Tomorrow is the day!
 The Fats will play the Leans—and the Leans will be very, very fat, and the Fats, very, very lean. It will be the one game of the season you can't afford to miss.
 The teams are to meet at 4 o'clock at the Natatorium for the purpose of donning their uniforms. Later they will march in a body, led by the band, to the ball park, where five furious innings of baseball will be played. When this game is over from the Fats and the Leans will be picked seven men to play the regular Medford team. In order that the game will be close, the regulars will loan the "choice" a battery and agree to make five outs in order to retire the side, the "choice" making three.
 This second game should make a hit—and this may be the only one made at the grounds.
 Manager Court Hall says he will be there all the time sizing up the players for new material for next season. Some of the Leans and a few of the Fats may get on steady.
 It will be a great game. The men in the uniform of the Fats and Leans will be business men of the city.
 Medford police will be under the direction of the baseball magnates Friday afternoon. Business and professional men who resist closing their stores will be arrested, with their clerks and stenographers and fined four bits. The decree has gone forth from the office of the mayor, and Mr. Kentner and Mr. Ireland have issued ultimatums to the public.
 The action of the mayor is to insure the presence of every business and professional man at the great slaughter of innocents and others in the "fats" versus "leans" game Friday afternoon. The hour of 4 has been fixed for the closing of all places of business, and the police are instructed to do their duty.

SMALL FOREST FIRES ARE UNDER CONTROL

The necessity of the services of such an organization as the Jackson County Fire Patrol association is clearly demonstrated by two forest fires this season. One of these, which has just been extinguished, started on Clover creek, above Klamath Falls and burned for six days before it was extinguished. Over 50,000 feet of timber was burned and 130 acres were swept clean by the flames, which required the attention of 11 rangers to hold it in check.
 The smaller fire, which started near Ruch, beyond Jacksonville, was discovered by Forester H. G. Whitman and put out before much damage had been done.
 The rainy season being over, the underbrush and grass is becoming more liable to conflagration and the association will send out their patrols as soon as possible. Campers are cautioned to put all fires before leaving, as this is the chief cause of the forest fires.

\$3600 Is Paid for Picture By French Artist

"AMOUR" BY JULES BRETON.

Messieurs Lair Dubrenil and Georges Petit terminated this week at the Salle Petit the sale of the studio of the artist Jules Breton. The amount realized was 346,430f. (\$69,284), of which 111,920f. (\$22,384) was obtained on the last day. The biggest price was 18,000f. (\$3,600) for "Amour," the upset price of which was only 10,000f. (\$2,000). The purchaser was Mons. Knoedler. The picture, which was exhibited at the 1905 Salon, represents a country landscape at sunset. A young peasant, his scythe on his shoulder, and a young girl with a sickle in her hand have met on the edge of a pathway. She knows not whether she ought to advance; she dares not look back. The peasant, however, boldly turns back and looks at her while he continues on his way.

TROUBLE AHEAD OF MADEROISTS

Owners of Cotton Mills Employing 18,000 Men Petition for Relief From Part of Taxes but Authorities Cannot Grant Demand.

MEXICO CITY, June 22.—Difficulties of the Maderoists who are in control of the government grew today when the owners of cotton mills employing 18,000 men applied for relief from a portion of their taxes, contending that an immediate shutdown must follow a refusal. The government is not in a position to relinquish the revenue, though the cotton men are in a position to enforce their demand.
 Maderoists today exchanged shots with federalists within the city of Puebla when a plot by the rebels to dynamite the federal barracks was discovered.
 The first change in the Madero cabinet is rumored today. It provides for an exchange of the portfolios held by Manuel Calero and Rafael Hernandez, who are respectively slated for the positions of ministers of fomento and justice.

JIMMY HICKS MAKES TROUBLE

Undesirable Hits the Ties 'After Mayor Canon Assesses \$20 Fine—Takes Big Force of Cops to Subdue and Handle Him.

A street brawl of more than usual interest occurred Wednesday night on South Front street and the services of several citizens were required to get the best of one Jimmy Hicks, a participant.
 Jimmy was gloriously drunk and engaged in combat with a pal fully as drunk as himself. Officer Cingcade endeavored to arrest both men, but one broke away and left Hicks to take care of himself, which he did by resisting the officer. Officer Helms went to Cingcade's assistance and between them he was taken to the city jail. The drunk laid down, pulled back and did everything possible to get away, but to no avail.
 Hicks was arrested about ten days ago and tried the same trick. He is a very undesirable character and Mayor Canon impressed this on his mind by a \$20 fine. Jimmy left town leaving some great wishes for the police force and Medford in general.

NEW YORK.—A murder mystery exploded when police summoned to open a casket found by workmen digging a trench pried off the lid and discovered a French poodle taking its last sleep under an elderdown comforter.

ALLEGED GRAFTER PUT ON TRIAL

Sixty Talesmen Are On Hand—Case Will Be Tried as Expeditiously as Possible—Dalton Charged With Soliciting Bribe.

OAKLAND, Cal., June 22.—With a dozen deputy sheriffs keeping order in the crowded court room, the trial of County Assessor Henry P. Dalton for soliciting and accepting a bribe, opened today in the superior court before Judge Everett J. Brown.
 Sixty talesmen were on hand when court opened and the work of examining them was begun by Deputy District Attorney Hynes for the state and by Attorneys Fairall and Gehring for Dalton. The accused sat next to his attorneys, displaying no nervousness but taking a keen interest in the interrogations.
 District Attorney Donohue is determined that the Dalton case shall be tried as expeditiously as possible and has arranged with the other judges to have the exclusive use of the entire venire.

SMALL EXHIBET AT OMAHA SHOW

Medford Will Include Her Showing With That of Southern Pacific—Crescent City Officials Address Members of Commercial Club.

Medford will not be represented by an individual exhibit at the Omaha land show. Such was the decision of the members of the Commercial club Wednesday night. This valley will be included in the general exhibit of the Southern Pacific as it was thought that the benefits of a separate booth would not justify the expenditure necessary in its preparation.

The petition of the Central Labor Council was brought up for its second reading but as the council had no representatives present to discuss the matter it was laid on the table after considerable discussion.

The Crescent City delegation, which is visiting Medford and the Rogue River valley was present at the meeting and speeches were made by several members of the party.

Judge John L. Childs took a hand in the labor discussion and after a few words discussed the advisability of Medford and Crescent City "getting together" for the interests of both cities.

He showed the benefits to be derived from a good wagon road, stating that Medford would then have lower freight rates by reason of the comparatively short haul from the coast. He also touched on the subject of a railway owned and operated by the citizens of Medford, Crescent City and the intervening country. A railroad of this sort could be built and equipped for \$3,000,000, he said and "the Rogue River valley need pay tribute to no corporation on earth for freight."

Thomas Duffy, president of the board of trade, and Thomas Pencock, county supervisor of Del Norte county also made short talks and expressed astonishment and satisfaction at the strides Medford had made in the last few years. As their names apply it might be supposed that they were "doubting Thomases" but their remarks removed any doubt as to that and they clearly demonstrated that Crescent City and Del Norte county are well forward in the ranks of the progressive communities of this part of the country.

There is something like \$2500 dues unpaid and those in arrears will have their names made public at the next meeting. A number of bills were ordered paid and other routine business transacted.

school with honors and considered the brightest member of her class, Miss Mienia A. Fels today stands refused a license to practice law. Friends of Miss Fels say they will take the matter before the legislature.

Judge Pendleton of the superior court who refused to license Miss Fels, declares he did so as the laws of Georgia make no provision for any but male attorneys.

We Sell Ruberoid

And Guarantee It—We Know It's the Greatest Roofing the World Produces

Whatever roofing you are using on any building, you are paying the price of Ruberoid. There are 300 imitations of Ruberoid—and all of them cost more in the end than the genuine. The imitations have names that sound like Ruberoid. Frequently they are sold as Ruberoid. Before they are laid and exposed to the weather they look like Ruberoid.

You cannot judge a roofing by its name—you cannot judge a roofing by its looks—you can judge it only by the service it gives.
