EGYPTIAN ANTIQUITIES ARRIVE IN NEW YORK

NEW YORK, Aug. 11.—Thirty tons of Egyptian antiquities, the fruits of several years labor on the part of five American scientists, were taken today to the Metropolitan Museum of Arts, where they will be housed in a separate building.

The antiquities, which were dug from the ruins of several ancient Egyptian cities, arrived here on a German freight steamer.

Lloyd Arraigned.

SAN FRANCISCO, Cal., Aug. 11.—Frederick E. Lloyd, prominent insurance man here and former president of the Pacific Surety company was arraigned before Police Judge Deasy today on a charge of embezzling \$64,000 from funds of the Pacific Slope Securities company. The hearing was continued until August 19.

8 Per Cent First Lien Receiver's Certificates FOR AN INVESTMENT

WE ARE OFFERING THE FIRST LIEN RECEIVER'S CERTIFICATES ISSUED BY THE RECEIVER OF THE GOLDEN DRIFT MINING COMPANY. THESE CERTIFICATES WERE ISSUED BY MR. J. A. WHARTON, RECEIVER, UNDER AUTHORITY OF A COURT ORDER ISSUED BY THE HONORABLE F. M. CALKINS, JUDGE OF THE CIRCUIT COURT OF THE STATE OF OREGON, FOR JOSEPHINE COUNTY, ON NOVEMBER 30, 1910.

This public offering is made in accordance with the pledge made to the Court by Honorable A. E. Reames, attorney for the plaintiffs in the action pending, and by reason of which the certificates were issued. At the hearing on the application it was shown that the Plaintiffs would buy the Certificates, and Mr. A. C. Hough, attorney for the Defendants, objected to the Plaintiffs becoming a first lien creditor to the exclusion of the other parties to the suit, and local investors, and Attorney Reames, at that time, agreed in open Court to cause a public offering of the Certificates, so that the Defendants, or any creditor, or person interested, could participate in this FIRST LIEN INVESTMENT.

The Golden Drift Mining Company in a public service corporation with a duty to the public to supply water for irrigation, and the Certificates were issued for the purpose of repairing the dam so that water could be pumped, and thus meet the Company's obligation, and to preserve the property and its water rights, and all of these objects have been accomplished.

The Certificates were drawn by Attorney A. E. Reames, of Medford, Oregon, after a form, the legality of which stood the test of the United States Supreme Court, and this form was approved by Honorable F. M. Calkins, Judge of the Circuit Court, before the Certificates were issued and the form is now of record, being embodied in the Court Order.

The Receiver, Mr. J. A. Wharton, is a man of integrity and a business man of Grants Pass with an excellent reputation, and is under an adequate bond, and is in nowise interested in the property other than his duties as Receiver.

The issue of Certificates is limited to the amount of \$40,000.00 and runs for a term of three years, and draws 8 per cent interest annually. It is a FIRST LIEN ON ALL OF THE PROPERTY of the Golden Drift Mining Company and ANY MONEY COMING INTO THE HANDS OF THE RECEIVER ABOVE HIS ACTUAL AND NECESSARY EXPENSES. THEY ARE AHEAD OF ANY BONDS, MORTGAGES, CREDITORS OR STOCKHOLDERS AND EVERY CLAIM OF EVERY KIND AND NATURE.

The Certificates are Absolute Security of the Most Desirable Kind and Form the Best Investment Opportunity Ever Offered to the People of Southern Oregon

THE PROPERTY OF THE COMPANY CONSISTS OF

Over 1,000 acres of land standing in the name of the Golden Drift Mining Company on which there are many buildings, a small orchard and other improvements, easily worth.....\$ 50,000.00

Water Rights to all of the water of Rogue River at low stage, for both power and irrigation, easily worth.... 200,000.00

A dam across Rogue River, known as the Golden Drift Dam, three miles east of the City of Grants Pass, Oregon, and a power plant in operation. This plant has the machinery installed and available to generate 2,400 horsepower of which 850 horsepower is now used for pumping water on both sides of Rogue River for irrigation. This dam is being reconstructed with steel and concrete and nearly one-third of it is now completed, easily worth..... 140,000.00

Total.....\$390,000.00

All of this property is the SECURITY BACK OF THESE RECEIVER'S CERTIFICATES, and there is easily \$10.00 worth of security back of every \$1.00 worth of Certificates issued, and it is a better security than a first mortgage.

The payment of interest and principal is further guaranteed by The Chicago-Rogue River Company, which is important to the extent that the Company owns and operates the irrigation system and controls more than a majority of the legitimate stock formerly issued by the Golden Drift Mining Company, and should thus eventually control the entire property.

At the time these Certificates were offered and actually subscribed and paid for out of the Treasury of The Chicago-Rogue River Company and by its stockholders, arrangements were made to give as a bonus to those buying Certificates, \$1.00 of the par value of the Common Stock of The Chicago-Rogue River Company with each \$1.00 of Certificates purchased, so that the Certificate buyers would continue as a part owner in the property after this loan, made by the Receiver, is paid off. So that it cannot be claimed that any partiality is shown and to treat all buyers alike, this bonus is still open to those buying Certificates under this offer.

At the time the Certificates were subscribed and paid for the property was not in the good condition that it is at the present time. The repairs and work on the dam and power plant, approved by the Court, are now nearly completed and most of the money has actually been expended on the property and the power plant and pumps are in operation and can be inspected. The work done is of the best class of construction and the

dam is actually protected against further damage by floods, as ample provision has been made to take care of future flood waters by means of fourteen flood gates through solid concrete and steel construction.

The receivership is conducted in an economical manner and the Receiver's salary and personal expenses do not exceed \$175.00 per month. By a recent order the Court leased the property to The Chicago-Rogue River Company to be used for pumping water for the irrigation of the Lower Rogue River Valley and which relieves the Receiver of the expense of maintaining the property, and thus provides an income for the Receiver which will more than pay the Receiver's expenses and the interest on all issued Certificates, and these Receiver's Certificates are a lien on all surplus money thus coming into the Receiver's hands.

The irrigation business will increase this income from year to year, and afford a market for all the power that can be generated at the Golden Drift Dam and constantly increase the value of the property.

There is no litigation pending that in any way involves the Receiver's title to any of this property, except an untried suit involving about 40 acres of unimproved land, which is not material. The property here listed has been inventoried and filed with the Clerk of the Court, and the title is good.

THESE CERTIFICATES ARE AN EXCELLENT INVESTMENT FOR THE FUNDS OF BANKS, ESTATES AND TRUST FUNDS, AND FOR THOSE PERSONS WHO DESIRE AN ABSOLUTELY SAFE INVESTMENT BEARING A GOOD RATE OF INTEREST. THE BONUS IS A VERY ATTRACTIVE FEATURE AS THERE ARE ONLY 15,000 SHARES OF PREFERRED STOCK AND 500,000 SHARES OF COMMON STOCK OF THE CHICAGO-ROGUE RIVER COMPANY ISSUED 40,000 SHARES OF WHICH WERE SET ASIDE AS A BONUS TO THIS ISSUE OF RECEIVER'S CERTIFICATES.

CERTIFICATES ARE ISSUED IN DENOMINATIONS OF \$50.00, \$100.00, \$500.00 AND \$1,000; ANY MULTIPLE OF \$50.00 BETWEEN ANY OF THOSE AMOUNTS AND CAN ONLY BE SOLD AT PAR, THE PRICE HAVING BEEN FIXED BY THE COURT.
