

FAST TO GET WOMEN BALLOT

To Aid Suffragettes of California In Their Battle, Thousands of New York Women Go Without Luxuries for a Week.

NEW YORK, Aug. 15.—To aid the suffragettes of California in their battle for the ballot, thousands of New York women today began a "fast" to continue for one week, during which period they are pledged to eat only the "necessaries of life," to renounce the soda fountain and all its works, to abstain from confections and other little luxuries dear to the feminine tum-tum, and to abjure theatres, roof gardens and other sources of unnecessary expense.

The money thus saved is to be turned into a fund to be expended in hammering the equal right question into the heads of masculine voters of the Golden state before the election on October 10.

It is expected that thousands of dollars will be added to the war chests of the western suffrage campaign committee by reason of the "fast" of the metropolitan devotees of the cause.

Practically All Insurance Claims Arising From San Francisco Disaster Now Paid—Total of Hundred and Sixty-three Millions Paid Out.

SAN BERNARDINO, Cal., Aug. 15.—Practically all of the insurance claims arising from the earthquake and fire here in 1906 are now settled and the underwriters' reports today show a total of \$163,713,330 paid out. Within the last few days a number of satisfactions of judgments have been filed and the calendar is nearly clean.

REQUISITION DEPENDS SOLELY UPON THE DOG

SALEM, Or., Aug. 15.—"If Dick was a dog like some I possessed I may grant a requisition. If he is like others I have owned, I am sure the man should go free. Much depends on the dog," said Governor West today when asked if he would grant a requisition for Roger Snow of Bakerville, Cal., who is alleged killed "Dick," a pet bulldog of W. W. Cardwell, an attorney of Roseburg. Cardwell is anxious to prosecute Snow.

CAVIAR IS ANTIDOTE FOR ASIATIC CHOLERA

ST. PETERSBURG, Aug. 15.—Caviar is an antidote for cholera, according to an announcement just made by the Ottoman Bacteriological institute.

The discovery indirectly was brought about through a protest against the exclusion of Russian caviar from Turkish territory for fear of cholera infection.

The institute experimented with caviar that had been infected with cholera bacilli and discovered that the germs died in four days. Efforts to discover the germ killing principle in the caviar are now being made.

Home prosperity depends upon home industry, and state-wide prosperity will be greater if factories selling "Made in Oregon" goods are patronized by the local merchants.

LATE PEAR CROP IS FORTUNATE

Will Give Poor Quality Pears From California Chance to Get Off the Market—Crop Will End There Soon.

Sgobel & Day of New York under date of August 9 issued the following market report:

Fifty-five cars Monday, 30 Tuesday, and 44 to-day, Wednesday shows increasing receipts.

Bartlett—Market decidedly lower, the best of them, really very few \$2.00 to \$2.25 but the bulk are ordinary and sold today from \$1.50 to \$1.90, most of them about 165 size. The market everywhere has fallen and this drop should put the Bartletts into quick consumption, so let us hope for a better state of things. There are many cars being diverted here from middle west cities. It is fortunate that the crop in the northwest is 10 days late. Smaller shipments now from California, their crop ending.

Piņas—Market a little lower. Arrivals smallish. Eggs and Silvers \$1.10 to \$1.30. Fancy varieties from California \$1.50 to \$2.00 and lower grades \$1.00 to \$1.30. Gross and Hungarians are going to make money surely when they come.

Peaches—Very heavy arrivals about 12,000 boxes daily. Elbertas best with color \$5 to \$1.15. The bulk greenish and hard 60c to 75c. Crawford's, generally soft, 65c to \$1.00. Better prices for good peaches when they arrive.

Grapes—Very heavy arrivals Thompsons, generally sour, 85c to \$1.00 with a few at \$1.25. Malagas, all the way from \$1.00 to \$1.80. Hard to forecast market on these two varieties. Last season only 13 cars Thompsons arrived from August 1 to September 15, but now we are having several cars daily and some are not particularly good.

Very sorry to advise this drop all around here but apparently it is the same everywhere else, for a little while remembering the supplies here will be ample until the middle of next week anyway.

The mail order houses of the East would not be so prosperous if the people of this community would insist on having "Made in Oregon" goods from the local merchants. The business of this community would be better conserved if the buying public and the merchants would help along the "Made in Oregon" idea.

ASTOR OUTWITS REPORTERS ON LEAVING HIS YACHT

NEW YORK, Aug. 15.—Confronted by a whole battery of reporters and photographers, Colonel John Jacob Astor whose engagement to Madeline Force has stirred the whole country, today showed that he can dodge trouble with celerity and success.

It had been expected that Astor, on whose yacht Maoni were his bride-to-be, and her mother, would land at the New Yacht club pier and the snapshot squad was ready.

Astor, however, was "wise" and quietly landed at another pier and got clear away without a reporter "tumbling" to his ruse.
