

ELY TO GREET CARNIVAL KING

Aviator Will Fly Out to Ship and Extend a Welcome—Over 40,000 Visitors Are Attending Potlatch Carnival at Seattle.

SEATTLE, Wash., July 19.—This is the big day of the Potlatch carnival and the town streets are black with humanity. King Edgar D' Oro, the carnival king, is due to arrive in Seattle harbor aboard the treasure ship at 2 o'clock. The royal vessel will be escorted by six torpedo boat destroyers. Upon landing, the king will be crowned, and the historical pageant, comprising 20 mammoth floats, will pass in procession through the city. One extraordinary feature of the welcome to the king will be the delivery of formal welcome by Aviator Eugene Ely, who will fly out to the ship in a Curtiss hydroplane.

The grand court ball will be held this evening. More than 40,000 visitors are in Seattle today to witness the arrival of the king, whose command celebrates the first arrival of gold from the Klondike just 14 years ago.

ADJOURNMENT NOT IN SIGHT

Congress May Hold On for Some Time—Leader Says Little Need to Stay in Session if Taft is to Veto the Work Done by Them.

WASHINGTON, D. C., July 19.—Leaders of the house today mapped out their program for the remainder of the session. It includes no plans for a hurried adjournment. One democratic leader said: "If the republican senate and president evince a desire to meet as even less than half way we will stay and finish the job. If the senate is disposed to kill off our bills and the president is disposed to veto those that are passed, then there is no use of our wasting further time."

CHILDREN TAKE MURDER AS JOKE

Simply Laugh at Officers When They Are Accused of Having Murdered a Rancher — Say They Only Searched Him for Money.

GRAND JUNCTION, Col., July 19.—Laughing and joking about their arrest on a direct charge of having murdered Clark A. Wolfkill, a rancher, four children held here refuse to take the matter seriously. Lee Baker, 15, one of the four prisoners, declared nonchalantly today: "They can't do more than send me to the penitentiary for life anyway." The other three held, Gladys Thompson, 17; Lillian Osborne, 14, and Virgil Watson, 17, all refuse to tell what they know about the murder of Wolfkill, sticking fast to their original story that they simply searched his body for money after they found him dead.

TRAIN CREW TO BLAME FOR WRECK SAYS JURY

THE DALLES, Oregon, July 19.—After an investigation which lasted nine days, Coroner Burget and a jury today reported findings holding the train crew responsible for the fatal Oregon Trunk Line wreck July 10, as a result of which seven persons lost their lives. The railroad company is also blamed for failure to sufficiently ballast the track at the point where the wreck occurred. The verdict finds that Engineer Thomas Myles was exceeding the speed limit and charges Assistant Road Master McCurdy and Conductor Cass with criminal negligence in not pulling the air cord and checking the speed of the train at the dangerous curve.

SOLOMON HAS NOTHING ON HIM

Alderman Donohue Introduces New Method of Deciding a Case Which Dims Renown of Ancient Exponent of Wisdom and Judicial Greatness.

WILKESBARRE, Pa., July 19.—Solomon in all his wisdom is out-classed today by Alderman Donohue of Wilkesbarre, who has introduced a new method for deciding a case that almost precipitated a riot.

Mrs. Alice Kriger and Mrs. Louis Felinus were litigants for the possession of a goose. The justice directed them to appear with their respective ganders, as he desired to make a test. The test was made in the street and when the three fowls were set down the crowd that watched nearly blocked traffic.

At first the goose seemed inclined to take up with both male suitors but finally gave her favor to one belonging to Mrs. Felinus, who was forthwith declared the owner.

MINERS' CONGRESS SUCCESS.

(Continued from Page 1.) values when the miners should "get down." A number of large and very rich nuggets were also shown. These attract much attention from these little skilled in mining for here the values could be seen, looking more like twenty dollar gold pieces. Each exhibit of ore was properly labeled and explained, the tags giving the name of the mine from whence it came, its values and the names of the owners as well as the location of the mine. All day long a great crowd rubbed elbows within the room and displayed much interest in the showing.

Royalty Entertained.

The delegates from all parts of the country were royally entertained by Grants Pass. The residents of the little city seemed well pleased with the visitors and left nothing undone to add to the enjoyment of the day. The best of feeling prevailed and was added much to the good time. Medford sent a large delegation which seemed to please residents of the Pass and the Medford delegation was promised a large crowd of Grants Pass people when the mining congress held next year in this city.

Many different phases of mining were discussed during the afternoon and evening session of the congress and the different speakers handled their subjects in a splendid manner. Much needed advice was given the delegates and the congress proved a veritable mine of information for many new facts were brought out.

Medford was selected for the next semi-annual meeting of the congress which will be held January 17-18, 1912. Yreka contended for the honor but Medford was successful in her efforts to secure it.

Today, the second day of the congress is devoted to various sports, drilling contests and the like. A grand ball this evening will mark the end of the festivities.

RENO, Nev., July 19.—Murderers, horse thieves and burglars took part in the capture of John Antone, embezzler, who escaped from a road gang of convicts near Carson and berated him for breaking the promise not to escape which all had given Warden Baker.

URGES MINE DEVELOPMENT.

(Continued from Page 1.) rapidly as possible, and will work unceasingly for its interest. "I mean to make a success of this movement. All we need is exploitation and then capital will come and develop. I have the utmost confidence in the local field." The meeting came about through J. R. Harvey, a well known mining operator of Grants Pass who entertained a number of friends with a most delightful luncheon at his home on the banks of Rogue River. Mr. Harvey had as his guests Colonel Frank H. Ray, Dr. J. F. Reddy, Judge W. M. Colvig, Dr. C. R. Ray, Howard S. Dudley and Harry H. Hicks.

TAMA JIM SAYS HE'LL NOT BE GOAT

Will Submit Report to President On the Whole Affair—Hot Row Is Predicted in Cabinet—Shakeup May Come.

WASHINGTON, D. C., July 19.—Secretary of Agriculture James Wilson today made it very plain here that he does not propose to be "the goat" for the probably futile attempt to obtain the dismissal of Dr. Harvey W. Wiley, chief of the bureau of chemistry in his department.

Wilson will submit his report on the whole affair to President Taft this afternoon. The cabinet will consider it Friday but there probably will be no final decision announced for at least a week.

It is understood, that, instead of concurring in the suggestion of Attorney General Wickersham, that Wiley be dismissed, Secretary Wilson will suggest that the chief chemist be reprimanded. This, it is believed, will cause a hot cabinet row and may result in the disruption of President Taft's official advisers.

GIRLS PLEAD NOT GUILTY

Lillian Graham and Ethel Conrad Will Be Tried in October for Shooting Stokes — Bail of \$10,000 Is Continued.

NEW YORK, July 19.—Lillian Graham and Ethel Conrad, the two girls accused of having attempted to murder Millionaire W. E. D. Stokes, pleaded "not guilty" today before Judge Crain in the general sessions court here. Their counsel was granted 10 days to withdraw their pleas and substitute whatever motions he may see fit.

The girls former bail of 10,000 was continued. Attorneys for the Graham and Conrad girls probably will interpose demurrers which are likely to be overruled. There will be no trial until October.

When the girls appeared in court today Miss Conrad limped noticeably. She said she had sprained her ankle dancing last night in the theatre where she and Miss Graham are appearing. Mrs. Singleton, the sister of Miss Graham, accompanied the girls to court.

FREQUENT WASHING NOT GOOD FOR THE HAIR

(Marian Harlow in Woman's Sphere) "The best method of promoting a healthy scalp, and a growth of long glossy hair, is to use a good dry shampoo once a week. Women find frequent washing of the head hardens the scalp and makes the hair brittle, straggly and thin.

"Dry shampooing exercises the scalp and invigorates the hair follicles and when this condition exists the right amount of oil is fed the delicate tissues and hair roots and the hair takes a new life.

"The best dry shampoo powder is made by mixing four ounces of orris root with four ounces of therox. A tablespoonful sprinkled on the head, then thoroughly brushed through the hair, makes the head feel good and gives the hair a rich, glossy appearance."

PRICE DENIES THAT HE HEARD OF SLUSH FUND

WASHINGTON, D. C., July 19.—Testifying before the senate Lorimer investigating committee today, John B. Price of Seattle dealt a blow at the foes of Lorimer. He declared he was in the smoking compartment of a Winnipeg express train between Duluth and Virginia City, Minn., in which it was said by William Burgess, another passenger, that C. F. Weihe had boasted of giving \$10,000 to the Lorimer "slush fund." Price declared Lorimer's name was not mentioned while he was in the compartment.

She is Miss Fern Hobbs, chief clerk to the government and she said today she hoped the time would never come when women were enabled to vote.

"I would just simply dread such a time," she said. "And wouldn't I look nice as a candidate for governor. No we women have troubles enough now without worrying over politics."
