COOL WATER IN THE HOT SUN APPELL'S South African WATER BAG Keeps water cool 48 hours or longer, in sun or shade; great boon to prospectors, surveyors, sportsmen, stockmen, farmers, teamsters, anyone exposed to dry or warm weather. Used by U. S. Gov't. Strong, light, easy to carry. Guaranteed. This Letter Typifies the Attitude of All Users. While in Nevada recently I had occasion to drink out of one of your South African Water Bags. Water from the bag certainly tastes good on the tongue. We used one of your 2 1/2 gallon bags and the water remained cool all day, even though the temperature was over 100 on the shade, and in the morning I found the water sparkling and as cold as ice water. It certainly is a boon to those living in the arid regions. Yours Sincerely, W. R. WIDNER FOR SALE BY DEALERS EVERY WHERE Made by Adams Appell Water Bag Co., Portland, Or.
