

NO STRIKE FOR MONTH AT LEAST

Committee of Shopmen to Visit Kruttschmidt and Present Demands for Shorter Hours and Longer Hours—Stockades a Bluff.

SAN FRANCISCO, Cal., Aug. 11.—A committee consisting of Messrs. Jones of Los Angeles, Meller and Miter of Sacramento and Crane and Sturmer of San Francisco, representing the Federal Railroad Employees of Western Lines, will leave shortly for Chicago to confer with Julius Kruttschmidt of the Southern Pacific and present their demands for shorter hours and an increase in pay by the hour which will give the men about the same wage for the shorter day. It is likely that they will be referred to Chairman Lovett in New York.

Men high in the ranks of the Federation Employees stated today that no formal notice of strike has been served upon the Southern Pacific. In case they are turned down by Lovett, they admit a general walkout is likely. They declare that 95 per cent of the workers are in the Federation, and that in the event of a strike, the Southern Pacific could not turn a wheel. They regard the activity of the Southern Pacific in erecting barricades about their shops as a bluff to dissuade the workmen from striking in case their demands are not met.

In event of a strike it will not be called for a month or until the committee has gone with its demands to the highest officials.

WILL INVESTIGATE PAST LIFE OF MISS GRAHAM

LOS ANGELES, Cal., Aug. 11.—Bent on making an exhaustive search of the past life of Miss Lillian Graham, who shot W. E. D. Stokes in her New York apartment a month ago, A. H. Gleason, personal attorney for Stokes, is speeding today toward Los Angeles from San Francisco. Miss Graham formerly lived in Los Angeles and her family is well known here. Her trial for the shooting, together with that of her chum, Ethel Conrad, will begin shortly in New York.

CONSPIRACY TO GET DR. WILEY

Investigation Shows That Other Departments Were Guilty of Same Thing That Pure Food Expert Is Accused of—Plot Unfolds.

WASHINGTON, D. C., Aug. 11.—Testifying before the congressional committee which is investigating the charges against Dr. Harvey W. Wiley today, Dr. L. F. Kebler of the drug department of the bureau of chemistry declared that there was no difference between the employment of Dr. H. H. Rusby, for which Wiley is accused, and that of the members of the Remsen pure food board which is approved by the administration.

"Dr. Wiley told me," said Kebler, "to see the district attorney concerning the pure food cases. I did. When McCabe (the solicitor for the agricultural department) heard of it, he telephoned me an unmerciful call-down because I had acted without permission from him. I told him I could not defy the order of my chief. He threatened to report me to Secretary Wilson."

Wiley's champions today maintain that the charges against the pure food man are simply a conspiracy to "get" him. The original charge against the chemist was filed by Dr. Dunlap, Wiley's assistant, who was his fellow member on the pure food board. He went to Secretary Wilson with the Rusby case without giving Wiley a chance to explain, his engaging the New York chemist. They declare that Dunlap and McCabe consistently hampered Wiley in his work.

GEORGIA PUPILS SCOUT TALE OF BIG TREES

SACRAMENTO, Cal., Aug. 11.—The pupils of a Georgia school have greater faith in Jack and the Beanstalk than they have in the giant redwoods of California, according to a letter received by State Superintendent of Public Instruction Hyatt. The letter is from a Tallapoosa, Ga., teacher and she would like a cross section of one of the trees sent her at her own expense so she can prove to her pupils that the

SLEUTHS OUT AFTER FOREST FIREBUGS

PORTLAND, Or., Aug. 11.—That the federal government and the timber associations of the northwest have a number of secret agents out searching for forest fire incendiaries was learned here today.

The government has a standing reward of \$250 for "firebugs" who are held responsible for a number of conflagrations in the timber belt this summer.

According to reports at the local forestry office the losses so far this season from fire have been usually small in this section.

books tell facts when they tell of 16 couples dancing on the stump of a redwood and of bark two feet thick.

Hyatt will attempt to interest some promotion company in the request for a cross section.

INTERESTS GET FRICKS SCALP

Carnegie's Right Hand Man Forced Out of Union Pacific Directorate and to Be Removed From Steel Trust Corporation.

NEW YORK, Aug. 11.—Wall street today was greatly confused by conflicting reports that powerful financial interests, who are said to be after the scalp of Henry C. Frick, Andrew Carnegie's right hand man, had succeeded in ousting Frick from the directorate of the Union Pacific railroad and would soon secure his removal from participation in the control of the United States Steel corporation.

Statements to that effect, made yesterday by Otto Kuhn, of Kuhn, Loeb & Co., today received Frick's flat denial. The steel man asserted that he had not and did not intend to retire from either corporation. Robert S. Lovett, chairman of the board of directors of the Harriman system, also denied any friction existed between Frick and himself.

Frick's methods are said to be greatly disliked by the men now in control of affairs.

NEGROES HAVE HARD TIME TO SECURE DENVER ROOMS

DENVER, Col., Aug. 11.—With 3,000 negro delegates expected to attend the National Negro Educational Congress which convenes here tomorrow, the local committee is "up in the air" today.

The hotels refuse to receive negroes. There are three small negro hotels in Denver and only a few homes owned by colored persons. In all there are about 400 available rooms. The committee today is discussing the advisability of renting tents and vacant houses to take care of the expected guests.

Support the manufacturers of your home city first, last and all the time, and you will help yourself to prosperity. But if your local factories cannot supply your wants, insist that the merchant carries "Made in Oregon" goods from other Oregon sources to supply your needs.

TWO CARS OF PEARS SHIPPED

Two More Will Go Forward by Sunday—Gore Will Start Harvesting Splendid Crop Monday—Other Orchards Start Picking.

Two carloads of pears both from the Burrell orchard have been shipped east. Picking is progressing steadily. Two more cars will be shipped by Sunday both from the Bear Creek orchard.

W. H. Gore will start harvesting a splendid crop of pears from his orchard Monday. Shipments will be plentiful next week.

All of the orchards will pick next week. Preparations have been conducted.

PRISON GUARD SHOT; CONVICT GETS AWAY

ANANIMOSA, Iowa, Aug. 11.—Guard Allan Haymaker was fatally shot in a daring attempt to free Charles Schmidt, confined in the state prison here. Schmidt was working in the prison quarters some distance from the main penitentiary. A telephone message was sent to the warden by a man purporting to be an attorney who said he wanted to talk with Schmidt. Guard Haymaker was sent to get the prisoner.

After he left the quarry and was leading the convicted along a secluded road Haymaker was attacked by two ex-convicts. In the fight that followed Haymaker was shot and the two men succeeded in escaping with Schmidt. Posses with bloodhounds are on the trail.

SINGLE TAX MEASURE IS URGED IN SEATTLE

SEATTLE, Wash., Aug. 11.—A single tax measure will be introduced in the city council next Monday. Councilman Griffiths has prepared a bill providing that buildings and improvements on real estate be gradually exempted from taxation. According to the terms of the bill, 25 per cent of the assessed value will be exempt in 1912 and 1913, fifty per cent in 1914 and 1915, seventy-five per cent in 1916 and the entire value in 1917 and thereafter.
