SHIP GRADER SOUTH SOON

Clark & Henery Construction Company Have Nearly Completed Grading On Contract Recently Let Them by City.

Within the next few days the large grader which has been in use grading the streets of the city for the past two years for paving by the Clark & Henery Construction company will be shipped south, where Contractor Peck, who held the sub-contract under the Clark & Henery company, has secured contracts for railroad work. The grader has finished nearly all of the streets to be graded for the completion of the latest paving contracts let by the city.

Work is being rushed on street improvement and by September 15 the contract will be completed unless new streets are ordered improved. A number of petitions are now in for this purpose.

REDUCTION IN WORKING TIME DUE TO QUIET BUSINESS

SAN FRANCISCO, Aug. 23.—F. C. Ahearn, head of the department of economics of the Harriman lines, declared here today that the reduction in working time ordered for 6900 men on the Pacific division was simply the annual recurrence of a condition of traffic which has existed for many years.

"The amount of the reduction in expenditure ordered at this time," he said, "is no larger proportionately than last year or any other previous year for a considerable period. It is unfortunate that the time for reducing our working forces in the absence of business has coincided with the strike agitation on the part of our shopmen. This has caused us to order no men dismissed this season, but that the working time per day and the number of days per week should be reduced instead.

"We anticipate that within a short time, perhaps 60 days, conditions will return to normal."

JURY CHOSEN TO TRY BEATTIE

Four Pre-emptions Used by Defense Uncle of Dead Wife to Be First Witness Called by Prosecution When Case Starts.

CHESTERFIELD COURT HOUSE, Va., Aug. 23.—Selection of the jury which will try Henry Clay Beattie, on the charge of having murdered his wife July 18, was completed today. After W. P. Rocks farmer, and M. Blankenship, farmer, had been accepted as 15 and 16 jurors respectively, attorneys Smith and Carter for the defense eliminated jurors Covington, Deere, Condrey and Landy by the process of peremptory challenges, and the jury then stood completed.

Prosecutor Wendenburg announced that Thomas Owen, uncle of Beattie's dead wife, would be the first witness for the state. It is expected that the state's case will be completed by the end of the week.

Neither Benlah Binford nor Paul Beattie was present at the trial today.

SATALOO, Idaho.—Believing the dynamite explosion which wrecked the home of J. B. Van Reuren, a local merchant, was a deliberate attempt to kill Van Keuren and his family, the authorities are making an exhaustive effort to catch the perpetrators today. Van Keuren admits he has enemies.

PORTLAND, Or.—An ordinance was introduced in the city council today by Councilman Wallace providing that a "vice-commission" of 15 persons be appointed to investigate the vice conditions of Portland. Wallace's action follows charges of graft and corruption in the police department.

PORTLAND, Or.—Determined that reckless and rapid automobile drivers must go, the Portland Automobile club will employ a special detective whose duty will be to arrest every fast driver, whether a member of the club or not.

FUNERAL SERVICES JOHN GATES HELD

NEW YORK, Aug. 23.—Funeral services today were held over the body of the late John W. Gates, the noted American financier who died in Paris some days ago.

So numerous were the friends, acquaintances and admirers who flocked to the Hotel Plaza, where the funeral was held, that a squad of 100 policemen was required to handle the crowd.

After lying in state in the hotel assembly room, where it was viewed by hundreds, the casket was taken to Woodlawn cemetery, escorted by a cortege composed exclusively of automobiles.

LOSS SUSTAINED BY SOUTHERN PACIFIC SMALL

General statement has been made by a number of newspapers throughout the state in regard to the loss sustained by the Southern Pacific company on the Drain-Marsfield line, which it is claimed, erroneously, amounts to \$2,000,000, whereas as a matter of fact the loss will not exceed \$60,000, as the steel structure and other material can be taken up and used elsewhere.

Newspapers also have published a statement that the Corvallis & Eastern railway could be extended from Yquima to Newport for \$100,000. The figures the Southern Pacific company have show the expense would be nearer \$250,000 and the line when constructed would be very expensive to maintain.
