

NO ROOM FOR PETTICOATS IN MILADY'S GOWN

Lady Duff Gordon Says Tight Skirt Is To Be Developed To Extremes Unheard Of—No Sign Of Hips Or Waist.

LONDON, Sept. 20.—"A designer in Paris—I won't mention names, but he is most original and popular—is trying to force upon the world of fashion a return to crinoline. Well not precisely crinoline, for the skirt is funnel shaped, stiffened with whalebone and not round. The idea is not 'catching on.' The whole thing is only an extravagance of his. The fashion of 1912 will be anything but crinoline. The tight skirt is to be developed to extremes unheard of. Petticoats will have to go. There's not a scrap of room for them."

CONSIDER CLUSTER LIGHTS TONIGHT

Because of the fact that the mayor and nearly all the councilmen attended the new Medford Hotel opening Tuesday night, the regular council meeting was postponed until tonight.

There is a great amount of routine business to be handled tonight. The most important special business to come up will be the awarding of the contract for placing electric cluster lights on both sides of Main street from Riverside avenue on the east to Oakdale avenue on the west.

RUSS MILL SOLD TO L. B. BROWN

The Russ mill on South Reverside has been purchased of Hull & Son by L. B. Brown. Mr. Brown has lived in the valley for the past five years and is widely known in connection with the grocery and fruit business he managed. He is an experienced mill man and is putting all his energy and no little expense to make the Russ mill enjoy an even better reputation than it has.

EX-YALE MAN FOR HIGH SCHOOL COACH

The high school football team has secured the services of J. Brooks Spencer as coach for the squad. It will be impossible for the old Yale end to be with the team every night but what time he finds he can be able to spare he will devote to rigid training of the boys. Spencer played in the 1909 game against Harvard.

ASHLAND MAY SELL HER PLANT

Reported That Siskiyou Power and Light Company Will Purchase Municipal Power House in Order To Stay In Field.

Following a conference between the Ashland city officials last week and representatives of the Siskiyou Power & Light Company, it has been persistently rumored that the Siskiyou company will probably make Ashland an offer within the next few days to buy the municipal power plant.

Officials of the Siskiyou company, as well as the mayor and council, are reticent about giving out any details concerning the negotiations at the present time. It is admitted however, that the Siskiyou people want to patch up differences with Ashland.

The matter has been brought to an issue by the suit recently brought by Ashland to eject the Siskiyou company from Ashland on the 15th of next month. There was no time limit attached to the franchise granted the Siskiyou company by the city and expert legal advice has been secured to the effect that such a franchise may be terminated at any time. In accordance with this advice, the city council revoked the franchise and set the date upon which the Siskiyou company must get out of the city. Thus the city is in an advantageous position to gain valuable concessions from the Siskiyou company.

If the city should sell its plant to the Siskiyou company, the consideration would probably be the assumption by the Siskiyou company of all the bonded indebtedness of about \$105,000. Probably the city would not consider a sale unless it could get out all that it has already put into the plant.

HEAVY SELLING ON NEW YORK EXCHANGE

NEW YORK, Sept. 20.—At the opening of the stock market today heavy selling was resumed and most of the active issues declined. United States Steel dropped 7-8 and International Harvester reached a new low figure for the year. Union Pacific fell off 1-2 and Reading, Western, Maryland and St. Paul lost a point. Canadian Pacific rose 5-8. Later under supporting orders the list recovered slightly but again broke when United States Steel was put under pressure.

The market closed steady. Bonds were easy.

GETTING READY FOR THE FAIR

Managers Of Different Departments Are Lining Up Exhibit Features—Balloon Ascension Contract Is Closed.

Preparations for the great event, the Southern Oregon District fair, are progressing more satisfactorily even than the officers had expected. All the judges and managers of the several different departments of the exhibit feature are lining up and familiarizing themselves with the requirements in a way most gratifying to the management.

It has been decided to use tents for the exhibits instead of wooden structures such as has previously been used. One large tent, 40x50 feet in size, will be put up for the main exhibit and as many smaller ones as may be necessary will be provided for the stock and lesser exhibits.

An amusement feature of the fair session will be a daily balloon ascension and parachute drop. The Broadricks, the famous French aeronauts, who have been making ascensions at the Oakes, in Portland for several weeks past, and of which the Portland papers have had so much complimentary to say, have been secured for the fair week and little Miss Tiny Broadrick, the child aeronaut wonder, will make daily ascensions and parachute drops.

LIMA, Ohio—One dollar each is bequeathed to the grandchildren of the late Anthony Cupp, a wealthy farmer, provided they read the bible daily and attend church services regularly for a year.

Dry Shampoo Better Than Soap and Water

(From the New York Graphic) "Once in two or three months it is as often as it is advisable to wash the hair with soap and water," says Claribel Montague, the beauty expert. The rubbing, drying and rinsing, together with the action of the alkali—tend to make the hair coarse hard and brittle. Too much moisture causes the hair to become thin and lose its color.

"A simple and satisfactory dry shampoo is made by mixing four ounces of powdered orris root with four ounces of therox. Sprinkle a tablespoonful of this mixture on the head and brush thoroughly through the hair once or twice a week. That is all there is to it. This treatment not only keeps the hair light, fluffy and lustrous, but therox produces the growth of new hair."

JUSTIN EIFERT WEDS A ROSEBURG GIRL

Justin O. Eifert, a Southern Pacific fireman, and Miss Edna Merle Moore, daughter of Mrs. Lucinda Moore, of this city, were married at the Baptist parsonage in Roseburg Monday evening, September 18, Rev. W. H. Eaton officiating. Relatives of the bride and close friends of the couple were in attendance.

Mr. and Mrs. Eifert are well known in this city. He is a son of Councilman and Mrs. W. W. Eifert, of Medford. His bride, a very charming young lady, was formerly employed in the composing rooms of

THIS LADY'S GOOD APPETITE

Mrs. Hansen, in a Letter From Mobile, Tells How She Gained It.

Mobile, Ala.—"I suffered for seven years, with womanly trouble," writes Mrs. Sigurd Hansen in a letter from this city. "I felt weak and always had a headache and was always going to the doctor. At last I was operated on, and felt better, but soon I had the same trouble."

My husband asked me to try Cardul. I felt better after the first bottle, and now, I have a good appetite and sleep well. I feel fine, and the doctor tells me I am looking better than he ever saw me."

If you are sick and miserable, and suffer from any of the pains due to womanly trouble—try Cardul.

Cardul is successful because it is composed of ingredients that have been found to act curatively on the womanly constitution.

For more than fifty years, it has been used by women of all ages, with great success. Try it. Your druggist sells it.

Savoy Gets Crowd.

The Savoy theatre on Front street is enjoying unusual prosperity since G. W. Slater has been managing it. Mr. Slater gets nothing but the lat-

est and costliest films and is determined to make the place a winner for all time. The crowds have justified his efforts and he has concluded to start a new venture for a couple of weeks. The Reeves Amusement Co. will occupy the boards at the Savoy beginning Tuesday, Sept. 26 for three night of the week. They will put on high class entertainments, to which the price will be 20 cents. The price for the moving picture entertainment will not be raised.

SMOKE CLUB UNDER NEW MANAGEMENT NOW The Smoke Club, formerly con-

ducted by Mackie and Davis, has been purchased by Burgess, Quisenberry and Burgess. The building is being remodeled and completely overhauled.

The company is offering a fine meerschaum pipe to one that suggests a name that meets with their approval.
