GREEK MEETS GREEK.

(Continued from Page 1.)

ville. On June 19 Judge Calkins reduced the amount of the bond to \$100 which Bozus furnished and was released.

Wanted Pay for Jail Time. Yesterday Bozus met Spanos and demanded that he be paid so much per day for the time he was confined in the county jail. Spanos was afraid of Bozus and took the matter up with his friends. They decided to pay the claim of Bozus and get him out of the city. About 6 o'clock Bozus called at the pool room and seeing Spanos again demanded the money.

Spanos told him that he would pay the sum demanded in order to avoid trouble and while he and a Greek friend were figuring up the amount—so much per day for each day while Bozus was in the county jail—Bozus drew a gun and fired point blank at Spanos hitting him in the leg. Immediately the place was in an uproar and as Spanos attempted to get out of the danger zone Bozus shot again this time striking Spanos in the thigh severing an artery. Bozus then turned and ran out the back door attempting to get away.

It was some time before medical aid could be obtained and by that time Spanos had lost a great deal of blood, so much that his recovery is extremely doubtful.

Caught by Cingade. Bozus attempted to make his getaway down the alley behind the pool-room fleeing in the direction of the ball park. Officer Cingade was summoned at once and jumped into an automobile and gave chase. He knew the general direction in which the Greek had fled and near the ball park he saw the man dodge into the chapparel. The officer there succeeded in capturing the man. On him was found a new box of cartridges from which five shells had been removed. These were in the man's revolver, two of them being discharged. The gun was a new one which the Greek had just purchased at a local hardware store.

Reports from the hospital today are to the effect that Spanos has a very small chance to recover. Bozus will be bound over to await the grand jury.

GIRL SUBJECT BY HYPNOTIZING DENTIST

SAN BERNARDINO, Cal., Aug. 17.—Breaking into the offices of A. W. McDavid, dentist, last night, Chief of Police Meshoit found huddled in a corner a baby at the breast of Miss Jessie McDonald, a high school girl for whom detectives employed by the father have been searching for fifteen months all over the state.

The girl was a plump figure, clothed in rags and wasted to a skeleton. She told the officers she had been confined almost the entire fifteen months in a small apartment adjoining the dentist's office. McDavid, a married man, was arrested. The girl charges him with holding her in subjection through hypnotic influence. Barely twenty-one years old, she told a story of awful suffering while avowing her love for McDavid.

FRONTIER PATROL IS RENEWED

WASHINGTON, Aug. 17.—The patrol of the California frontier by United States troops abolished a short time ago was ordered reestablished by the war department because of the threatening situation just south of the border in Lower California, Mexico.

A company of coast artillery at San Diego has taken the field for patrol duty from San Diego to Yuma, Arizona. Mexican rurales are now traveling on American soil to search the scene of the disturbance. It is feared that some of the disturbers might attempt to seek refuge north of the line.

AUTO TIRE SAVES AVIATOR STONE

CHICAGO, Ill., Aug. 17.—Arthur Stone, driver of a Queen monoplane, was snatched from death at the international meet yesterday Howard Gill in a Baby Wright wrecked the machine but was unhurt. Lincoln Beachey glided safely down 3000 feet after his engine stopped.

Stone fell into the lake at dusk and was rescued by a motor boat being in the water half an hour. He was saved by an automobile inner tube tire which his wife tied about his shoulders as a life preserver. Unnerved by the deaths yesterday of Berger and Johnstone, many of the birdmen protested against going up, but the judges insisted.

Beachey unofficially made today's altitude record of 7076 feet.

GRANTS PASS HAS HYSTERICIS

Residents of Down Valley Town Have Been Seeing Things—Ghost Walks the Streets and Residents Are Frightened.

Grants Pass is seeing things.

Reports drifting down from the metropolis of the lower Rogue River valley are to the effect that a ghost has put the town on the hummer. No business is being done these days for no one can talk of anything except the ghost. A few nights ago over 100 men got out and spent the night trying to run the spectre down but failed after they had chased it down across Tar Flat and into Rogue river. Hysterics is the order of the day.

The ghost first appeared two weeks ago. It was seen on the street—a tall figure of a man walking deliberately with arms folded. The faster one went after it the faster it seemed to glide over the ground then suddenly presto—it disappeared.

The town marshal went after it and takes his oath that the unknown walked over the waters of Rogue river as easily as a man would walk across a street.

The ghost has even called on a physician of the city and so badly shocked the professional man that he nearly went into hysterics.

The newspapers of the little city have had very little to say regarding the affair. One of them however decided the credulence of the residents of the city.

Evidently some one has fixed up some very clever stunt, and as Bud Fisher originally said has "got the goat" of the entire city.

NEW LOW RECORDS IN STOCK MARKET

NEW YORK, Aug. 17.—Selling of stocks was resumed at the opening of the stock market today. Great North-eastern preferred lost 1 1/4, and St. Paul, Missouri Pacific, Reading, Northern Pacific and B. R. T. each 1. There were large fractional gains in Union Pacific, United States Steel and National Lead and Canadian Pacific rose 1. Later the list sold off and some new low records were made, including the Hill issues, Southern Pacific, Reading, Atchison, New York Central and Amalgamated Copper. The market closed steady. Bonds were easy.

Freckles Gone

"Simple Remedy from 2 Removed Them," Says Society Lady.

"The best skin specialists told me that nothing would remove my freckles and that I would carry them to my grave," said a well known society woman, "but I fooled them all with a new drug, othine—double strength, that I bought at my druggists which cleared my skin and gave me a fine complexion."

The action of othine is really remarkable, for when applied at night, many of the freckles disappear entirely by morning, and the rest have begun to fade. An ounce is usually all that is needed, even for the worst case.

Be sure to ask your druggist for the double strength othine, as this is sold under a guarantee of money back if it fails to remove the freckles.

HAPPY RESULTS

Have Many Many Medford Residents Enthusiastic.

No wonder scores of Medford citizens grow enthusiastic. It is enough to make anyone happy to find relief after years of suffering. Public statements like the following are but truthful representations of the daily work done in Medford by Doan's Kidney Pills.

A. Z. Sears, 231 Fifth street, Medford, Or., says: "Since publicly recommending Doan's Kidney Pills in 1907, I have used them occasionally and they have always brought good results. I was afflicted with severe pains in my back and I often found it almost impossible to stoop. The kidney secretions passed too frequently and this weakness was a source of much annoyance. Hearing Doan's Kidney Pills highly recommended, I procured a box at Haskins' drug store and by the time I had finished the contents I could see that they were the right remedy for my trouble. Gradually the pains and other difficulties disappeared and my health improved. I cheerfully recommend Doan's Kidney Pills to everyone afflicted with kidney complaint."
