All repairs have been made. Follow the crowd to the Manhattan Cafe for good eating and fast service. 80

Lessons in water colors and embroidery at the Handicraft Shop, Kenner's. \*81

A hard frost did much damage to fruit in districts to the north of Medford, from Seattle south as far as Canby, Or., where considerable harm resulted. This report is brought here by persons who have recently traveled in the section in question and by the newspapers. June 19 in Medford was a fair, warm day and the report of frost damage elsewhere in Oregon was not looked for.

Best coffee, and good broiler at your service, Manhattan Cafe. 80

Mitchell & Boeck make iceless refrigerators that keep your butter and milk in perfect condition without ice.

Alfred and Leonard Carpenter, who compose the greater part of the noted "Harvard club," were in from the Veritas orchards Saturday.

Charles Gay and A. C. Burgess visited the county seat on business Saturday. They leave tomorrow for Butte Falls, where they will spend several days.

Haskins for Health.

FATS AND LEANS PLAY TUESDAY

Excitement Now Way Above Top Record—One Side or Other Due for Beating—Weather Man Says He Will be Good.

Once again we grasp the pencil, Once again we bid for fame, With these ringing words immortal, "You had best see that ball game you'll be there."

If the rain didn't dampen the ardor of the valiant army of the fats and the leans it could effect you. If you're thin you will be rooting for the long ones and if your fat you'll be sitting with the plan on the reinforced bleachers. And, if fate has so unkindly willed it, that you are neither fat or lean, you will still be there, terribly torn with conflicting emotions.

Oh yes, Mr. Fat you'll be there. The postponement of the Fat and Lean baseball game has only aroused the enthusiasm and excitement could not be at a more feverish heat. They do say many fats are losing weight and that the thins are actually finding into nothing. That game has just got to be played Tuesday!

In the meantime supporters of each side are posting millions on the result and kindly resposed friends are inventing names for each team. The fats will be called, Semitors, meganates, steamboats, ice wagon, Bill Tafts, and Jumbos, while the thins have fallen titles like, rails, shadows, slivers, clothes poles and bank accounts.

No amount of hard feeling has been thus aroused and it is tinted that one side is due for an awful beating. Yes, you will be there.

NOTICE. G. A. R. and W. R. C.: Train leaves for Ashland Tuesday morning at 8:45. 82\*

HIGH OFFICIAL OF K. OF P, HERE

Union B. Hunt, President of the Supreme Lodge of the Knights of Pythias, May Invest in Valley Properly.

Union B. Hunt, president of the supreme lodge of the Knights of Pythias, whose home is in Indianapolis, Ind., arrived in this city Saturday and spent the day visiting the various orchard properties in the valley. So pleased was he by what he saw of the valley that he announced his determination of investing in orchard property here.

Mr. Hunt came for the purpose of looking over the Westernland properties, first becoming interested in the valley through the efforts of Hal Conrad, who is connected with Mr. Westernland. The local Knights were not informed of his intended visit and hence did not prepare a welcome for him.

Mr. Hunt will leave this morning for San Francisco on his return home. He stated, however, that he would invest in orchard property in the near future. He is returning from the session of the Knights just held at Astoria.

TWO OFFER THEMSELVES TO SAVE WOMAN'S NECK

ASHTABULA, Ohio, June 24.—Moved by the pending hanging of Mrs. Angela Neapolitana, which is set for one month after she gives birth to a child, Dr. Alexander Asalto of this city and S. B. Whitney, a bachelor of Clinton, Illinois, have offered to be hanged in her place.

Mrs. Neapolitana was convicted of having killed her husband at Sault Ste Marie, Ontario, and is now in jail there.

THE LIGHT QUESTION THE LIGHT QUESTION The bell has sounded the knell of kerosene, gasoline lights and other forms of incompetent illumination. Are you ready to quit them? Haven't you tolerated them long enough? There was a time when burning pitch faggots furnished the only means of artificial illumination folks knew about, and it was considered sufficient. Then came the tallow dip, and everybody discarded his pitch faggot in disgust. The tallow candle was next to exert its supremacy over the tallow dip, and folks were glad. The next step of development was kerosene lamps, and they in their turn were welcomed as a pleasing step in the right direction. Then came gasoline lamps, where were tried and cast into the junk pile several years ago. And now, as a logical development of science, we have the greatest of all illuminants—Electricity. Maybe some day something will replace electricity. But the probability is not strong enough to justify us in waiting for it. ADVANTAGES OF ELECTRIC LIGHT No other form of artificial illuminant equals electricity in brilliancy, safety, neatness, healthfulness, economy, and cheeriness. Electric lighting emits no fumes, or odors, and is the one hygienic light for living rooms and bedrooms. The fact that electric light consumes no oxygen, like all open flame lights do, proves it to be the healthiest light known. It keeps the air as pure and wholesome as if no light were burning at all. The importance of this one feature is readily apparent when it is known that an open flame light burns more oxygen from a room, than four persons would breathe. No matches—No dangerous, dirty matches are needed in the home that is electrically lighted. No washing and filling of lamps, no danger of explosions; no danger of leaks; no plumber's bills; no flickering flame to be blown out by a sudden gust of wind; no smudge of soot continually emanating from your light to be deposited on curtains, draperies and furniture and in your lungs. When you want to flood your home with light, simply turn the button. THINK HARD NOW—DON'T YOU WANT IT? At your service, Rogue River Electric Company

ABANDON MARCH TO PACIFIC PENINSULA SECRETARY BOOS PLANS JUNKETING EXCURSION Secretary Boos of the Commercial Club has proposed that the business men of the city take a little junketing trip around through the territory served by this city and his plan is meeting with considerable favor. It is believed, by local business men that more business could be worked up along wholesale lines if they were better acquainted with the neighboring territory. The proposed junket includes Northern California towns, Klamath Falls and Lakeview. Sister of war against the expedition and it is to be abandoned.
