BOYS PLACED ON PROBATION BY NEIL

Two youthful offenders appeared before County Judge J. R. Neil Thursday and placed on probation. The two youngsters are said to have been carrying on a systematic campaign of robberies in this city. They were caught rifling pockets at the Natatorium while the owners of the clothing were in the place. Special Officer Bross made the arrest. The boys are Clarence Edmeades and Gerald Tuttle.

The two boys are very young in years and they were allowed to go by Judge Neil on probation. Their parents were warned to correct them. The police believe that older persons taught the boys to steal and that later they worked on their own account. The boys say they have seen older boys and men stealing but that they do not know who they were or where they are now.

KLAMATH BOUNTY ON JACKRABBITS COSTLY

Nine thousand seven hundred and sixty rabbits have been slain and their scalps paid for at the rate of 10 cents each by the county clerk of Klamath county since the first day of July. This is the number of scalps already brought in for the month and does not include the rabbits that have probably been slain and whose scalps are still unpaid for.

These scalps cost the county \$970 as each one of them represents a bounty paid by the county of 16 cents. This slaughter is the direct result of the action of the county court at a meeting some weeks ago when it raised the bounty, which was formerly 5 cents each, to 10 cents. This raise was made because of the numerous complaints from farmers throughout the county who claimed the rabbits were greatly on the increase and were becoming great destroyers of their crops and property.

IRRIGATION CONGRESS APPROVED BY WEST

CHICAGO, Ill., Aug. 4.—"Any movement which tends to convert the sand dunes and deserts of the arid sections of our country into gardens and farms and to people these now uninhabited stretches of land with homes is a movement of the greatest magnitude and one which will bring to this country the greatest good. Such, I understand, is the purpose of the National Irrigation congress, which has its nineteenth sessions in Chicago this December 5 to 9 and to such an organization, consequently, I ascribe my hearty approval and offer whatever co-operation it is within my power to give."

Governor Oswald West of Oregon thus indicates his interest in the National Irrigation congress in a recent letter to the Chicago headquarters of the organization, where efforts are being made to bring about the most important and most widely attended gathering of the kind ever seen in the United States. Governor West no doubt will be in Chicago to attend the sessions if it is possible for him to do so.

NAT GOODWIN TO SUE NEWSPAPER FOR LIBEL

LOS ANGELES, Cal., Aug. 4.—Suit for damages for an alleged libel in which the "Green Book Album," a weekly publication, is the defendant and Nat Goodwin actor plaintiff, will be instituted shortly in the New York courts, according to a statement given out here today by the comedian. The action is based on the publication of an article describing the "Beynard divorce," a novel supposed to have been written by Edna Goodrich, Goodwin's most recent wife.

Goodwin in his statement declared that the "Green Book Album" had taken unwarranted liberties with his name and said he had instructed his attorneys in the east to file suit at once.

MRS. LARAMORE TELLS TROUBLES

Lady in Goodwater Describes Her Distressing Experience and Tells How She Was Finally Relieved.

Goodwater, Mo.—"Ever since I was a little girl," says Mrs. Riley Laramore, "I was a great sufferer from dyspepsia. I suffered misery after eating, and had terrible heartburn.

I thought I had to suffer this way as long as I lived, but when I began to take Thedford's Black-Draught, in small doses, every night, the heartburn was all gone in a few days, and I could eat without distress.

I took two small packages in all, and although that was some time ago, the dyspepsia has not returned.

I speak a good word for Thedford's Black-Draught whenever I have the opportunity."

If eating causes distress, we urge you to try Thedford's Black-Draught. It cleanses the system, helps the stomach to digest its food, regulates the bowels, and stimulates the liver.

It acts gently and is without bad after-effects. Try it. Price 25c.

RUSH SURVEYS OF COOS BAY RAILROAD

PORTLAND, Ore., Aug. 4.—Preliminary surveys of the proposed Eugene-Coos Bay Railroad, to be built by the Southern Pacific officials here today. As soon as the maps are in shape, it is announced that actual construction work will follow without delay.

Six surveying parties are now in the field obtaining final data for preliminary estimates. William Hood, veteran engineer, who resides at San Francisco, has been chosen to take charge of the work. It is estimated that at least \$8,000,000 will be expended in building the line.

ASHLAND TO VOTE BONDS TO CONSTRUCT SEPTIC TANK

ASHLAND, Aug. 4.—In order to straighten out tangle in the matter of the sewer septic tanks the council has arranged for the holding of a special city election, at which time the people will be asked to give the council authority to use about \$7000 of the \$12,000 voted for the sewer septic tanks for the construction of the necessary trunk sewer leading to

the tanks. Because only the tanks and not the trunk line were mentioned in the ballot when the bond issue was voted, it has developed that the law would be violated if any of the \$12,000 were used for the trunk sewer.

This complication has been holding up work on the improvement and was a veritable Gordian knot to the

council. Tuesday night, however, that body decided that the knot must be cut and a special election called in order to make the matter legal.

Look for the "help wanted" ad that seems like a "prospect"—and answer it promptly.
