

\$1571 FOR CAR OF ROGUE PEARS

Fancys are sold for \$2.95 a box in Chicago—Prices continue to gradually climb upward—Choice go at \$2.85.

All of the season records in prices paid for pears were broken Wednesday by the sale of a car by the Rogue River Valley Fruit and Produce association in Chicago for \$1571. In this allotment fancys sold for \$2.95 a box, choice for \$2.85, plain for \$2.45 a box. Still higher prices are predicted in the sales to come between now and the end of the season.

The inferior California pear is now entirely off the markets, and the supply in southern Oregon, not already contracted for, is in demand among eastern and middle west fruit dealers.

EXPECT WAR SOON.

(Continued From Page One)

ing troops from its transport at Tripoli is an unpardonable defiance. The whole of Italy is excited, the great majority welcoming war.

More than 9 per cent of the reservists have answered the call to the colors, especially in the south, where the soldiers paraded, carrying banners inscribed with "long live Italy and an Italian Tripoli."

"Wholesale arrests of the anti-militarist faction are being made throughout the country today."

Pope Says O. K.

ROME, Sept. 28.—Pope Pius today officially endorsed the Italian expedition for the occupation of Tripoli. His Holiness' approval materially aided the government in preventing a great strike of protest planned by the socialists.

BERLIN, Sept. 28.—Hope for a peaceful settlement of the Tripoli affair through plans of Pope Pius has been virtually abandoned, but the German ambassador at Constantinople is still seeking to find some basis of agreement between Italy and Turkey.

Two German warships were today ordered to Tripoli to safeguard German interests. The foreign minister is in constant communication with the ambassador at Constantinople.

PARIS, Sept. 28.—With the sending of the cruisers Gambetta and Renan to the coast of Tripoli in order to protect French interests in case of a possible war, France took a hand in the Italian-Turkish dispute today.

Advices received here state that the Italian blockade of Tripoli's coast is complete. All shipping operations are being closely followed by the Italian officials and all Turkish transports arriving at or leaving Tripoli ports are carefully watched.

Look at the ads that offer employment and you'll find the right one soon.

SEVENTH ANNUAL SHOOT STARTS

Professionals on Hand to Take Part in Shoot—Two Days of Sport on Local Grounds—Thirty Entries Booked.

The seventh annual shoot of the Medford Rod and Gun Club opened today with several professional shooters entered.

Everything is in readiness and all look forward to the largest shoot held in the history of the club. Thirty entries are booked for the events.

The names of the professionals that have entered thus far follows: F. Reihl, Tacoma; J. Reid, Portland; L. Reid, Seattle; P. Holohan, Twin Falls, Idaho; J. Smith, Portland, and Dr. Bull, E. Bean and Kompf of Eugene. Messrs. Lee Barkley and Fred Willet of San Francisco missed the Shasta Limited and will not be here until today on train No. 16, too late to participate in today's events.

ROADS TO PROSECUTE.

(Continued from Page 1.)

the strike situation today: "I have been busy handling the strike situation, and have not had time to prepare for our convention in Atlanta on October 2. The reply of Kruttschnitt is very unsatisfactory, and there is nothing in it to alter the situation. The unions have gone as far as they can, and be honorable to their men."

"Kruttschnitt says that the men are treated fairly, and wonders why they wish to strike. He says nothing about the physical examinations to which they must submit, the personal records scheme, the rank discrimination and favoritism shown, nor the utter disregard of seniority in giving men preferences. He says nothing about the railroads ridding themselves of the older men, or transferring them to new shops. The men insist on having their former positions, and will not retreat from this stand. The matter of wages and hours of work is for later consideration. All we are asking for now is the recognition of the System Federation."

Continuing, Kline intimated that the strike is likely to involve all the western lines, and perhaps its proportions will embrace the railroads of the entire United States. Kline said: "This is the crisis between capital and labor and we may just as well fight it out right now."

SEATTLE, Wn.—When the steamship Minnesota sails for the Orient December 15, every inch of space in the monster hold will be occupied by grain. For the first time since this 28,000 ton vessel went into service on the run to the Orient, all of her space has been contracted for.

SPOKANE, Wn.—A woman policeman to serve without pay will be appointed to enforce the curfew law in Spokane by the Woman's Non-Partisan Political league, according to Miss Anna Swanson, chairman of the curfew enforcement committee of the league today.

MAYOR TO PAY ATTORNEY FEES

Zealous Regard for Peace and Dignity of Eagle Point Get Mayor and Marshall in Wrong in Drunk Case.

Because the mayor and marshal of Eagle Point took a great interest in the welfare of the city and caused the arrest of S. H. Spiker on a charge of drunkenness and using profane language on the streets of the little municipality, they must have to pay attorney fees in connection with the case for Spiker was cleared.

It seems that the city council has been passing ordinances and not properly advertising their passage so that the arrest of Spiker was not legal, hence his acquittal. Now the citizens of the little town plan to make the mayor and marshal pay up.

WIND STILL HOLDS FOWLER

Aviator is Forced to Make Fourth Postponement of Trip Over Sierras—Will Try Trip Across as Soon as Possible.

EMIGRANT GAP, Cal., Sept. 28.—Boisterous winds that continued to sport about the snow summits of the Sierras today caused the fourth successive postponement of Aviator Robert G. Fowler's attempt to conquer the towering guardians of the California border.

Fowler has been here since Sunday, chafing at the delay, but undiscouraged. He announced that as soon as the weather becomes propitious he will assay the conquest of the peaks, and hopes that his opportunity will come tomorrow morning.

Look for the "help wanted" ad that seems like a "prospect"—and answer it promptly.

RODGERS IS ON HIS WAY WEST

Aviator Flies 103 Miles in 115 Minutes and Lights at Fair Grounds at Meadville—Makes Good Flight Over Long Distance

MEADVILLE, Pa., Sept. 28.—Sustaining a speed of almost a mile a minute over an aerial course of more than 100 miles, Aviator Rodgers descended at the fair grounds here today in his trans-continental flight for the \$50,000 prize. Rodgers flew 103 miles in 115 minutes.

PRIEST RIVER, Idaho—Cashier Berry, of the Priest River bank which was robbed of \$2000 in cash announced that the bank was fully insured against loss. The yeggmen secured also a \$5,000 certificate of deposit on the Bonner County National bank and county warrants amounting to \$2,000. The paper is not negotiable.

MORGAN SHOWS GREAT POWER

Brokers Do Not Buy—Shorts Forced to Cover and Bulls Shot Prices Up Substantially on New York Stock Market.

NEW YORK, Sept. 28.—Beating the bears today when the market was depressed by the fear of the Italian-Turkish hostilities, J. Pierpont Morgan proved his right to the title "king of finance." His victory was remarkable in view of yesterday's market, when the bears kept hammering prices down. That session touched Morgan's pride.

Today Morgan brokers did not buy but simply demanded the delivery of the securities which they purchased yesterday. The result was that the shorts were forced to cover and the bulls shot prices up substantially.

MEET TONIGHT AT GOLD HILL

Good Roads Boosters are Planning to Attend Session in Full Force—Meeting Has Been Well Advertised.

A good roads meeting will be held this evening at Gold Hill and a large number of the local advocates of the bond issue are planning to attend. The meeting has been well advertised and a rousing meeting should be held.

Yesterday afternoon a number of Medford men spoke at Ashland. Judge Neil and Commissioner Davis answered many questions and it seems that a change in sentiment is prevalent in Ashland and that the bonds will receive a fair number of the votes in that section.
