

APPLES SENT TO FAR EAST

Northwestern Exchange Reports Sales Made for Future Delivery Principally in Central West—Better Prices Received.

The Northwestern Fruit Exchange report as follows under date of September 9:

The demand for apples for future delivery has a sluggish tendency and it requires a good deal of persistence and enthusiasm to bring buyers to the point of actual orders. The eastern trade, by which is meant the territory east of the Mississippi, continues to show indisposition to buy ahead, and the sentiment is pessimistic and bearish. What business is being booked for export to the far east—China and Australia. The exchange reports sales as follows: One car extra fancy Idaho Jonathans at \$1.50; one car extra fancy Ganos at \$1.10 f. o. b. Idaho; four cars of Italian prunes at 65 cents f. o. b. Idaho. The exchange is negotiating sale of 20,000 boxes Washington Winesaps for export, mostly 4 1-2 and 5 tiers; 10,000 boxes for October delivery, and 10,000 for November delivery. Extra fancy grade not required, but fruit which will grade to a good fancy. The exchange wants to hear immediately from those of its members in position to supply any part of this order.

The pear market shows signs of cleaning up but prices still are low. Chicago fifth California Bartletts averaged in auction \$1.19; mixed car from Yakima Bartletts sold (400 boxes) 75c; car Medford Bartletts sold \$1.40-1.50; Minneapolis fifth car of Zillah, Wash., Bartletts averaged \$1.03; Toronto fifth car of Medford, Ore., Bartletts, by Producers' Fruit Co., sold \$1.65 to \$2.30, averaged about \$1.80. On Sept. 1st at Chicago two cars Medford Bartletts sold; one by Producers, \$1.35-1.75, averaged \$1.58. At Cincinnati Sept. 4th, California Bartletts averaged 77c one car, \$1.26 on another.

The exchange has moved a number of cars of Bartlett and other kinds of pears from Cashmere, Wash. One car was sold at \$1.50 f. o. b. Cashmere; others at \$1.25 f. o. b., others at \$1.00 f. o. b. and has not placed a single car of Cashmere Bartletts through the auction this year.

TO FLOAT TORPEDO BOATS SUNK BY RECENT STORM

WASHINGTON, D. C., Sept. 11.—A novel scheme is to be tried by the navy department in floating the five torpedo boats washed ashore at Charleston, S. C., by the recent hurricane. The plan is to pump a powerful stream of water on the beach beneath the stranded vessels and literally wash a channel. This is the only way the department's experts figure that the boats can be refloated as they are forty feet from the shore.

GOVERNOR SEEKS TO STOP WOLGAST BOUT

MILWAUKEE, Wis., Sept. 11.—Acting Governor Morris is today backing Sheriff Arnold and District Attorney Zabel in their determination to prevent the Wolgast-McFarland bout. Nevertheless, Promoter Mulken is determined to hold the show as per schedule. He declares that it is within the law.

Reservations to the amount of \$25,000 have been sold for the fight. Wolgast continues training here and apparently is not worrying over the outlook. Jack Welch, the selected referee of the bout, arrived here yesterday.

AVIATOR MAILMAN FALLS, BREAKING BOTH HIS LEGS

LONDON, Sept. 11.—Aviator Hubert, who was carrying the mail today from Hendon to Windsor as one of the new English aerial postmen, fell twenty feet and broke his legs.

FRUIT SHIPMENTS FROM CALIFORNIA

Only Eighty-five Cars of Mountain Bartletts in Past Week—Shipments Would Be Stimulated by Improved Markets.

The California Fruit Distributors report the following cars of deciduous fruit shipped from all points in California for the week (7 days) ending Friday morning, September 8, 1911:

Peaches—Eighty-one and three-fourths cars. The heaviest movement of Salways is now finished and has been of very small volume owing to the low prices prevailing in the east and a good demand for canning peaches at home.

Plums—Twenty-two and one-half cars. Shipment of this variety is now nearly concluded.

Pears—Eighty-five cars. Mountain Bartletts are still going forward but in no large quantities. Fall and winter pears are moving to a limited extent. Improved market conditions would stimulate the shipments of the later varieties.

Grapes—Three hundred and ninety-eight and one-half cars. Tokays are now going forward in heavy volume. Malagas are offering in a more limited way. A few Black Prince and Muscat are still available.

Weather conditions still continue fine, but a few clouds in the sky and a chill in the atmosphere in the morning indicates the early approach of fall. A long dry season will be necessary if we are able to move out the large crop of grapes now hanging on the vines.

Home prosperity depends upon home industry, and state-wide prosperity will be greater if factories selling "Made in Oregon" goods are nationalized by the local merchants.

Medford, Ore., Aug. 9, 1911.—This is to certify that about November my daughter was taken with a severe attack of rheumatism which rendered her left arm useless, in fact it was so near paralyzed that she was not able to move her fingers, but knowing of some of Dr. Chow Young's marvelous cures of long standing cases of rheumatism, we decided to consult him, in which I am pleased to say made no mistake, as his remedies acted as he claimed they would and after the third treatment the rheumatic pain entirely left her and she has not had any symptoms of rheumatism since; besides her general health is much improved and I do not hesitate in saying I believe those afflicted with rheumatism or paralysis will do well to consult Dr. Chow Young, whose house is corner of Tenth and Front street, Medford, Oregon.
