CONSUL GENERAL TO LOSE APPOINTMENT

WASHINGTON, D. C., Aug. 5.—An effort to prevent the recommendation of the dismissal of the United States Consul General William H. Michael at Calcutta, and of Disbursing Clerk Thomas Morrison of the state department for their connection with the payment of a voucher for a portrait of Justice Day—former secretary of state—failed in the house this afternoon.

The recommendation of the committee on expenditures in the state department, contained in their report on the day portrait affair, was up before the house. Representative Lenroot (republican, Wisconsin) offered an amendment ordering all papers forwarded to the president and eliminating the recommendation for dismissal. At first the tellers announced that the amendment was adopted, but it was discovered that a mistake of ten votes had been made and the amendment was lost, 127 to 135. Michael was formerly a clerk in the state department.

STATE BUYS SITE CAPITAL EXTENSION

SALEM, Ore., Aug. 5.—The state board today purchased the Homan property thus securing title to the entire block on which the additional capitol buildings will be erected. Architect Knighton will begin preparing plans for the building at once and it is thought it will be completed next year.

Convict-made brick will be used and convict labor employed as far as possible and thus a building considerably in excess of the appropriation of \$100,000 can be built.

DOWNWARD PRICES RULE STOCK MARKET

NEW YORK, Aug. 5.—At today's opening of the stock market prices again tumbled sharply downward. Union Pacific lost 1-2 and United States Steel, St. Paul, Reading, Great Northern, Lehigh Valley, General Electric and others declined all the way from large fractions to a point and a half.

Support was offered at marked recessions and the market recovered some ground, but closed feverish. Bonds were steady.

SOON BEGIN WORK UPON RAILROAD TO MERRILL

KLAMATH FALLS, Or., Aug. 5.—Indications are that work will be begun on this road from Klamath Falls to Merrill in the near future. The road to be known as the Modoc Northern Railway, is the property of the Southern Pacific. The contracts for right of way in the vicinity of Merrill provide that work must be started by September next. Some few nights ago the persons who had sold rights of way to the Modoc-Northern were notified to remove the improvements from the premises. This is taken to indicate that some action is to be taken in the immediate future.

It is understood that the contractors, Erickson & Peterson, on this end of the Klamath Falls-Natron cut off will complete their contract early this fall and that very little work can be done on this road until late next spring. The condition has given strength to the report that Erickson & Peterson are to begin work on the road to Merrill just as soon as they complete their present contract. The road to Merrill traverses the Klamath basin and is practically level. If the entire force of Erickson & Peterson were transferred to this project there is no reason why the Modoc-Northern should not be operating trains between the two towns by the first of the year.

DOCKMEN'S STRIKE DOUBLES PRICE OF MEAT IN LONDON

LONDON, Aug. 5.—Meat prices in the city are exactly double the ordinary figure because of the dockmen's strike. Provisions generally are selling at higher prices than they have for many years. A decision on the arbitration movement will be made tonight and if an unfavorable decision is rendered 100,000 men will go out on Monday.

HOODLUMS MAKE NIGHT HIDEOUS

Considerable complaint has been made recently regarding a large gang of hoodlums who make merry nightly in the city park, and the police force has set about correcting the matters. Matters reached a climax recently when some ten or twelve young persons gathered in the park and kept up their merrymaking until a late hour disturbing all of the residents of that section of the city.

The police have as yet made no arrests, but they are keeping a close watch on the park and if the offense is repeated the offenders will be prosecuted.

Newbro's Herpicide

Saves Worry, Saves Money, Saves the Hair

If you want to free your head of dandruff and stop falling hair, you must sooner or later resort to Newbro's Herpicide.

By using Herpicide first you save yourself worry, which is desirable, you save money, which is a consideration, and you save your hair, which is the most important of all. Why not profit by the experience of Mrs. S. A. Lee, of 110 South 4th street, Richmond, Va., who writes: "Four years' residence in India ruined my hair until it was but two inches long and very thin. I tried everything in Europe and America without benefit until I was induced to use Herpicide. My hair is now long, soft and silky and natural color, while before it was quite gray. My friends never tire of admiring my hair."

Mrs. Lee's story is a typical history of hair troubles. After everything else fails Newbro's Herpicide brings relief. It would be just as effective if used first. Newbro's Herpicide kills the dandruff germ and prevents falling hair. It stops itching of the scalp almost instantly. No matter what the claims of others, Herpicide is the only genuine original dandruff germ destroyer.

One dollar size bottles guaranteed. Sold by all druggists. Applications at good barber shops.

Send 10c for sample bottle to The Herpicide Co., Dept. R., Detroit, Mich.

ROOSEVELT APPROVED TRUST

(Continued from Page 1.)
director of any railroad."
"So would I, so would I," interrupted the colonel, pounding the table with his fist.
"Then," Stanley continued, "I would see that business was conducted properly."
"I agree with your general purpose thoroughly," Roosevelt acquiesced. "I would even go further. I favor the government having direct control over these big corporations."
With this the colonel's examination ended. After an exchange of courtesies and himself, he forced his way

through the crowd that jammed the room.
After Colonel Roosevelt was excused, Charles M. Schwab, who yesterday asserted that he was the originator of the plan to form the United States Steel Corporation, resumed the stand.
Schwab Resumes Stand.
In spite of the fact that Roosevelt

declared he believed his action was necessary, the committee proved by many witnesses that the Tennessee Company was one of the best steel properties in the world; that it could produce steel more cheaply than the trust, and that its acquisition, "to save the situation," gave the trust the ownership of one of its most powerful competitors.

The Tiny Tads of great renown
Have come to visit in our town,
And every week they will appear
Upon this space that we have here,
To do their clever little stunts
With Boojums and Umbrellaphants
And strange Bazooks and Jabberwocks
And all that weird and jumbled mess
Of beasts from the Bewilderness.

You ask us why we get these Tads
To do their frolics in our ads?
Well, first of all they catch your eye,
And next our offerings you spy,
Then, just to try us once, you come—
(The rest is simple as a sum)
Once come, you'll ten times come again,
Small profits multiplied by ten,
Good deals which bring you o'er and o'er,
To help yourself and help our store.

And new we pray you watch this space
With pleasure written on your face,
So we may know that goodly check
Demanded by Gustave Verbeek
Has not been altogether lost—
A SMILE FROM YOU—repays our cost!
