JOLTS AND JINGLES

By Ad Brown

The Spanish revolution has reached Huéla. What kind of a place is that?

Speaking of names, by way of a change, Fowler says his next stop will be Fallon. Let's hope he doesn't.

A good way to raise Sam Hill is to get him into a poker game.

Here's another, a fellow named Ray Forget broke out of the Spokane jail and forgot to return \$300 belonging to another fellow.

We could copy a lot of fine jokes for this column from the Ladies' Home Journal but they are hardly fit to print.

The suspicion is growing that Mona Lis has joined the great class of those who will never "come back."

John L. Sullivan is to run for congress. He has evidently heard the call for more heavyweights in the lower house.

EDNA WALLACE HOPPER NOT HER OLD SELF

"Jumping Jupiter" at the Medford Thursday evening was a distinct disappointment. The farce had little of merit and less of acting.

Those who had seen the delightful Edna Wallace Hopper when she was delighted were woefully surprised at her showing on Thursday evening. She has lost voice and appearance—indeed, she is but a shadow of the girl who danced and sang her way to the top round of success in her profession.

Richard (Himself) Carle is the same old Dick—rather mediocre, as a comedian, as he always was, and well be.

Yes, the gowns were pretty and the girls danced nicely—but they failed to offset the faults.

The one best bet of the show was Billy Flynn's boyish smile and his clever dancing. Something ahead of him. The rest of it was common place in the extreme.

GOOD ROADS.

TEN years ago Jackson county's assessed valuation was four million dollars. This year it will be forty million dollars. When the Panama canal is opened in 1915 and Jackson county gets its share of increased population where do you think the valuation will go? Isn't it a fact that it should go up with a whoop until it touches one hundred million long before the good roads bonds come due? And what will hold the people who visit this valley in 1915 and afterwards any more than good roads?

And what about your taxes, when the valuation goes up, and there are more people here to help pay the county's expenses? Don't you know that your share will be less each year?

We have good rock, suitable for road work, all over the county. Why not use it? We have the men and the teams, without going out of the county. Why not put them to work? The county court is pledged to use home labor.

One and one-half million dollars, turned loose in Jackson county during the next three years, ought to make things hum! Is there anybody who doesn't want to see this money?

One and one-half million dollars will build three hundred to three hundred and fifty miles of good roads. Our farmers and working men living here can do this work, men and teams, and earn this money. Why not let them have it?

Road building cost is almost all labor—labor of men and teams. The money stays at home! The bond buyers' money will be paid out here, it will circulate here, it will not go out of the county.

The million and a half will find its way back into the county treasury, directly or indirectly, in the shape of taxes, and we shall, after all, hand the bond buyers back their own money, after using it for twenty years, and keep our good roads.

One and one-half million dollars will pay off a lot of farm mortgages. Give the man with a team a chance. "Good roads make short hauls!" Three to three hundred and fifty miles of main trunk lines will cover the whole county and connect every section with all of the towns. The side lines will be built next, as we can afford them.

Ask your team if they don't know the difference? Every horse in Jackson county, if horses could vote, would go solidly in favor of good roads.

What if you don't live right on the main trunk lines? Every mile of good road on the way brings the town so much nearer to your door—and your road will come if you work for it and vote for good roads. Start the ball rolling now!

LAURIER'S CONQUEROR.

TENACIOUS, not a showy fighter in the opposition of the Canadian parliament but always active in the interests of his Conservative party, Robert Laird Borden, although himself reported defeated, has earned his right to be leader of the government of Canada. When his power was at the lowest ebb, Borden plodded on heedless of criticism which was heaped on him but justified now by the overwhelming victory he has gained.

Sir Wilfrid Laurier's tribute to his conqueror sums up Borden's character. "He is always a gentleman," said the Liberal leader, "which is more than can be said of any other Conservative on the front bench."

Borden is a native of Nova Scotia and by profession a lawyer. He was first elected to the House of Commons in 1896 and became leader of the opposition in 1901. For the past year there has been talk of his retirement, Premier McBride of British Columbia being offered the leadership but declining twice. Although an Episcopal he has always had the backing of the Roman Catholic vote in the extreme east of Canada and been eminently fair on all questions of religion. He refused to make church schools in the west an issue six years ago when many people thought he had a good chance of turning out the Liberal government.

WHEAT SOARS; MANY BUYING

Advance Of Twenty Cents A Bushel Is Not Improbable—December Advanced Two And One-half Cents This Morning.

CHICAGO, Ill., Sept. 22.—A general rush today to buy sent wheat soaring in the market here. The defeat of reciprocity was the only influence in the minds of all traders. It was the generally accepted view that with no wheat available the holders of the American cereal were in a position to command greatly enhanced prices, at least from the millers. One prominent speculator was quoted as saying an advance of 20 cents per bushel was not improbable for spring wheat. December started at 97 cents and closed at 97 1/2.

As the proposed reciprocity treaty did not include corn, that cereal was not affected by the uproar in the neighboring pit.

HUSBAND TO WIFE'S AID

Woman Who Shot Man She Claims Insulted Her Is Placed In Jail—Husband To Remain By Her Side In Jail.

OPELOUSAS, La., Sept. 22.—Mrs. J. P. McCrea, wife of a division superintendent of the Frisco railroad, who killed Allan Garland, a prominent resident, at her home, was placed in jail here today to await the action of the coroner's jury. McCrea declares that the shooting of Garland was justified and expects entire vindication for herself.

The couple were alone at the McCrea home at the time of the shooting, and Mrs. McCrea claims that Garland insulted her. The woman is twice as old as Garland.

McCrea declared today that she would retain counsel to defend her wife. He will remain by her side in the jail until the courts take action.

MRS. MCGILL BROKE DOWN

Gives the Real Facts In Regard to Her Case and Tells How She Suffered.

Jonesboro, Ark.—"I suffered a complete break down in health, some time ago," writes Mrs. A. McGill, from this place. "I was very weak and could not do any work. I tried different remedies, but they did me no good. One day, I got a bottle of Cardui. It did me so much good, I was surprised, and took some more.

Before I took Cardui, I had headache and backache, and sometimes I would cry for hours. Now I am over all that, and can do all kinds of housework. I think it is the greatest medicine on earth."

In the past fifty years, thousands of ladies have written, like Mrs. McGill, to tell of the benefit received from Cardui.

Such testimony, from earnest women, surely indicates the great value of this tonic remedy, for diseases peculiar to women. Are you a sufferer? Yes? Cardui is the medicine you need. We urge you to try it.

N. B.—Write to: Ladies' Advisory Dept., Chattanooga Medicine Co., Chattanooga, Tenn., for Special Instructions, and 64-page book, "Home Treatment for Women," sent in plain wrapper, on request.
