

FRENCHMEN BUY GOLD HILL MINE

Controlling interest in Galls Creek Purchased by Syndicate Headed by R. Boudier—Sams Valley Mine to Be Operated.

A controlling interest in the Bill Nye mine on Galls creek has been purchased by a French syndicate represented by R. Boudier, who has just completed the transaction with F. C. Bellamy, representing the eastern capitalists who owned the mine. Operations, which have been suspended owing to litigation among the people represented by Mr. Bellamy, will be resumed immediately, says the Gold Hill News.

The Bill Nye, which is equipped with a stamp mill and an electric power line, has been a good producer. It was formerly owned by H. B. Nye, and under his management much rich rock was taken out.

The five-stamp mill on the Weatherby property in Sams Valley, known as the Trustbuster, will soon be in operation.

The new two-stamp mill on O. C. Tiffany's Last Chance mine on Galls creek will be running next week.

G. L. Haff has bonded his Blossom mine on Sardine creek to San Francisco people.

Since the selling of their power interests, the Rays have announced that they will henceforth devote their energies to the development of their mining properties, which means that the Braden on Kanes creek will soon be in operation, and probably several other mines owned by them in this district.

With the Sylvanite and Grey Eagle in operation, together with the other mines on which work will soon be resumed, the Gold Hill district will see more mining activity than it has for many years.

DARNELL IS SENT TO ASYLUM FOR INSANE

James K. Darnell, who lost his reason owing to a continued spell of sickness which extended over eight years, was taken Sunday evening to the state asylum for the insane at Salem. He was committed to the asylum late Saturday afternoon.

Mr. Darnell has long been a sufferer, being practically helpless during the past eight years. Recently he lost his reason entirely and made one or two attempts to take his life. This led to his commitment to the asylum where he can be properly guarded.

TO MOVE ENTIRE TOWN TWELVE MILES ON FLATCARS

GRAND JUNCTION, Col., Aug. 28. As a result of the completing of the Utah railway the entire town of Dragon is to be moved 12 miles. Dragon, boasting 600 inhabitants, will be moved bodily on flat cars to Temple, which will be the new town. Houses, shops and stores will be transported to the new location. The new town-site is in Utah and Dragon will no longer be a postoffice in Colorado.

EAGLE POINT EAGLETS.

Mr. Chandler who bought a part of the Green Mathews place, is building a fine house for himself. Mrs. Joseph Gippert, little daughter and Mrs. T. J. Corum, another daughter and two children, came in the Butte Falls train and spent the day at the Eagle Point, taking the evening car for Medford.

Charles Terrell, son and nephew were pleasant callers Wednesday for dinner on their way to "The Hub." Mrs. Leadbetater and family and friends, a party of six from Portland came on Wednesday in an auto for dinner on their way to Crater Lake.

The same day S. M. Wood, wife, brother Walter and Miss Carrie Poole of Ashland, came in their auto for dinner; also Mr. Bishop of Medford, formerly foreman at the Alvesta orchard, and Mr. Grubb, one of the men who bought a part of that orchard, called for dinner; also George Grigsby, formerly of Agate, but now of Lake Creek, besides a number of strangers who I did not know.

Our town is getting to be quite attractive to the outside world and it is getting to be somewhat like Medford. There are so many strangers here now that it keeps one guessing to place all of them.

There is at present a number of teams engaged grading the streets out from the depot. I understand that the railroad company has agreed to furnish the gravel and the citizens owning the lots along the route are to place it on the streets. It is a work that is greatly needed, as in the winter that part of the town becomes very muddy.

Brown Bros. new store building has been delayed in the construction for a while on account of the failure of the heavy steel beams to arrive from Portland. The house is 70x35 feet and two stories high, the upper part to be used for a hall, possibly a meeting place for secret societies.

Heath & Diamond, one of our mercantile establishments, are getting in a large lot of fine stove wood and intend to have it on the market for the winter trade, a fine thing for the town, for last winter people who were short on wood had to pay fancy prices as it had to be hauled in the mud.

Miss Clara Zimmerman who has been taking the place of Miss Maggie Dollie in our central phone office, is now giving instructions to Mrs. Bessie High, nee Bessie Hazelton, in the art of using the switch board, as Mr. Lewis has decided not to try to attend to the business.

I see by the Mail Tribune of recent date that there is a move on foot to place sign boards at the cross roads in the county, something that is greatly needed; as it is very difficult for a stranger to tell which road to take when traveling, as in many instances they will run almost parallel with each other for quite a way. I remember a few years ago I was traveling in Lynn county, aiming to go from Albany to Coburg. The smoke was so dense we could not see the sun or the hill off to my left and we would go on a few miles and then come up square against a fence and one road would turn to the right and the other to the left and no signboards and no house in sight, so we had to go by guesswork and the result was at night when we reached Coburg we found that instead of traveling forty miles as we should have done we had traveled sixty-three miles, all because there were no signboards. Whoop the move up!

Those indefatigable hustlers, J. F. Hutchason and R. C. Reames of Medford, who are working in the interest of the New York Mutual Life Insurance company, came in Thursday night in their auto, took supper and started for Prospect, and the next morning S. H. Harnish came in with Jud Edsal, sick, and reports that they were hung up along on Reese creek, but they had their "drug and blants" so they were all right anyway.

W. W. Usher of Medford called Thursday night at the Sunnyside for the night. He is soliciting for the Medford Business College and seems to be greatly encouraged in the undertaking, and has great hopes for the future of Medford.

Medford, Ore., Aug. 9, 1911.—This is to certify that about November my daughter was taken with a severe attack of rheumatism which rendered her left arm useless, in fact it was so near paralyzed that she was not able to move her fingers, but knowing of some of Dr. Chow Young's marvelous cures of long standing cases of rheumatism, we decided to consult him, in which I am pleased to say made no mistake, as his remedies acted as he claimed they would and after the third treatment the rheumatic pain entirely left her and she has not had any symptoms of rheumatism since; besides her general health is much improved and I do not hesitate in saying I believe those afflicted with rheumatism or paralysis will do well to consult Dr. Chow Young, whose house is corner of Tenth and Front street, Medford, Oregon. OPEN BIDS FOR BRIDGE TONIGHT

City Council Will Meet in Special Session This Evening—Bridge and Rockpile to Be Discussed by City Dads.

The city council will meet in special session this evening for the purpose of opening bids for the construction of the approaches to the new concrete bridge to be constructed over Bear Creek on Main street by the county. Several bids are expected.

The city council will also devise a plan for the working of confined vagrants and drunks for the benefit of the city. A rock pile or woodpile will be provided in all probability but the council may decide to work the men on the streets of the city.

The city dads will also take up the matter of providing for a same fourth of July in the city hereafter. A tentative ordinance providing for this has been prepared.
