

NEW BANDSTAND NEARLY FINISHED

Possible That Concert May Be Given This Afternoon—Fine Work of Greater Medford Club—Merchants Most Generous in Assistance.

It is possible that a band concert may be given this afternoon on the partly completed bandstand in the park.

The lower floor is finished and possibly the flooring will be finished so that it can be used.

The Greater Medford club undertook to build the band stand, which has public lavatories and toilets in the basement for men and women, a thing that has been sadly needed in Medford, for a long time.

The funds of the club being rather low, the members appealed to the citizens to assist them, and the club wishes to thank every one for the generous assistance given them so willingly. When the merchants were asked to figure on the cost of material wanted, they offered to give the same free of cost.

The basement is made of concrete blocks, which were made and donated by the Miracle Concrete company, the cement used in the blocks being given by the firms handling that article. The Medford Lumber company gave four barrels, the Big Pines Lumber company four barrels, the Woods Lumber company four barrels and the Clarke-Henry Construction company five barrels.

All the lumber to be used in the building was given by the Woods Lumber company, which amounts to \$170.

The doors and windows will be donated by Hansen Bros.

The locks for same by the Medford Furniture & Hardware company.

The nails by the Medford Hardware company.

Two lavatories are given by Van R. Pierson, plumber.

One toilet is given by Garnett-Correy Hardware company; one toilet by Coffeen & Price, plumbers. The drain used to connect with the sewer given by Cottrell, the plumber.

The city of Medford will make the connection with the sewer and water.

George B. Hughes, president of the labor council, has donated his serv-

OLWELL LOOKING FOR CORRIGAN

Late Manager of Garage Said to Have Uttered Phony Checks as Well as Wrecked Car Owned by John D. Olwell.

Following the wrecking of John D. Olwell's car recently by James T. Corrigan recently manager of the Bear Creek garage, Corrigan is said to have disappeared and no one seems to know his present whereabouts. It is also reported that Corrigan cashed a number of bad checks before departing. Mr. Olwell is now investigating the matter and if he finds that the checks report is correct he will have a warrant issued for the arrest of Corrigan. He may not press the case for the wrecking of the car.

It is reported that Corrigan took the car without permission from the garage and went for a joy ride in the moonlight. Near Talent he struck the railing on a bridge and stripped one side of the car. In the mixup he turned from the road and struck a pole. The damage to the interior of the car is not as yet ascertained.

Since the car was wrecked Corrigan is said to have been missing. Mr. Olwell states that he decided not to press the charge in regard to the car, which under the new state law is grand larceny, but that if the story regarding the uttering of bad checks is true that he will ask for a warrant and prosecute Corrigan if he can be located.

ices and will superintend the building of the band stand.

Nearly everything used so far has been most graciously given, which has made the task much easier for the club members, and now that the cement blocks are placed the stand will be completed in a short time.

Flower boxes will be placed on the platform and vines planted so that soon the structure will be most attractive besides being a very useful and necessary building.

The lavatories will need a little finishing, and will be properly looked after and locked each night when the park policeman leaves the park.

Look for the ad that offers it to you, second-hand, at a real bargain!

PLUMBERS HOLD MERRY SMOKER

Union Successfully Entertains Over a Hundred Guests—Dutch Lunch Follows an Appreciative Musical Program.

One of the most enjoyable stag events of the year took place Friday evening at Smith's hall, when the Plumbers' Steamfitters, Steamfitters' Helpers, Gasfitters and Gasfitters' Helpers Union, local No. 262 celebrated the organizing of the local here with a smoker to their friends and members. Over 100 members of the different unions were present and all were greatly pleased with the Plumbers' hospitality.

Musical selections were given by Messrs. Hamilton, Eames, Rose, Hazelrigg and Sherman and vocal selections by Messrs. Sherman and Stevens.

Mr. Hunt, organizer of the Painters' Union, gave a short but enlightening address on the labor movement and made some revelations in regard to the Los Angeles Times alleged dynamiting case, which were not only news to Medford men, but relieved to some extent any doubts they may have entertained as to the McNamara trial on union labor in general.

Mr. Cottrell, an employing plumber of Medford also made a brief and humorous speech.

The entertainment lasted 'till long after midnight and after a Dutch lunch was consumed, all went home feeling happy and praising the ability of the "lead pipe" men as hosts.

LABOR LEADER IN JAIL FOR THREATENING THEATRE

FRESNO, Cal., Aug. 12.—T. G. Seaward, vice president of the State Federation of Labor, was arrested here today on charges of extortion made by a theater company on which Seaward had called a strike to enforce payment of salary to an actress, a member of the "White Rats," whose act had been refused.

Seaward at first refused to give the \$500 bond required for his release and was jailed. Later he thought better of it and furnished the required bond.

Ferullo to Play Here Soon

Sunday afternoon, September 19th, Ferullo and his band of fifty will give a concert at the Natatorium. That Ferullo is one of the most magnetic leaders and that he has assembled a band without a peer is conceded by all critics.

Everywhere, they have been playing to capacity houses and Medford is fortunate to have an opportunity to hear this organization.

Two soloists from the Metropolitan Grand Opera of New York also accompany the band.

NEGROES FAVOR EMANCIPATION

National Educational Congress Plans Convention for San Francisco—Panama Fair—Co-operation of Colored Organizations Asked.

DENVER, Colo., Aug. 12.—The National Educational Negro congress plans to hold a national emancipation in 1915, probably in connection with the Panama Pacific exposition in San Francisco. It is proposed that the National Business League and the National Association of Colored Teachers be asked to cooperate. The congress of the United States will be asked for an appropriation to carry out the plan.

If San Francisco does not want the negroes it is likely that some other city will be selected.

Governor Shafroth today welcomed the delegates. The difficulty of providing accommodations for the guests was partially overcome by offering of entertainment in private homes. The attendance was much smaller than had been expected.

TORONTO BRANCH OF CAMMORRISTS

Confessions of Self Accused Murderer Lead to Arrest of Eleven Italians Who Are Said to Be Members of Black Hand.

TORONTO, Ont., Aug. 12.—Confessions made by Frank Griro, self accused of the murder of Frank Sciaronne, has led to the arrest of 11 Italians here. More arrests will be made. If what Griro says is true, Toronto is infested with the Black Hand and Camorra, two of the most dangerous blackmailing organizations in the world. In the course of a statement to the police, Griro spoke as follows:

"There are at the present time a gang of Italians in Toronto who form part of the Camorra of Italy. Members of the Camorra are at the present time on trial in Italy for murder and the Italians I speak of in Toronto are Camorristi, the same as the Camorristi of Italy. They live on the fat of the land, do not work, and hold their fellow countrymen in constant terror. They form a society with a name that means nothing, hold a fake meeting now and then to lure on their compatriots, but the

WOMAN ADMITS GHASTLY CRIME

The Carrie Chadwick of Little Italy Implicated in Growsome Tragedy—Cut Woman's Throat and Pushed Her Over Mountain Precipice.

GOLDEN, Col., Aug. 12.—Implicating Mrs. Angelina Garramone, the "Cassie Chadwick of Little Italy," now serving a term in the state prison at Canon City for forgery, as the leader, Mrs. Concetta Fergione today confessed to the most ghastly murder in the crime annals of the state.

Learning that Mrs. Maria Laguardia, the victim of the murder, was in possession of \$700, the pair, according to Mrs. Fergione's confession, lured the woman into the foothills of the Rocky Mountains under pretense that the latter's husband, who had been missing for some weeks, had been located.

Mrs. Laguardia became suspicious when the party had traveled for some distance and took to flight. Mrs. Garramone, who was carrying Mrs. Fergione's 19 months old daughter, shifted the baby into the arms of its mother and gave pursuit. Overtaking the frightened woman in a few strides, Mrs. Garramone slashed open the victim's throat with a huge bread knife. The murderers then sucked the warm blood from her streaming fingers and proceeded to rob the still quivering body. Mrs. Fergione had come up by this time, and the two women, after holding a short consultation kicked the corpse over a cliff into a deep ravine. Descending to the depths of the chasm, they carefully covered the body with earth.

The police of both Golden and Denver, appalled at the horrible tragedy, today are seeking the spot where Mrs. Fergione told them the body was buried. Mrs. Garramone, from her cell in prison, screamed with anger when told of the confession, and denounced it as a lie, concocted out of whole cloth.

main object is obtaining money with dagger, stiletto or gun always over the head of the victim."

PIPE SMOKERS ARRANGE MEET

Champion Pipe Smoker to Be Determined at Big Meet Monday Afternoon—Many Enter the Contest Which Will Be Hot One.

The pipe smoking championship of the Rogue River Valley will be definitely settled at a meeting to be held at the club rooms of the University club next Monday afternoon. Already there are a large number of entries and if the sun is obscured by a great bank of smoke after five o'clock Monday don't call the fire department.

The contest resolves itself into this: each contestant is allowed to use his favorite pipe. He is given so much tobacco to smoke. He must keep his pipe "going" and is allowed only one match. The man who keeps the clouds rolling the longest is declared the victor.

Already several preliminary matches have been smoked. One man holds the record of a pipefull for 52 minutes—and that is no pipe dream. The world's record is 2 hours and 18 minutes. Two ounces of tobacco is the regulation allowance.

WHEN YOUR HAIR IS DULL AND DUSTY

"Washing the head requires time, exposes one to catching cold, and when all is done it is a question if you have helped the appearance of your hair.

"On the other hand, a dry shampoo requires only a few minutes. The powder is sprinkled on the head, then brushed thoroughly through the hair. That's all there is to it. It takes out all the dust, oil and dandruff and leaves the scalp rested, cool and refreshed.

"The best dry shampoo powder is a mixture of four ounces of orris root with four ounces of therox. Therox is a natural hair grower and makes the hair glossy, brilliant and fluffy. Use this dry shampoo once a week, and if your hair is inclined to be harsh, dry or faded it soon will become soft, lustrous and silky."

THEROX FOR SALE HASKINS' DRUG STORE

A STITCH IN TIME SAVES NINE

TEETH Attended to in time save Trouble, Expense and above all your health

The icy blasts of winter will soon be here, accompanied by all the usual aches and pains, of which toothache is by no means the least. Wouldn't it be wiser to have your teeth attended to at once, during the beautiful ideal weather of which only Southern Oregon and the Rogue River Valley can boast, than to wait until driven to a dentist by sore and aching teeth caused by neglect and cold rainy weather? Consult me now and save trouble and expense later. Remember, I use only the most expensive quality materials and all my work is guaranteed. Lady attendant.
