BUTTE FALLS ITEMS.

Emerson Wheeler, alderman of Butte Falls, has been paying a business visit to Medford. Mr. Wheeler says the council has been duly organized and the corporation is rapidly shaping itself for business.

The city council has appointed Mr. Taugate as recorder in place of Mr. Marcy, who was elected but failed to qualify.

Steps are being taken to purchase a lot on which to build a "cabalooose" as it is necessary to have some place of confinement for the roughs and rowdies.

A Mr. Gardner, who has been working at the mill, has left Butte Falls and gone to the valley to go south.

Judge Rustin of the surveyor, has been in Medford for some time on business but is expected to return in a short time.

The mill is running on short time, being engaged in installing a new water wheel.

Dad Marcy has moved into his new store room and has a good stock to supply his trade.

The water question is likely to be compromised, which will be a wise thing for all concerned, as the town's not in a condition for litigation and a consideration of the mutual rights of all concerned is the best step in the premises.

There is no letup to the incoming visitors, many of whom pitch their tents and stay to enjoy our climate.

The traffic on the railroad is steadily on the increase and every train brings in not only passengers who are looking around, but also large consignments of store freight for our merchants.

There is some talk that an incorporated company of local men intends to take water out of Butte Creek below the dam for irrigation purposes.

The funeral of Mrs. Karnes was largely attended by many friends of this estimable lady. She was buried in the local cemetery, the Rev. Mr. Jones of the Presbyterian church officiating. She leaves to mourn her loss a husband and two young boys.

Mr. Hendricks, late of the unsurveyed lands, has moved his family to the Falls.

Fred Medynski and Mr. Whistler who have been at Mr. Medynski's homestead, after a stay of some time have returned to the valley.

All differences between the opposing factions in the incorporation matter should now be laid at rest and all should pull together and push the town forward to the place it ought to occupy and it will not be long before Butte Falls will attain an enviable rank.

Colonel Sargent, who has been rustling with Mose Alford and family, has returned to the valley, having enjoyed himself very much and being much pleased with our section and its many attractions.

Mrs. Wharton and family are visiting in Medford.

The Duprey hotel is now a rooming house and can accommodate the traveling public, while the Robinson & Cross restaurant can feed it.

J. P. Hughes has been unusually busy during the season and is replenishing his stock to meet the demands of his trade.

Mark Baker is night watchman at the mill and giving good satisfaction to the company.

The hunting season has hardly opened for our local hunters, but many with gun and rod come in from the valley to try their luck in our hills and streams.

MARKET OFF SUISUN PEARS

Sogbel & Day State That Over Supply of Pears and Peaches in New York Weaken Market—Apples Plentiful in Gotham Market.

Sogbel & Day of New York under date of August 12, issued the following market naturally lower. The best of them, of good size \$2.00 to \$2.20, but the great bulk river and some Suisun sold mostly from \$1.30 to \$1.70. Some of these had nearly 200 pears to the box and were commencing to color up. Market had everywhere and as 77 cars are advertised for Monday we anticipate same prices but with less diversions from the west, therefore lighter receipts. We hope for better market later next week. Of course, this fruit, like all others, suffers from over-supply of the other kinds.

Peaches—Immense arrivals, actually 22,000 boxes yesterday and the bottom has dropped out of the market. Elbertas 50c to 90c, Tuscan Clings 70c to \$1.10, Crawford, Fosters, etc., 40c to 80c; some of the latter are soft, but Elbertas fairly good generally.

It is simply a question of over-supply, particularly of Bartlett and peaches. Erie dock full daily, sales 9 a. m. to 3 p. m., and deliveries only completed by midnight. Naturally other nearby grown fruits are coming in here and they all tend to depress things, and the only consolation being that other markets are lower than ours except on peaches and grapes. Immense receipts here of early apples which are selling \$1.25 to \$1.75.

STOP THAT DANDRUFF

before it kills your hair. You know dandruff is a germ disease and it leads slowly and surely to baldness and there is only one way to cure dandruff and that is to kill the germ that causes the trouble.

Greasy salves will never do this. ZEMO and ZEMO SOAP kills the germ and are guaranteed to cure dandruff, itching scalp and all other germ diseases of the skin and scalp. ZEMO and ZEMO SOAP are the true scientific remedies for these afflictions. To show our faith in ZEMO and ZEMO SOAP we have instructed the druggist selling them to refund your money if you are not satisfied with the results from the very first bottle and the first cake of soap.

We can afford to make this offer because one bottle of Zemo and one cake of soap are sufficient to show their healing qualities and if used according to directions they will effect a permanent cure.
