

## FERULLO BAND WAS EXCELLENT

Musicians All Prove to Be Artists—Solo Instruments Were Especially Good—Natorium Management Should Be Given Support.

Francisco Ferullo and his excellent band gave a most enjoyable concert of popular music at popular prices, in the large Natorium hall, yesterday afternoon. The musicians were all artists, the solo instruments being especially good. The classic numbers were those familiar to the music-loving public, the Sextette from Lucia di Lamermoor, and sketches from "Carmen," were especially enjoyable. It is to be hoped that with such an excellent auditorium for entertainments of this class, that we will have more high class popular-priced entertainments. Signor Ferullo spoke in the highest terms of the town, the auditorium and the audience. There are large musical organizations passing through Medford quite often during the theatrical season, and if the Natorium company has the proper encouragement they can secure these excellent companies, and with the large seating capacity they can afford to give them to the people at popular prices.

## ETNA SHOWS SIGNS OF ANOTHER ERUPTION

CATANIA, Sept. 11.—People living in the vicinity of Mount Etna today are greatly alarmed on account of the volcano showing a revival of activity.

Frequent earthquake shocks have been felt in the last fifty-two hours and two new craters have opened near the summit.

Clouds of smoke are pouring from the crevasses and ashes are erupted continuously.

## RECORD GAME PLAYED SUNDAY

Portland and Sacramento Tied in 24-Inning Contest—Game Is Called on Account of Darkness by the Umpire.

SACRAMENTO, Cal., Sept. 11.—In the places where baseball fans are wont to congregate and discuss batting averages, the record-breaking 24-inning contest played here by the Senators and Beavers yesterday is the main topic of conversation today. The majority argue that Umpire McGreevy should have allowed the game to go on, as there was plenty of light, but the players themselves say the shadow from the grandstand prevented them from seeing the ball when the sphere was hit through the infield.

Sacramento was lucky to get its lone tally in the sixth. Portland scored one in the fourth.

Batteries: Portland—Koestner and Kuhn; Sacramento—Fitzgerald and Thomas.

### Notice to Bathers.

The Nat management wish to announce that owing to the condition of the weather and the great expense of heating the water, which is too cold for bathing until heated, the plunge will be open for business every Saturday and Sunday until further notice. Fresh water will be put the plunge every Friday night and heated for these two days.

## MAPS SENT FOR WATER USERS

County Clerk in Receipt of Maps Which Show Result of Recent Adjudication of Water Rights in This District.

Maps prepared by State Engineer Lewis in connection with the adjudication of the water rights of Rouge river and its tributaries, showing the result of many conferences and hearings held in his district, have been forwarded to the county clerk where waters users may inspect them. They are of considerable value to all who own water rights in the county. The maps were prepared after Jas. T. Chinnoch, superintendent of this water division, had done much work in this vicinity.

## Worse Every Year

Plenty of Medford Readers Have the Same Experience.

Don't neglect an aching back. It will get worse every year. Backache is really kidney ache. To cure the back you must cure the kidneys.

If you don't, other kidney ills follow—  
Urinary troubles. Bright's disease.

Follow the advice of this Medford citizen.

A. Bentz, 130 Front street, Medford, Ore., says: "I am just as willing to recommend Doan's Pills today as I was in September, 1907, when I publicly told my experience with them. I suffered from kidney trouble for at least five years and as time passed, I grew worse instead of better. Sharp pains darted through the small of my back and sometimes the attacks were so severe that I could hardly stoop. At night my back ached intensely and sound sleep was out of the question. Being told to try Doan's Kidney Pills, I procured a box at Haskins' Drug Store and they soon gave me relief."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

# OUR NEW LOCATION 217 WEST MAIN ST.

Paying too much for a piano is the penalty of overlooking our line when making a purchase. Remember that we are the direct factory to home distributors for the world's best pianos and Player pianos at the least possible cost to each individual purchaser on the Pacific Coast.

The makers of the pianos we represent believe that quantity can be attained only at the expense of quality.

A limited output, carefully scrutinized in every stage of its production, must of necessity attain a higher standard of excellence than is possible where volume of output is the primary consideration. The yearly output of the factories which we represent is limited to 32,000.00 annually. Because in the making of that number of instruments we attain the maximum of economy of

production, and by the rigid inspection and unfailing personal supervision of each individual piano, we also attain the maximum of quality. Such a course of procedure cannot fail to impress the discriminating purchaser, and our adherence to this principle explains in part the unanimity of opinion that the pianos sold by my firm are the best pianos that money and brains can produce.

The following is our line of Fine Pianos:

## Ivers & Pond, Chickering Bros., Sterling, A. M. McPhail, Laffargue, Huntington

The only medium priced piano in the world endorsed by Paderewski, the famous musician. Every piano sold on the easy payment plan.

Walter's Piano House  
1836 1905

A little down and a little each month will place one of these fine pianos in your home. Don't forget the place, 217 West Main St., where goods of quality are in store for you.
