TAFT FLOODED WITH TELEGRAMS

Congratulations From All Portions Pour in Upon President—Praised Democrats for Aid and Opposition for Strong Fight.

BEVERLY, Mass., July 24.—Telegrams of congratulation from many of the friends of President Taft were received by the chief executive today. All lauded the president for his statement on reciprocity and many of his political friends declared, it is announced, that his giving of praise to the democrats, for their share in passing the measure would, in the long run, prove to be "good politics."

Adherents of the Taft administration by telegrams, indicated that his praise of the opposition party and of those republicans who were staunch to him would tend effectually to combat the schisms in republican ranks. President Taft, it is said, has received direct assurance from the Dominion government, that there is practically no doubt that Canada will confirm the agreement.

TEXAS GOES WET BY 5000 MAJORITY

AUSTIN, Texas, July 24.—Although the face of the returns in the state wide prohibition election will show an estimated "wet" majority of something under five thousand, a legal fight to determine the result is certain. The most accurate estimates place the total vote at 509,000, but the official count will not be completed before Wednesday.

GEORGIA WOMAN IS ONLY 111 YEARS OLD

ATLANTA, Ga., July 24.—A movement was started today to raise funds to provide for the wants of Mrs. Mary Trawick Proctor, 111 years old, and her daughter, Mrs. Mary Proctor, aged 90, who have just been found in poverty in an old cabin in Barlow county. Mrs. Proctor is a daughter of the American Revolution and her husband was killed in the war of 1812. She has lived under the administration of 26 presidents.

The two aged women have subsisted for years on the products of a small garden patch and \$12 a month pension from the United States government.

All property values depend upon the prosperity of the community. If our manufacturers are prospering, and the merchant likewise, the farmer will prosper, too. The persistent demand for goods "Made in Oregon" will help bring greater prosperity to the people of Oregon.

Home prosperity depends upon home industry, and state-wide prosperity will be greater if factories selling "Made in Oregon" goods are patronized by the local merchants.

TURKS CAPITOL IS SET AFIRE

Thousands of People Homeless and Five Thousand Buildings Destroyed by Incendiary Blaze Set for Political purposes.

CONSTANTINOPLE, July 24.—Thousands of people are homeless and 5000 buildings are destroyed here today as a result of a conflagration in the Samboul quarter, which it is believed was started by incendiaries in league with the Old Turk party. The fire started simultaneously in six places.

Chefket Pasha, minister of war, lies today in a hospital suffering from injuries received from a falling beam when making a heroic effort to save the war building. The antiquated fire department was ludicrously inadequate and the wooden structures were licked up like straw by the flames. The Galea district, an European quarter, was threatened.

OTTAWA, Ont., July 24.—Bitter fighting in the Canadian parliament is predicted here today before the reciprocity with the United States is confirmed.

It is believed the passage of the bill by the American senate will aid the Canadian government, but since the Washington victory for the reciprocity propaganda the force of all the interests opposed to the pact have transferred their activities to Canada.

Opponents of the measure say they will talk the bill to death, but Premier Laurier insists that the bill will pass. He does not say when. Opponents of the agreement would like to force a general election on the proposition.

Pope Pius III Again.

ROME, July 24.—Pope Pius today took to his bed, suffering from a sore throat. Dr. Petacci, his physician, says the pope's indisposition is not serious.

German Prince An English Hussar

GERMAN CROWN PRINCE AS AN ENGLISH OFFICER. FROM THE SPIEGEL.

The German Crown Prince visited Shorncliffe Camp, England, after the coronation ceremonies and inspected the Eleventh Hussars, of which he is an honorary colonel. His Imperial Highness, accompanied by three German cavalry officers, was received on arrival by General Sir Arthur Paget, commanding the Southeastern district, and other officers. A notable feature of the proceedings was the presence of several young Germans, who gave "hoche" for the Prince and waved national colors. He was born in the Marble Palace, near Potsdam, and is now twenty-nine. He was married at Berlin on June 6, 1905.

Back to Nature

A hen is not supposed to have much common sense or tact, but every time she lays an egg she cackles forth the fact.

A rooster hasn't got a lot of intellect to show, but none the less most roosters have enough good sense to crow.

The mule, the most despised of beasts, has a persistent way of letting people know he's around by his insistent bray.

The busy little bees they buzz, bulls bellow and cows moo, and w ach dogs bark, and ganders quack and d ves and pigeons coo.

The peacock spreads his tail and squawks; pigs squeal, robins sing, and even serpents know enough to hiss before they sting.

But Man, the greatest masterpiece that nature could devise, will often stop and hesitate before he'll
