(Additional Society in Main Section)

Manicuring

In Madame Roode's manicuring parlor are to be found nothing but the very latest and best instruments. These are thoroughly sterilized before each treatment, which not only makes them absolutely clean but antiseptic and sanitary.

Facial Massage

Centuries ago the civilized people of the world learned the value of bathing and of keeping the body thoroughly clean. Why did they not learn at the same time that the exposed parts of the body, the hands and face, demand several times as much attention? These have been sadly neglected until during the last two or three generations, when it has become known that it is unnecessary to have deep wrinkles in the face and neck. By constantly keeping the same expression on one's face lines will come and it takes expert treatment and care to remove them. It is necessary that the face be massaged and manipulated or these lines and wrinkles will become permanent by exposure to the wind and dust. By means of proper lotions, colored lights and the electric vibrator the skin becomes once more the pliable, satin covering that it should.

Manufacturing

In the manufacturing department puffs, curls, transformations, etc., are made to your order. Your combings are rooted, sorted and woven into any kind of switch desired.

Practically all preparations used in the treatment of the scalp, face, hands and feet by Madame Roode are made right here.

CHIROPODY

In THE BEAUTY SHOP chiropody is one of the main features. Anyone who has suffered from corns, bunions, etc., knows that nothing will tire the whole body so much as "sore feet." Madame Roode will relieve any kind of sore, tired feet and in a way that is soothing and comforting and not painful and nerve-racking.

SHAMPOO

Madame Roode manufactures the shampoo used in THE BEAUTY SHOP and does not hesitate to recommend it to the public. It contains absolutely no alkalies or acids, which are detrimental to the scalp and hair, but instead a preparation which gives the hair life and lustre. After receiving a shampoo have you ever found the hair to be "sticky" or matting? If so try THE BEAUTY SHOP and note the difference.

Scalp Treatment

In treating the scalp the dandruff germ is the one which occasions the most trouble. It is of course necessary to eradicate this germ, but in so doing not to kill the hair or injure the follicle or tiny sac which surrounds the hair root immediately below the epidermis. By means of our own preparations and the use of the electric vibrassage Madame Roode not only cures the dandruff but leaves the scalp in a healthy state which is conducive to heavy and luxuriant hair.

Hair Dressing

The hair dressing department is conducted by a young man from New York City who is not only a graduate in all lines of hair work but has had a large experience. He will dress your hair in any style you desire and no charge is made if you are not entirely satisfied.

Fancy hair dressing for parties, receptions, balls, etc., a specialty.

Opening Announcement

MADAME ROODE will open THE BEAUTY SHOP in Rooms 26-29 Jackson County Bank Building from 2 to 5 and from 7 to 9 p. m., on Friday, Aug. 11th.

It is with pleasure that she requests the presence of the ladies and gentlemen of Medford to inspect the shop which has for its motto "Sanitation," and where all combs, brushes and instruments are thoroughly sterilized before each treatment.

To introduce her practice and preparations to the people of Medford and the Rogue River Valley Madame Roode is going to give \$50.00 worth of treatments absolutely free, to those attending the opening. There will be souvenirs for the ladies and children. **MUSIC**

FRIDAY, AUGUST 11th

Hair Cutting

It is a common thing to hear mothers say, "Yes, my boy needs his hair cut for weeks, but I just hate to take him to a barber shop," or, "I try to cut it because I dislike to take him into a barber shop and then wait for him." Sometimes it is "I want to get my little girl's hair bobbed, but I am dreading to take her to the shop." THE BEAUTY SHOP solves the question.

DUTCH CUT A SPECIAL FEATURE

| Face Massage | 75c |
| Hand Massage and Bleach | 50c |
| Chiropody | 50c up |
| Children's Hair Cutting (any style) | 35c |

Tonic Rub

The Tonic Rub is becoming more popular all the time among the people who take pride in the condition of their hair. The recipe which Madame Roode uses was purchased by her from a large Parisian firm for a considerable sum of money and is the best. Tonic Rub is a treatment which loosens the scalp and by manipulation gives the skin an exhilaration not received otherwise.

Hand Massaging and Bleaching

It is thought by a great many people that hand massaging and bleaching is simply an excuse for getting the people's money. This, however, is a mistaken idea, for while it is impossible to make "new hands" it would surprise you what a change can be effected in a short time by expert manipulation, the use of colored tights and the application of a good lotion. This is especially valuable after your camping trip. Electric treatment if desired.

Human Hair Goods

Madame Roode will at all times carry a full line of human hair goods at THE BEAUTY SHOP. You will be able to procure the exact shade desired, and if not it will be a pleasure to order it for you.

The most popular style that the world has seen in years, the PSYCHE KNOT, will also be handled. Call at the shop and inspect this, the latest hair creation.
