

WHITE SLAVERS PLOTS EXPOSED

Traveling Salesman At Portland Placed Under Arrest—Secret Service Men Think They Have Found Complete Organization.

PORTLAND, Ore., Sept. 21.—Through the arrest of Troy McDavid, a traveling salesman, who is held here today to answer to the federal grand jury as a white slaver, revelations of channels of the white slave traffic involving directly and indirectly several traveling men, women of repute and local business and hotel men, are promised by federal agents.

It is alleged that the supposed organization has drawn girls into the underworld from all parts of the Pacific coast. Portland was the headquarters of the slavers, secret service men declare, and here young country girls were sent by traveling men to receive their initiation into public life.

The testimony of Olive Dick, a girl from Lewiston, Idaho, an alleged victim of McDavid's, who was arrested here, gave the federal agents their first clew several weeks ago.

CORDOVA, Alaska—Gifford Pinchot has arrived from Katella. He says he had a good trip. He visited the Bruner works on Martin's Island and inspected the million dollar Guggenheimer breakerwater.

SEATTLE, Wn.—A family discussion over property a year ago which grew into a dispute too large for one house, was the cause given in a divorce complaint filed by J. S. Baker, 78, against Johanna Boyd Baker, 67.

SEATTLE, Wn.—Told a funny story by another potato peeler, Wm. Snyder laughed so hard that he lost his balance and fell through a window in Knight's restaurant. He may recover.

PORTLAND, Ore.—Several clerks in the district attorney's office have writer's cramp today. They were compelled to transcribe an accusation of larceny preferred by Tom Poulos, against C. Politopoulos, J. Panagopoulos and J. Politopoulos.

The stone work on the First National Bank building is completed and the interior ceiling decorations are now being put on.

LOST—Reward will be paid for the return of ladies' black leather hand bag lost near the Seven Oaks station between Central Point and Tolo, Sept. 19. Return to Mrs. Frank McKee, R. F. D. No. 1, Central Point. 158*

PORTLAND MEN TO VISIT CITY

Will Spend Afternoon Of Wednesday September 27, in This City—Are Much Interested in New Hotel Recently Opened.

PORTLAND, Ore., Sept. 21.—Portland business men are looking forward eagerly to the coming Oregon excursion, run by the Portland Commercial club, south through the Willamette and Rogue River valleys to Klamath Falls. They are scanning the itinerary just made up and the only objection so far heard is the expressed wish that more time could be spent in the various cities along the way.

The trip will be made for the sole purpose of getting better acquainted and cementing more closely the friendly relations that now obtain between Portland and all of Western Oregon.

The various cities on the schedule will extend greetings to the excursionists and speed them on their way with good wishes. Medford, that widely known pear city of the Rogue River valley, will be a point of much interest to the visitors. Arriving at 12:30 p. m. on Wednesday, September 27, the travelers will spend the whole afternoon there, leaving for the south at 6 p. m.

The Portlanders hope for a glimpse of the famous orchards that surround Medford, now laden with their wealth of fruit. Medford's fine new hotel, just opened, will be inspected, if the visitors have their way about it, as they have read of this splendid hostelry, said to be equal in its appointments to the best in the state.

Many who will be aboard the special have visited Medford before on similar junkets and remember it as a beautiful modern city. From accounts they have read of its progress, they expect many improvements will have been made since that time.

The excursion will leave Portland September 26, at 5:30 p. m., returning on the night of September 29.

LISBON—The arrest of a white slave dealer developed the fact that mothers at Seville, Madrid and Barcelona have been selling their daughters at from \$10 to \$100 each for exportation to Argentina.

TEACHERS WILL MEET HERE SOON

Joint Annual Institute Of Teachers For Jackson And Josephine Counties To Be Held In Medford October 25, 26, 27.

The annual joint institute of the teachers of Jackson and Josephine counties will be held in Medford on Oct. 25, 26 and 27. It is expected that during the three days session over 250 teachers will be present.

Among those who will address the teachers here will be men and women of prominence in the educational field of the state and country. L. R. Alderman, state superintendent of schools, has already consented and other certainties are Prof. Aekerman, president of the Normal school at Monmouth, and Miss Montana Hastings, formerly of Columbia college, but now of the University of Oregon. Other speakers and additional features to the program will be announced later.

OLYMPIC IS TOWED INSIDE TO DOCK

SOUTHAMPTON, England, Sept. 21.—The big White Star liner Olympic, listing badly, and with a gaping hole in her side, was towed to the dock here today after lying all night in her disabled condition off Calshot Castle, owing to the danger of bringing her into the inner harbor in the darkness.

Stevadores are busy today removing the Olympic's cargo and the baggage of the 2000 passengers. It is estimated that it will require a month to repair the damage to the liner, which will be taken to the Belfast shipyards as soon as her cargo is removed.

Captain Smith of the Olympic, blames the British cruiser Hawke, which collided with the Olympic off the Isle of Wright, and was the cause of the disabling of the big liner. The officials of the White Star line today demanded that a thorough investigation of the accident be made by the lords of the admiralty.

SHRINERS BUY 100 TICKETS

Sale Opens For "Baby Mine" And Shriners Get Busy—Want Some Place For Their Wives To Go While They Are Having Big Time.

The first man in line when the seat sale opened this morning for "Baby Mine" which comes to the Medford opera house next Monday evening was a representative of local Shriners who bought 100 seats for that organization, which will be used by the Shriners in entertaining their wives Monday evening while they are busy with their Shrine doings.

"Baby Mine" will doubtless be well patronized for it is indeed a very funny production.

GIANTS SEEM CERTAIN VICTORS

For First Time In Years New York Nationals Seem To Have Pennant Cinched—They Lead By Seven Games.

NEW YORK, Sept. 21.—For the first time in years, the New York Giants have what appears to be a sure hold on the National League pennant, their average for the season being .652, while their nearest competitors, the Chicago Cubs, have but .596. New York leads by seven games.

This, too, when the Giants have but 22 games and the Chicago 18 games yet to play this season.

If the Giants win only 14 of the coming engagements and the Cubs win all of theirs, New York still will finish in the lead, while if the Windy City men lose three battles then the present leaders will need but 11 wins to get the flag.

The betting here today is 4 to 1 that the Giants will cop the pennant, and some enthusiasts are offering odds that they will beat the Athletics in the world's championship series.

BIG PAYROLL AT PROSPECT

Electric Company Is Employing Only American Labor And Pays Out From \$8000 To \$10,000 In Wages Alone—Work Is Being Rushed.

The Prospect Construction company is now employing fully 100 men at their electric power construction camps near Prospect and are still taking on more men. The company is paying out each month for help alone, between \$8000 and \$10,000.

The company, even with this large force of men, will require several months yet to complete the power plant. Only American labor is employed and the wages paid runs as high as 50 cents an hour, for a ten-hour day. This price is paid for carpenters. Rock men get from 31 to 35 cents an hour; men working with pick and shovel get 28 cents an hour. There are a few of the men who do light work about the camps who are paid 25 cents an hour. This last is the lowest wage paid. Board is \$5.50 a week.

PORTLAND, Ore.—To ascertain whether chalk affects the health of Portland's school children, the state board of health is feeding various brands of erayon to guinea pigs.

FRECKLES

Don't Hide Them With a Veil—Remove Them With the New Drug.

An eminent skin specialist recently discovered a new drug, othine—double strength, which is so uniformly successful in removing freckles and giving a clear beautiful complexion that it is sold under an absolute guarantee to refund the money if it fails.

Don't hide your freckles under a veil; get an ounce of othine and remove them. Even the first night's use will show a wonderful improvement, some of the lighter freckles vanishing entirely. It is absolutely harmless, and cannot injure the most tender skin.

Be sure to ask your druggist for the double strength othine; it is this that is sold on the money back guarantee.
