TELEGRAPHIC TABLOIDS.

SAN FRANCISCO.—Miss Emily Bolivar is afraid of all men. This is her given reason for refusing to ride in a hotel bus with men. She set out to make her own way in the world but will be returned to her home in San Jose.

SAN FRANCISCO.—A howling cat endangered the lives of Mr. and Mrs. James Sullivan and their six children early today. Mrs. Sullivan got up to investigate and upset an oil lamp. The house burned down and the family barely escaped.

SAN FRANCISCO.—Two big Golden Gate Park elk are back in the fold today. They gave mounted policemen a thrilling wild west experience rounding them up.

WILLOWS, Cal.—An artesian well near here for family use is spouting like a geyser. It irrigates 300 acres.

SACRAMENTO, Cal.—The new county jail and steel bridges were guaranteed to be absolutely fireproof. The supervisors, however, had fired insurance policies written for more than \$100,000.

LOS ANGELES, Cal.—Aviator Frank Champion in a Bleriot monoplane today made the longest cross country flight yet accomplished on the Pacific coast, flying from Ocean-side, Cal. to Long Beach, Cal., an estimated distance of 64 miles in 55 minutes. Although over rough country part of the way, he was compelled to keep low on account of the fog.

SMALLEY'S PROPHECY.

IN 1870, George W. Smalley, celebrated war correspondent and journalist, spent several months in the Rogue River valley. During the preceding years there had been some immigration to the valley and a slight reaction had followed the expansion succeeding the civil war period.

One evening Mr. Smalley was at Woodville. There were a large number of pioneers and old timers gathered at the store and the talk of the future was very pessimistic. It ran in this vein:

"There are more people here now than the country can support—getting overcrowded—too many people coming in. What can we do with them all? The good old times have gone. The valley will go backward. The mines have played out—only a little can be raised on the land. There are no resources—nothing to support the population now here. Times are bad and likely to get worse."

After listening to this kind of talk for some time, Mr. Smalley astonished the natives by the following prophecy: "I have traveled all over the world and have visited and written about nearly every civilized country, so I know what I am talking about.

"The Rogue River valley is destined to be one of the most populous districts in the world. You have many times the natural resources that districts in Europe or Asia have that sustain populations exceeding a million.

"Some of you will live to see the day when this valley will be one large garden and orchard—dotted with costly mansions and cozy cottages, with a highly cultivated and intelligent class of people, all under irrigation, and every acre of land utilized. Your mountains are covered with forests that some day will be valuable and sprinkled with precious metals and forests and mines will supply payrolls and industries.

"You do not realize what you have—you are so used to it. You do not comprehend the commercial value of your climate. You do not realize the wonderful fertility of your soil and the variety and wealth of your undeveloped resources. But some of you will some day."

Over 40 years have passed since this prediction was made. Some of it is beginning to be realized. Some of us will still be alive when the balance of the prophecy comes true.

In 1870 the valley had but a few thousand population—and the pioneers thought it was overdone. The same wall was heard from the mossback then that is heard today—and that will be heard when the population reaches a million.

Next time you hear the pessimist, remember that he was howling along the same lines 40 years ago and if he lives will still be howling 40 years hence.

BUTTERFIELD BUYS BANDON RECORD

The Bandon Recorder, a semi-weekly paper published at Bandon, Or., contains the following announcement of the purchase of that paper by L. J. Butterfield, formerly a printer in the employ of the Mail Tribune, and well known throughout the Rogue River valley:

"A change has been made in the stockholders of the Recorder Publishing Company, in which L. J. Butterfield, who has been identified in the business for the last year, has taken over a large block of the outside stock, the entire amount of which is now owned by C. E. Kopf and L. J. Butterfield, both practical printers, and newspaper men, and we feel that we will now be better prepared than ever to give the people of Bandon a first-class, up-to-date paper and one that covers the field."

RECALL JEFFRIES BECAUSE OF MOTHER'S ILLNESS

LOS ANGELES, Cal., Sept. 5.—To overtake them on their bear hunting expedition on the Kenai Peninsula in Alaska, a special train bearing a messenger today is flying across Alaska to notify James J. Jeffries, former champion heavyweight pugilist, and his brother John of the serious illness of their mother here.

The aged mother of the former champion believes that she is to die and wants her boys with her before the end comes.

When Joe Jeffries last heard from his brothers they were in the vicinity of Lauber.

FORTY-TWO STORY BUILDING FOR SEATTLE A REALITY

SEATTLE, Wn., Sept. 5.—Burns Lyman Smith, son of the late L. C. Smith the typewriter magnate, has signed a contract for the erection in this city of the forty-two story Smith building. It will be the third highest building the world. Work will begin October 1. It will be erected as a monument to L. C. Smith.

GIVES LIFE BLOOD TO SAVE AFFIANCED BRIDE

SPOKANE, Wn., Sept. 5.—Hope for the recovery of Mabel Monte, 19, was held out today following a blood transfusion operation, to which Elmer Gaines, of Lewiston, Idaho her affianced husband, submitted, in an effort to save her life. Her vitality which was at a low ebb, has been mounting since the operation.

WOODVILLE BECOMING FREIGHT SHIPPING POINT

Woodville as a shipping point is attaining prominence. Five cars of hay, seven cars of lumber and two cars of wood were shipped from this point last week, says the Woodville Argus. And what is more, there is every indication that we will continue as the leading shipping center for the next several weeks, as the yards are full of wood and lumber and the fall shipment of hay will commence in earnest within the next month. The hay crops in this part of the country are the best in several years. In nearly every instance the farmers who grow alfalfa will harvest the fourth crop, and the grain hay is of both excellent quality and quantity. Messrs. Bagley and Streets are perhaps the heaviest growers, they having baled about 250 tons of grain and alfalfa hay with another crop coming on to be kept for home consumption. The prices received for the hay will average about \$14 per ton and when you figure three tons to the acre—an average yield—and four crops at \$14 per ton for a grand total of \$588 per acre. Surely some of our eastern brothers will sit up and take notice.

FUNERAL TRIP SUPPLANTS COUPLE'S BRIDAL TOUR

NEW YORK, Sept. 5.—Instead of going to California as man and wife, Miss Catherine VanWyck and William A. Childs, Jr., are in the morgue here today. Childs, who is the 20-year-old son of William A. Childs, a millionaire of Englewood, N. J., but now in Los Angeles, shot the girl at Quaque L. L. and turned the weapon on himself, dying within an hour. Friends say that young Childs wanted Miss Van Wyck to marry him and go to Los Angeles, but she refused. They had been friends since childhood. Childs graduated from Princeton last June.

Married.

Arthur S. DeSantel of Jackson county and Miss Ruth Randle of Grants Pass were united in marriage at the home of the bride's parents, Mr. and Mrs. John Randle of this city, on Sunday morning, at 9:30 o'clock. Only immediate relatives were present to witness the ceremony which was performed by Rev. F. C. Lovett. The bride is one of Grants Pass' charming young ladies, who is popular in the younger circles of society in which she moves. Many Grants Pass friends join with those of Jackson county in wishing the young people much happiness and prosperity in their wedded life. —Courier.

DARROW VIEWS DYNAMITE EXHIBIT

For First Time Since Connection With Case, Attorneys for Defense Examine Articles to Be Used as Evidence in Trial.

LOS ANGELES, Sept. 5.—For the first time since their connection with the case, Clarence Darrow, chief counsel for the defense, and his associates today viewed the exhibits in the case of John J. and James H. McNamara, who will face trial October 11 for alleged complicity in the destruction of the Los Angeles Times building.

Among the articles viewed by defense counsel were sticks of dynamite, letters and telegrams, "clocks" and bombs and receipts for money which John J. McNamara is alleged to have given Orrie E. McManigal in payment for alleged dynamites.

District Attorney John D. Fredericks and his assistants today moved their offices to the new hall of records building, where 30 rooms in the north half of the top floor have been set aside for their use.

With the case scheduled for trial five weeks hence, both the prosecution and defense are busy preparing and assorting documents and evidence.

ASHLAND BAPTISTS RAISE THREE THOUSAND DOLLARS

The new Baptist church, which was dedicated at a series of services held Saturday and yesterday, is unincumbered by any debt as the result of the splendid generosity displayed at the three meetings yesterday, at each of which an opportunity was given those present to contribute toward the fund to pay off the remaining indebtedness of \$3100 says the Tidings.

At the morning service about \$2,215 was subscribed. In the afternoon the sum was raised to \$2,500 and in the evening the balance was contributed.

The lecture by Dr. J. Whitecomb Brougher Saturday night was in the nature of a housewarming, it being the first service held in the building since its completion last week.

At the opening of the service yesterday morning, the pastor Rev. E. H. Hicks, was agreeably surprised by seeing a handsome new window just unveiled, which had been purchased by the congregation as a tribute to their pastor. Mr. Hicks acknowledged this gift gratefully.

SEEK RECOVERY OF OIL LANDS

Federal Government to Sue Southern Pacific and Kern Trading and Oil Company for Property Fraudulently Acquired.

PORTLAND, Or., Sept. 4.—It became apparent today that the federal government is determined to sue the Southern Pacific company and the Kern Trading and Oil company, a subsidiary corporation, for the recovery of California oil lands of an estimated value of approximately \$400,000,000.

The lands, which are situated in the Coalinga, Devil's Den, McKittrick, Midway and Maricopa oil fields, comprise more than 100,000 acres. It is said the suits will be filed and handled by Assistant United States Attorney General D. B. Townsend.

Townsend today admitted that he has had a number of conferences here recently with government agents, who have come from California, and he admitted previously that the government had intentions of filing suit against the railroad company for the recovery of the lands in question. It is known that he intends to go to California in a few weeks and indications are that his mission will be to complete arrangements for bringing the suit.

PARME, France, Sept. 4.—Aviator Garros reached a height of 13,845 feet, setting a new altitude record. He was almost lost to view.

CARE OF THE HAIR IN SUMMER TIME

(From Southern Style Book.) "It is impracticable to wash the hair every day to remove the ubiquitous dust. Indeed, even if possible, it would be unwise—for too much water ruins the hair and there are many who believe once in three months is often enough for the soap and water shampoo.

"Dry shampooing is the right idea, but do not place too much confidence in orris root alone. The perfect shampoo powder is made by mixing four ounces of therax with four ounces orris root. This mixture cleanses immaculately and the therax tones up the scalp and gives the hair a glossy and beautiful lustre.

"When you want to dress your hair in a hurry, just sprinkle a little of this mixture through the hair (don't use too much and sift it evenly), then brush the hair thoroughly. You will be delighted with the result."

Red Faced Men smoking BIG CIGARS talking "HOT AIR" don't always live on air, hence our remarks on charges.

The clap-trap about private sale does not prove remunerative, except for some curio of a small nature. All sellers by private sale have to wait until auctions are over so as to know what to ask, and in the case of large supplies they often get left.

Where to Go Tonight

THE ISIS THEATRE

Special Engagement of the Isis Special Engagement of KURTIS TROUPE OF TRAINED ROOSTERS

Regardless of expense, comes the greatest and only act of its kind in the world. Twenty trained roosters. It hardly seems possible that such a thing could be done, but time and patience will prove tonight what can be accomplished when Kurtis's trained roosters will give their first performance. Being the only act of its kind ever shown here, it should be a great drawing card for the next few nights. Everywhere they have performed they have caused a great deal of newspaper talk. Don't miss seeing this wonderful act.
