UNIVERSITY OF WASHINGTON. SEATTLE, Wn.—According to tentative plans for the football season given out by Manager Zednick, the University of Washington this season will play against the University of Idaho, University of Oregon, Washington State College and Oregon Agricultural College.

EAGLE POINT EAGLETS.

(By A. C. Howlett.)

W. P. Huffman and wife of Ashland were pleasant callers the first of the week.

Last Sunday the members of the high school class of Eagle Point, chaperoned by Mrs. H. B. Bryant started for Happy Camp on a picnic excursion and bent on having a good time generally. They were Harry Bryant, Willie Hazelton, Clara Zimmerman, Fern Dally, Oscar Brown, Hazel McClellan, Robert Palouze and Jack Florey. There are some of the above-named who are still in some of the grade classes in some branches but in some of the branches have not time but caught no fish although they report having had a very pleasant time but caught no fish although there was another party at the same camp on Rogue caught a fine lot of them.

Last Sunday afternoon your Eagle Point correspondent took a trip to the new bridge on Rogue river on the Dodge-French place to see what was to be seen and report for the Mail Tribune. There I met quite a number of people who had been attracted to the place for the same reason except to tell the readers of the Mail Tribune. That prompted me to go and that was to see how well they were getting along with the work and see the structure.

The foreman, Mr. McNulty, assured me that he expected to have the bridge completed by yesterday, Tuesday, but I have not heard from there since and so can't say as to whether it was completed or not. The bridge proper is two hundred and twenty feet in length and fourteen in width and then there is on the east end an approach six hundred and twenty feet in length, making in all eight hundred and forty feet in length. The main bridge is built of steel and the two approaches are solid rock and tephala structure is placed in solid concrete so that from all appearances we will likely have a good substantial bridge for a number of years. There is considerable work to be done yet before it can be used for general travel as there is a large mass of solid rock to be cleared away before a wagon and team can cross.

Scott Bruce went up to his home near Dudley last Saturday, returning Sunday evening, bringing his wife with him. She is now at the Sunnyside but expects to start for Seattle in a few days.

Mrs. Holman of Eugene City tarried with us a few days and Wednesday morning took the E. P. and Prostage for Elk Creek, his old home. He was accompanied by a stranger whose name I did not learn.

Mr. Ennis, commonly called "Happy," who has been one of the assistant superintendents on the Prospect works, came out on the stage Tuesday evening and took a room at the Sunnyside. He reports that they are getting along fairly well on the works but that it is a tremendous undertaking.

William Spencer of Dudley is stopping with us. He is working at the carpenter business on one of the new buildings. His brother, Harry, came out the first of the week and went to Medford.

Mr. and Mrs. Salter, now of Medford but formerly of Minnesota, were with us Tuesday night looking over our town. They returned to Medford Wednesday morning but expect to return in a few days and probably locate among us.

The workmen are putting up a flue in the town hall and arranging for cold weather.

Wm. Liddell, one of our hardware merchants, went to Medford Saturday night, returning Tuesday.

Peter Young is putting up a new barn on his farm.

Mr. Corbit, owner of the Bradshaw orchard, phoned for me to come after him with a rig so as to catch the 9:20 train Tuesday morning, which I did O. K.

Mr. Radcliffe has built a new barn on his place just above town.

Mrs. Argles Grech and her son, Fred, started Wednesday morning for New York City and Everett, Wash., respectively. Her son, Austin, who has been in San Francisco, for medical treatment returned Tuesday in time to meet his mother here.

TALENT ITEMS.

Mr. and Mrs. Adamson are very pleased to announce the birth of a baby girl.

Mr. Morse was in Jacksonville and Medford Saturday.

Mr. A. C. Randall was in Medford on business Saturday. Mr. Randall recently returned from a trip in the east.

The Misses Viola Jones, Leila and Livonia Mason and Mary Spitzer spent Sunday in Ashland.

Misses Snooks, Linnie and Grace

Master Wilber Taylor of Duluth, Minn., is visiting his uncle, A. C. Randall.
Several autos carrying Shriners motored through Talent Sunday.
Rev. Hervey has resumed his place in the Christian church.
John Dickey of Lewiston, California, was visiting his uncle, Marion Tryer, the latter part of the week.

Haskins for Health.

TRAIN WRECKER OUT ON PAROLE

SACRAMENTO, Cal. Sept. 30.—The state board of pardons has approved the application for parole from Folsom penitentiary of Slater D. Worden, sentenced from Sacramento county in October, 1894, to be hanged for his confessed wrecking of a Southern Pacific train at the time of the big railroad strike of that year in which Engineer Sam Clark and three soldiers were killed. The condition of the parole, which goes into effect October 26, is that Worden, now nearly 60 years old, will immediately go to Japan, where his brother is engaged in missionary work, and where he will be taken care of by the latter. Worden has served 11 years at Folsom, three of which were spent in solitary confinement in condemned row.

SEATTLE, Wn.—The local branch of the Volunteers of America plan to build a \$10,000 home for abandoned wives in Seattle. Several prominent citizens have agreed to act as a board of trustees, and so far as is known, this is the first institution of the kind in the world.

YESTERDAY'S SCORES.

Table with columns for National, American, Pacific Coast, Northwestern, and Stockade Bull. Lists scores for various cities like New York, Pittsburgh, Philadelphia, Cincinnati, Boston, Washington, Detroit, Philadelphia-Rain, Boston-Rain, Portland, San Francisco, Los Angeles, Oakland, Sacramento, Spokane, Portland, Seattle, Tacoma, Vancouver, Victoria.

WILL GIVE PENDER HEARING MONDAY

PORTLAND, Ore., Sept. 30.—Preliminary hearing of J. A. Pender, who has been formally charged with the murder of Mrs. Daisy Wehrman and her four-year-old son will be held before Magistrate Hazen at St. Helens, either Monday or Tuesday. Pender was arrested last week and jailed as a suspect. Following the discovery of the body of the woman and her son in their cabin at Seapoose, officials unearthed evidence that Pender, whose home is nearby, had visited the house about the time the murders were supposed to have been committed.

Stockade Bull.

DENVER, Co., Sept. 30.—The Union Pacific shop stockade here was completed. For some time the road has been quietly hiring strikebreakers. Of the 375 shopmen here at least 275 are expected to quit work when the strike order comes. The company recently put its rolling stock in good shape and is believed to be ready for the struggle.

Catarrh Sufferers

If You Don't Know About Hyomei Try It at Chas. Strang's Risk. Nearly every reader of the Mail Tribune has read about HYOMEI, but many of them continue to suffer from catarrh just because they do not exactly understand just what HYOMEI is. To those sufferers Chas. Strang says you don't have to know anything about HYOMEI except that you breathe it and that it does not contain cocaine or opium or any harmful drug. You can find out all about HYOMEI without taking any chances whatever. Just get an outfit today, read the simple instructions, give it a fair trial and then if you are not willing to say that it is the best remedy for catarrh you have ever used, Chas. Strang will gladly return your money. A complete HYOMEI outfit costs but \$1.00. Extra bottles 50 cents.

Favor Oil Burners.

VALLEJO, Cal., Sept. 30.—That the plans for the building programme authorized by the last naval appropriation bill provides for oil fuel for all the vessels except one gunboat and two colliers is the announcement made today by the navy department.

Officials of the navy yard at Mare Island believe that with the elimination of the difficulty of securing fuel and with the opening of the Panama canal, the Pacific fleet will be tripled in size.

HOBBS BUYS THE EDMEDAES STOCK

B. L. Hobbs has bought the Edmedaes shoe stock. The deal was closed this week. Mr. Hobbs helped close out the Emporium a few months ago and will put the Edmedaes shoe stock on sale beginning today at prices that will take every shoe off the shelves.

DO YOU KNOW?

That NOW is the time to replace your old fence with a new one. That it will improve the appearance of your property fully FIFTY PER CENT if the fence is right and properly constructed. That The Page Wire Fence is best suited for the purpose, as it is made up of the best High Carbon Steel Wire that is found in fencing; in addition to this, it is the only fence which has the PAGE KNOT, and continuous cross wire to weave it together, hence it is The Best Fence that money can buy or modern science produce. Owing to each line wire being coiled before the fence is woven, Page Fence is easily erected over hills and through dales, without the necessity of cutting and splicing. It is MADE at Adrian, Mich., and shipped by us in carload lots, direct from the FACTORY TO THE CONSUMER, thus insuring the greatest value at the lowest possible price. Let us show you why you should use Page Fence in preference to any other. We furnish, without charge, estimates on cost of fencing tracts, and contract to build fences complete. We will figure with you on any amount of fencing, from one rod to a carload. If you are wanting Fence, Gates, or either yew or cedar posts, let us figure with you. We furnish man and tools and assist in the erection of Page Fence without extra cost. GADDIS & DIXON "THE PAGE FENCE MEN" PHONE 2681. Distributors for Southern Oregon and Northern California. MAIN OFFICE, 134 NORTH RIVERSIDE AVENUE, MEDFORD, ORE.

Grows Fine Corn. S. J. Myers brought in from his small tract of land in the northern part of town some of the finest specimens of sweet corn that has been our lot to see in a long time, if ever, says the Woodville Argus. There are three stocks each having two ears, averaging about fourteen inches long, by eight inches in circumference. The corn is of the mammoth variety and was irrigated. Mr. Myers having a windmill for furnishing his supply of water. Mr. Myers informs us that the corn will average from 4 to 7 stocks to the hill and some have as high as three and four ears to the stock.

Pimples and Blackheads CAN BE CURED. No matter how difficult the case, nor how long it has lasted, Marinello Treatment will positively improve any skin in a few days. A complete cure is only a matter of persistence. Marinello operators do not pretend to enter the province of the physician. Most of their work is done by request of members of that profession who have no time to give to this kind of work, yet require their patients to have special care. If you have even the first symptoms of this trouble, investigate at once. Do not let a day pass without checking this tendency. Delay will only coarsen the skin and make the improvement slower. Full, free explanation to all who desire information. Call or telephone. CORA E. UTLEY GRADUATE OPERATOR MARINELLO SHOP Rooms 5 and 6, over Kentner's. Phone 111
