EDEN PRECINCT ITEMS.

Your correspondent has the pleasure of sending you an account of one of the pleasantest receptions that was ever given in Woodmen hall at Phoenix. On June 22, 1911, Oak Circle No. 242 gave a reception to two of their newly married members, Mr. and Mrs. A. Henry. There were present about 50 invited guests and members of the Circle. Much credit is due the committee for the artistic manner of decorations of booth tables and lodge room. A color scheme of pink and white was most beautifully carried out. The snowy linen and beautiful silver and glass, made a most lovely picture in the brightly electric lighted room.

Roses, carnations and lilies were used in decorations. Everything from the salads to the cream, suggested the color scheme. And best of all the spirit of good cheer seemed to predominate over all.

At the close of the banquet many hearty toasts were tendered the happy couple. W. R. Coleman, county clerk, acting as toastmaster. After which the guardian neighborhood officer of the circle presented from the members of the circle three beautiful presents. A fine silver and cut glass fern bowl, set of silver teaspoons and an olive fork.

Smoke curling up from the farmhouse chimney as the men are coming in from the fields, gives a pretty suggestion of a good supper and a comfortable home. But it also means a hot, tired woman, working hard over a blazing fire.

Who's Your Baker?

WHEN bread was called the "staff of life" the delicious crackers, cakes and biscuits of today were unknown. A baker in those days meant a man who baked bread. A baker nowadays means more—it signifies an artist who tickles your palate with those flakey crackers and other tit-bits that give you an added appetite for food—and help digestion.

"Who's your baker," means much. It means better health, a healthy stomach and happy days. If you study the matter as we study it, this is your bakery—for we know your needs. We already supply many of your neighbors. Try us next time.
