TOO MANY PEARS; PRICES LOWER

New York However is Paying the Highest Prices for Fruit as There is Found the Greatest Demand—Better Market Soon.

Sgobel & Day of New York under date of August 23 say:

Of course the market for Bartlett's is lower because even New York cannot take the huge quantities thrown on us day after day. The averages were for Monday \$1.46, Tuesday \$1.40 and about \$1.40 today, and we believe these are higher than any other city largely owing to the fact that within fifty miles of our city hall we have it is said, ten millions of people and these wagon boys and corner stands force these pears down the throats of everybody. The averages include all the poor quality and yellow ripens remember. Good Bartlett's today are worth \$1.50 to \$1.90 and the Suisun and River sold \$1.20 to \$1.40 and dragged down averages. Decreasing shipments from California but increasing from the northwest and Colorado. Better market when lighter supplies come.

Huge arrival of peaches, almost all from Fresno section, Elbertas making 60c to 80c, but a few handsome Colorado and Northern California Elbertas sold lively \$1.10 to \$1.40.

TOM LAWSON FINED FOR RUNNING LOTTERY

PLYMOUTH, Mass., Aug. 29.—Thomas W. Lawson, the noted Boston financier, today was convicted of conducting a lottery and a fine of \$100 was imposed. Lawson will take an appeal to the superior court.

The case grew out of a scheme to attract attendance to the Marshfield fair. Lawson offered a horse and buggy to the lucky holder of a number to be drawn by lottery. Each admission ticket carried a duplicate slip with the number of the ticket and from these numbers the drawing was made.

HAWLEY SOUNDS PRAISES FOR TAFT

Standpat Representative From a Progressive State Will Take stump for President and Support His Policies.

SALEM, Ore., Aug. 29.—Representative Hawley republican stand-patter, who has just returned from Washington thinks the democrats didn't strengthen themselves before the people, "either by the tariff measures they presented or the gag rules under which they were put through congress."

Hawley who is dubbed the "stand-patter from a progressive state," is loud in praising Taft. He expects to tour his district in November when it is expected he will come to the defense of Taft's "tariff revision on a moderately protective basis" idea which was given to the public after congress had adjourned and his veto message had effectively killed the tariff revision measures passed by the democrats.

NBODY LOVES A FAT MAN SO HE JUMPS IN RIVER

DONALDSONVILLE, La., Aug. 29.—Before he jumped into the Mississippi river Wilson Arnold, a wealthy contractor, left behind a note reading: "I'm so fat even my wife no longer loves me."

Arnold failed to take into account the specific gravity of his 300 pounds. He went down a few feet and came to the surface. Two miles down stream he floated being picked up by a party in a skiff.

BEGIN CAMPAIGN FOR HOME RULE

Political Parties in Great Britain Line Up for Struggle—Conservatives to Fight Movement to Last Ditch.

LONDON, Aug. 29.—Now that parliament has adjourned, the three political parties interested—liberals, conservatives and Irish nationalists—are preparing for the home rule campaign in the fall.

The United Irish league has received from "Willie" Redmond, son of John Redmond, the home rule leader, \$50,000 as the first installment of subscriptions he is collecting in Australia for the home rule cause. He promises at least \$25,000 more before his deputation returns to Ireland. Irishmen everywhere, rich and poor, are sending money to the league's headquarters. The movement will not lack funds.

In England the liberal government declares its intention of keeping its bargain with the Irish who helped the government to pass the veto bill, which destroyed the power of the house of lords, in the past an insurmountable obstacle in the path of home rule. Its most brilliant orators will be sent throughout England, Scotland and Wales to tell the electors why Ireland ought to be given control of her domestic affairs with a parliament at Dublin.

The conservatives, or unionists as they prefer to be called, will fight home rule to the end, backed by the landed interests. The home rule bill probably will be introduced in February of next year after a six months' agitation in its favor. The house of commons will, of course, pass it and the lords will with equal certainty reject it. The veto bill, however, provides that a bill, passed thrice by the commons and thrice rejected by the lords shall become law automatically without the lords' assent. Therefore home rule may be put through in record time.

SHOAF'S FATHER ABANDONS SEARCH FOR LOST SON

LOS ANGELES, Cal., Aug. 29.—Without a single clue to a solution of the mysterious disappearance of his son, George H. Shoaf, writer for the "Appeal to Reason," who is said to have discovered evidence that the McNamara brothers were not implicated in the dynamiting of the Los Angeles Times building, Captain G. S. Shoaf, head of the detective force of San Antonio Texas, today discontinued his search.

The captain has been denied a view of the battered hat and bludgeon found after the disappearance until Captain of Detectives Flammer returns from a vacation. He declares that a look at these articles is necessary to his search and will make no further direct efforts until the exhibits are produced.

Medford, Ore., Aug. 9, 1911.—This is to certify that about November my daughter was taken with a severe attack of rheumatism which rendered her left arm useless, in fact it was so near paralyzed that she was not able to move her fingers, but knowing of some of Dr. Chow Young's marvelous cures of long standing cases of rheumatism, we decided to consult him, in which I am pleased to say made no mistake, as his remedies acted as he claimed they would and after the third treatment the rheumatic pain entirely left her and she has not had any symptoms of rheumatism since; besides her general health is much improved and I do not hesitate in saying I believe those afflicted with rheumatism or paralysis will do well to consult Dr. Chow Young, whose house is corner of Tenth and Front street, Medford, Oregon.
