworth league meets at 7 p. m. Ladies Aid society will meet at the home of Mrs. John Budge on Friday at 2:30 p. m. You are invited. The Amistad society will meet at the home of Miss Onna Maxon Friday afternoon at 2:30.

ST. LOUIS, Mo.—Miss Marguerite Holt, comely high school graduate, will be married next Christmas day to Belmont, son of a bankrupted Kaw chief. Miss Holt's parents announced the engagement.

BIDS CALLED NEW BRIDGE

County Road Engineer Harmon Asks for Tenders for Erection of New Steel Bridge Over Rogue River at Gold Hill. Bids have been asked by the county court for the erection of a new steel bridge across Rogue River at Gold Hill. Plans and specifications have been prepared by county road engineer W. W. Harmon. It is planned to start the work soon and rush it through to completion.
