

### BURGLAR BACK FROM PORTLAND

Constable Singler Returns With Man Who Had Reddy Jewelry In His Possession—Waives Examination and Is Lodged In Jail.

D. J. Griffin is lodged in the county jail awaiting an investigation by the grand jury as to his part in the robbing of the Reddy jewelry store. Griffin arrived in Medford Saturday morning having been brought back from Portland where he was attempting to dispose of considerable jewelry.

Upon his arrival in this city Griffin was taken before Justice Taylor who bound him over following his waiving examination. Reddy identified the jewelry. Griffin declines to discuss the case but states that he has not been in Medford for a year. Chief Hittson, however, says he was here July 4. The man has served five years in San Quentin for burglary.

### PARTY COMES BY WAY OF CRATER

Portland Doctor With Party Travels to Point Near Rim In Automobile—Says Road Is Not Bad—Passes First Auto Stage.

Dr. E. DeWitt Connell and party of Portland arrived in Medford Saturday coming in by way of eastern Oregon and Crater lake, the party drove their machine to a point near the rim of the lake and say that in a week one will be able to drive cars to the lodge.

"We have had a most delightful trip," states Dr. Connell, and Crater lake is truly wonderful. The roads are very good considering the fact that they have just been opened. We met the first automobile stage at Prespect Friday.

Dr. Connell and his party left for Portland in their cars Saturday afternoon.

Readers could furnish the desired information.

JAS. FEENEY.

Answer 1.—Absolute zero. 2.—Ask the policeman. 3.—Yes. 4.—Make it brittle. 5.—Ask Court Hall. 6.—Five. Yes. 7.—Eight. It also depends upon the number of drinks.

### MAN, CRAZY, TRIES TO CUT THROAT

F. C. Enos Is Taken Before County Court and Tried as to His Sanity—Aged Father Prevents Rash Deed.

F. C. Enos was committed to the state insane asylum Saturday by the county court after he had been examined as to his sanity. The man attempted to cut his throat Friday evening while shaving but was prevented by his aged father.

Enos has not been in good health for some time. Friday evening he turned to his father and stated that he guessed that he would end it all. His father, calling for help, seized him and prevented him from carrying out his plan. The police were summoned and the man taken to Jacksonville where after an examination he was committed to the asylum.

Look for the loser of the articles you have found—for a prompt ad may save him a lot of worry.

Home prosperity depends upon home industry, and state-wide prosperity will be greater if factories selling "Made in Oregon" goods are patronized by the local merchants.

### BAT NELSON TO BE HERE SOON

Famous Lightweight Will Box Ten Rounds With Tommy Gaffney at Opera House July 28—Will Train for Week in This City.

Battling Nelson one of the greatest lightweights the world has ever known will appear in this city July 28 and will box Tommy Gaffney for ten rounds. Nelson will arrive in this city this week for the purpose of training, which will probably be done at the Natatorium gymnasium.

Nelson is sure to draw a big crowd as he is one of the most famous pugilists the world has ever seen. He has been through some very hard battles and is now trying to get into the "come back" class.

The mail order houses of the East would not be so prosperous if the people of this community would insist on having "Made in Oregon" goods from the local merchants. The business of this community would be better conserved if the buying public and the merchants would help along the "Made in Oregon" idea.

Look for the ad that describes the place you would like to own.

### BUTTE FALLS TO VOTE AUGUST 1

County Court Orders Election On Matter of Incorporation After Hearing Arguments for and Against—Boundaries Changed.

The county court Saturday issued an order calling an election at Butte Falls on August 1 for the purpose of determining on the matter of incorporating the little village among the timber. The order followed a hard fight being many opponent and adherents of the movement.

The original petition asking that an election be called covered a large area of land in that neighborhood. The new petition cut this down considerably. Neff & Mealey are appearing for the petitioners.

Support the manufacturers of your home city first, last and all the time, and you will help yourself to prosperity. But if your local factories cannot supply your wants, insist that the merchant carries "Made in Oregon" goods from other Oregon sources to supply your needs.

Look at the "For Sale" ads—and at some of the things that are advertised for sale.

Look at all of the real estate ads and at much of the real estate advertised, before investing. Look at the ads that offer employment and you'll find the right one soon.

**THE OLD CABINET MAKER SAYS:**

**THERE** was a time when we used to put things in the cellar or the well to keep them cool, but nowadays we have miniature ice houses, where we may store the eatables during the hot weather from day to day. For one reason alone you can't afford to buy a poor one, for you pay the difference in price in the ice you have to buy. When you get one from us, right here at home, people you know, you are bound to get the right kind. First we don't handle any other kind and even if we wanted to we couldn't afford to, for just figure how much it would hurt us if we sold you an ice burner for a refrigerator. If you have one now that is using too much ice, what you save in a single season on the ice bill will buy you a good one.

### COMMUNICATIONS.

To the Editor—The following questions would certainly be appreciated if you can spare the time to answer them or express your opinion.

1. What is the temperature of the Universal Space?
  2. What division of the atom is the corpuscle of the ultragaseous?
  3. Has a temperature, lower than the boiling point of liquid hydrogen ever been reached?
  4. What would the action of a temperature of any 10 degrees above absolute zero F. be on iron or steel?
  5. What is the theory explaining a curved ball?
  6. How many moons has Jupiter and has any of the other planets of our solar system any?
  7. How many motions has our earth, and does the moon revolve opposite our earth i. e. if we consider our motion over is hers under?
- Thanking you in advance, etc. I tried to find answers to the above in some of Kelvin & Pickering works but failed. Probably some of your

**Stop!** Neglecting your teeth and fearing the Dental Chair. Which do you value the most, a few measly dollars or good health? Would you let loose of a few dollars now if you thought it would save you a great many in the near future? You would if it was a commercial proposition, wouldn't you? Well, doesn't the same rule apply to teeth and health? Wouldn't you rather pay a small dental bill now and suffer no pain than to pay a large doctor bill later and perhaps suffer much pain and sickness? Think it over.

**Look!** Not upon the modern dental office as a chamber of torture, as was the one of a few years ago, but as godsend to suffering humanity. At this day and age the dentist whose office and methods are not up to date is to be shunned and avoided, while the dentist who has a modern office is to be sought after instead. I have a modern office fitted with every available electric appliance for the relief of pain, and the performance of first-class dental work.

**Listen!** To Reason. If you need dental work you want the best you can secure and you do not want to be robbed to get it, you want to pay a reasonable fee and you want value received. Take a minute and read my prices below, then call on me for examination and advice which will cost you nothing, and remember that if I do your work, it will be **ABSOLUTELY GUARANTEED.**
