EAGLE POINT EAGLETS.

(By A. C. Howlett.) Mrs. J. Frank Brown sent me the cash for the weekly Mail Tribune for one years subscription for her mother, Mrs. A. Pool of Jacksonville the last of the week, as she wants her mother to have all the news that is going the rounds. Prof. Charles E. Johnson was a pleasant caller last week on his way to his homestead he has been engaged teaching school at Trail during the spring and part of the summer and is now working on his homestead on the Pacific & Eastern railway, I understand that he has the offer of the same school again this fall. Rev. Mark C. Davis, the traveling Sunday school evangelist for the Congregationalist church came in on us last Friday morning about six o'clock and on Saturday, he left his wheel, bike, and we, that is your correspondent and Davis started for the Pence school on Elk creek, where he had an appointment for services Saturday night and all day Sunday. We arrived at Ed. Pence's about noon and after dinner we went up to George Lynch's, the energetic road supervisor, and found him in his alfalfa field irrigating his ground and if it will not seem to much of a digression I will say that he has one of the nicest little places in the Elk creek country, and as compared with his old place it is a perfect paradise, and his or rather his wives garden, for George is off on the road work the most of the time, and berry patch, logan and blackberries are enough to make an old maid groan that is trying to raise a garden without water. The fact is George looks ten years younger than he did when he lived on the desert below Trail. That night your correspondent preached to a good sized congregation, about everybody in the neighborhood and Sunday we, that is Davis myself held an all day meeting and there was considerable interest manifested. The people up in that settlement know how to use the water to advantage and live peacefully together and have a good time together, the meeting closed Sunday night about ten o'clock and on Monday we returned home feeling satisfied that we had had a good time together. Ed Pence and family of Elk creek and Mr. Morgan of Central and Miss Enyart of Medford have gone to the head waters of Elk creek on a hunting and camping trip. The law suit to which I referred in my last was a state case in which Mr. Fred Palouze was made the defendant. The charge was obstructing the flow of the water in a water ditch. It appeared from the evidence that the ditch belongs to a corporation of water users and they could not agree and so the president swore to the complaint and Mr. Pelouze was placed under arrest, but was let off on his own recognizance, they had a trial by jury. The state was represented by Hon. B. F. Mulkey and the defendant acted as his own attorney, after examining twelve witnesses and recalling some of them as high as three times the jury decided the case in about fifteen minutes, that he was not guilty and one of the jurors told me that it was a clear case of spite work, but the taxpayers have to pay the cost all the same. David Cingcaid is building a house on the tract of land he bought of Mr. J. J. Fryer and I understand that he and his wife are going to leave the farm and move to town to live and that one of the boys will run the farm. Mr. Nellis of Plouner rock and two men spent the night here Friday night and Saturday morning he went back to Medford after some things he had left in Medford. The report came to me when I
