

BARTLETTS BEGIN TO GO FORWARD

Fruit is Clean and of Good Size—Cherry Crop Has Nearly All Been Shipped East—Peach Movement Heavier.

The California Fruit Distributors has issued this market letter to the trader. The following given number of cars of deciduous fruit shipped from all points in California for the week ending Friday morning, June 30th, 1911.

Cherries: 20 1/4 cars. This shows a considerable decline from last week's shipment, which amounted to 46 cars. Shipment will dwindle rapidly from this time on as there are but few more cars to move.

Peaches: 56 cars. A slight increase in the shipment of peaches is noticed, but it does not amount to a great deal. Triumphs are now nearly all shipped. There will be no considerable quantity of them to come in after this week, although one or two localities will have a few. St. Johns and Hales have bade their appearance, but there will be very few of them available during the next seven days. After that the movement should be liberal.

Pears: 4 3/4 cars. There are some Bartletts going forward, but the movement is not heavy yet. It will increase from day to day and by the 12th of the month the volume of shipments should be enough to meet all requirements. Fruit is clean and of good size.

The grape crop continues to look very well. No mildew, or other trouble has appeared to injure the prospects, which are unusually good.

BASEBALL PLAYER BEATS UP LINEMAN

TACOMA, Wash., July 3.—Big Ed Kennedy, formerly a wrestler of Portland and this season utility player on the local Northwestern baseball team, is in danger today of being separated from the payroll, according to Manager Lynch. In addition, he may be arrested for an alleged assault on R. W. Sands, a lineman, at the ball park yesterday afternoon.

Declaring that Kennedy had beaten him, Sands appeared at police headquarters last evening and asked that the player be arrested. He was advised to swear out a warrant and said he would do so today. He was bleeding profusely from several cuts about the head. He admitted that during the game he had jeered Kennedy, who was playing second base. After the game, Kennedy is alleged to have entered the grandstand and committed assault, using much obscene language.

CENTRAL POINT ITEMS.

CATTLE PRICES FIRM AND STEADY

Supply Just About Equals the Demand—Hog Market Continues to Advance—Heavy Run of Poor Mutton Is On.

PORTLAND, July 3.—Receipts for the past week have been, Cattle 1250, calves 505, hogs 2121, sheep 7117 and horses and mules 28.

The supply of cattle coming on the market this week has just about supplied the demands of the trade, therefore the market remains firm and prices steady at tops quoted heretofore. A good many California steers on the market, well finished, medium weights, around 1150 pounds, easily brought \$6.25, a remarkable price for grass cattle. Buyers are anxious to secure good cattle of this type and willing to pay the price. One lot of extra choice heifers brought \$5.75 creating a sensation in the cow market, good cows brought from \$5 to \$5.25 with very few exceptions.

In the face of good receipts and fancy prices prevailing the veal division deserves a separate paragraph this week. Although calves are beginning to come in in car load lots, prices remain steady at former tops, \$7.50 was paid for several cars of good, light well finished stuff while the heavier classes range from \$6.00 to \$6.50.

The hog market continues to advance with very few local swine in evidence. Best light hogs brought \$7.15 this week and heavy hogs advanced another notch, now being quoted at from \$6.00 to \$6.85, owing to quality.

For the past six weeks we have been experiencing a very heavy run of mutton, much of it of poor or medium quality, being thin and half fat. While the market has declined somewhat during this time local authorities predict that the heavy end of the run is over and that prices will accordingly advance. Feeders will soon take their sheep to the mountains for the summer where they will not be available for market purposes, thus causing a lighter run. In fact lambs have already shown an upward tendency, one extra choice lot bringing 5.50 this week as compared with a top of \$5.25 last. Ewes are quoted at \$2.50 to \$3.00, Wethers \$3.00 to \$3.50.

Very little change is apparent in the horse market, drafters and light drivers and delivery horses still in demand. One sale worthy of special mention was that of a team of drafters for \$199.00.

HUNTS FOR BODY OF FATHER LOST IN ALPS

QUINCY, Mass., July 3.—With hopes of finding the body of her father, who perished in the Alps 41 years ago, Miss Edith Randall is today on her way to Chamonix, where it is expected the Glacier des Bessons will give up the bodies of those who were frozen at its top in 1870. Miss Randall will stay at the hotel at the foot of the Alps where her father lodged and will meet the children of the guides who perished on the same journey.

Randall was the treasurer of the Quincy Savings bank, and with two other tourists and nine guides, was caught in a snowstorm and lost.

KANSAS POET KNOWN AS "IRON QUILL" DEAD

COLORADO SPRINGS, Col., July 3.—The body of Eugene F. Ware, famous in literature for his poetry signed "Iron Quill," left here today for Fort Scott, Kansas, where it will be buried tomorrow.

Ware, who was a lawyer and former pension commissioner, died at midnight on Saturday at his home, Cascade, Col., near Pike's Peak.

LIGHT LOSS SO FAR FROM FIRE

Monthly Report Shows That Forests of Northeast Are But Slightly Injured—Future Depends Upon Care By Campers In Leaving Fires.

PORTLAND, July 3.—Throughout the Pacific northwest July has begun with almost no loss by forest fires so far and with conditions unusually favorable for prevention, according to the monthly bulletin of the Western Forestry & Conservation Association, issued today after the receipt of reports from practically all private, state and federal protective agencies. Slashing fires were numerous in June but were prevented from entering green timber. Wide-spread rains at the close of the month extinguished smoldering fires and permit preparation to meet the inevitable dry spell to follow.

Washington has had many sharp skirmishes with slashing fires, and a few bridges and cut logs have been lost, but fire has been kept out of green timber and much good was accomplished by the removal of about 40,000 acres of dangerous logging debris. The state has had twenty-three regular wardens in the field, besides day labor employed by them. The Washington Forest Fire Association had eighty wardens in June and is adding more, besides purchasing several new track bicycles for railroad patrol. On the whole, all classes are more careful with fire than in previous years. The chief exceptions to this are reported to lie in improperly cleared rights-of-way and in the negligence of a few logging operators to extinguish slashing fires completely.

Oregon has also had slashing fires which caused some alarm, but they were handled promptly by the wardens. Over 100 patrolmen have been put in the field already by private owners and the state forester has appointed seventeen district wardens. The Oregon Forest Fire Association has organized three new co-operative patrols in Jackson, Columbia and Clatsop counties.

CUPID BUSY LAST MONTH

Forty-two Couples Secured Permits to Wed From County Clerk, Which Breaks All Previous Records—June Always the Favorite Month.

Cupid was certainly busy in Jackson county during the month of June. All records were broken in the number of marriage licenses granted by the county clerk—forty-two couples securing the necessary paper which allows them to hitch up double for life's journey.

The nearest approach to this record was in June one year ago when about thirty couples took out permits.
