IN THE WORLD OF **SPORT**

Jack McInnes, Athletics' Crack Young First Sacker.

When Connie Mack in an effort to stop his team's slump and to check the series of disasters at Detroit pulled Jack McInnes out of the lineup something was shown that seldom, possibly never, had been done before. To better the general effectiveness of his club he benched a man who had hit .361 in sixty-two games and who is neither a bonehead nor a bad ball

He had not secured a wonder to replace him, for he merely turned back to Harry Davis, who was never the star. bitter that McInnes has been this season and whose baseball days are numbered. The change incidentally lasted only two days, McInnes being placed back at the position. Taking if you were a little meteor." 361 hitters out of the lineup to gain strength is something entirely new in the games of their clubs.

In five of the ten seasons no batter bit as well as McInnes has done. In but one of the years has any man play-

How Corhan Broke Into Baseball. Roy Corhan, the little shortstop on the Chicago White Sox, who is playing like a fixture just now, was discovered by the late Frank Selee some years ago when Selee was in charge of the Pueblo club of the Western league. Seleo went down to Albuquerque, N. M., where they have a big baseball tournament every fall, and in looking over various players his eye fell upon Corhan and a young third baseman

named Casey. Selee took Corhan and Casey to Pueblo, and the former made good from the jump. Selee always contended that Casey was just as good a natural player, but the youngster never contended that with a full opportunity he would make good anywhere. Corhan is a very fast fielder, but until recently was regarded as a light hitter. He has commenced to pick up in that line, and it looks like he will stick at the short field the balance of the sea-

New Record For Running to First. John "Rabbit" Burke, center fielder of the Columbia South Atlantic league team, broke the world's record recently, it is claimed, for bunt and run to first base, three times getting to the bag in three seconds flat, according to two stop watches. The world's record, made by Thoney, now of Boston, at Cincinnati in 1907, stood at 3 1-5 seconds. Purters possed was made at the

HOW CHAMP CLARK . NEW TALES

Boy's Blood Fired by a Charge

When Clark was a child his mother died, and his father, an itinerant dentist, who rode the Kentneky hill country with one end of his saddle bags filled with the instruments of torture of his profession, while the other was balanced across the mare's back by a copy of the Bible, put the boy out to work for John Call, a farmer. John could not read, but he took a great interest in politics and agreed with the bey that he would subscribe for Prentiss' paper, the old Louisville Journal, provided young Clark would read it to him.

While Clark was working for Call Morgan and his men came through that region, and Call put the boy on the back of a magnificent chestnut mare and told him to take the horses to the woods, for Morgan bad a fine eye for a good horse. He started, but just then the vanguard of that daring body of cavalry burst into view at a turn in the road, the evening sun shining on their equipment. The boy paused. At that moment seven home guards dashed out of the village and barged the Morgan men. It was all over in a few minutes. The incident of the boy, and he stole away the next day to enlist in a company being raised in the country. He stood on his tipoes and swelled out his chest, but the would not take him. The Best Did Win. The story of a pretty compliment to Senator Root was repeated the other day at the Union League club in New York.

"When Root was a mooted candidate for the presidency of the club," said the narrator, "he met one day here a rival candidate. The two men con versed cordially for awhile, and then as they were separating, the subject of the forthcoming election came up." " 'Well,' said Root, 'may the best man
