

# LITTLE CHANGE CATTLE MARKET

Prices Remain Easy at Level of Last Week's Elump—Hog Market has Against the Harriman Lines Now Under Way.

PORTLAND, Oct. 2.—Receipts for the past week have been as follows: Cattle, 1657; calves, 313; hogs, 819; sheep, 9761.

The week brought no decided change in the cattle market, prices remained easy at the level of last week's slump. Highest price received for steers during the week was \$5.45, with the majority of sales around \$5.10 to \$5.25. Cows topped the market at \$4.75 but as most of the offerings were in this class prices eased off somewhat and majority of sales were made around \$4.35 to \$4.50. Demand continues good for cows and heifers, however, and the close of the week finds the cattle pens well cleaned up. Several cars of calves in the first part of the week and veal trade was brisk with a top of \$7.50 for the little fellows and prices ranging from \$5.00 to \$5.50 for the heavier and rougher classes.

The hog market opened at \$7.75 with bearish tendency on the part of the buyers, four cars of hogs on the market this morning and as they are not sold at present writing cannot give the closing quotations for the week. However, receipts are increasing, which, combined with lower prices in the east and shipments of eastern stock on this market points to lower prices here. Local firms are quoting choice top hogs at \$7.40 to \$7.50 with heavier and rougher stuff at \$6.50 to \$7.00.

Sheep receipts have been very liberal for the past week but prices have remained firm at a high level. Wethers were the sensation of the mutton trade, a choice lot bringing 4c with medium stuff selling from \$2.50 to \$3.80. Lambs were steady with a top of \$4.75 and average sales of \$4.50 to \$4.65. Ewes were in good demand and found ready sale at 3 cents with very few cut-outs under this price.

### FEW MEN AT WORK

(Continued From Page One)

of the Harriman system regarding the strike were received by E. L. Reguin, president of the Southern Pacific System Federation, and William Atkinson, vice president of the boilermakers union, today. A typical case was the report of the number of "dead" engines in the shops following the walkout of the men and the prediction that the Southern Pacific and other lines would soon be tied up through lack of men to keep the rolling stock in repair.

Telegrams were received by Atkinson from leading division points of the Southern Pacific railway stating that the men had gone out practically to a man.

A strikers' picket reported to President Reguin today that six engines are dead in the local round house.

Atkinson declared that the Galveston, Houston and San Antonio branch of the Southern Pacific would experience the greatest hardship from the strike, owing to the existence of a state air-brake inspection law. Atkinson said that only two weeks ago six cars were taken from trains by the state inspectors and the road fined \$100 for each defective air-brake.

### VANCOUVER WINS NORTHWEST PENNANT

PORTLAND, Ore., Oct. 2.—Vancouver, B. C., fans wear wide grins today, for Vancouver won the pennant in the Northwest League, which ended its playing season yesterday. Vancouver's average was .625.

### TELEGRAPHIC TABS

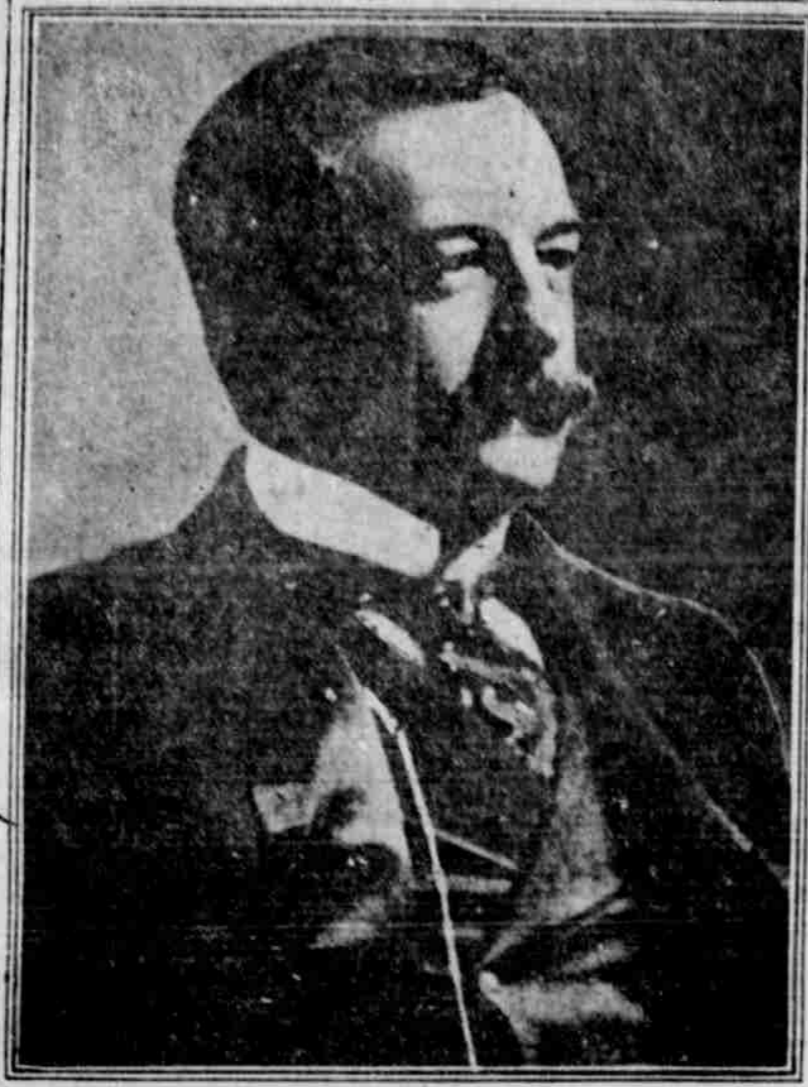

TACOMA, Wa.—Night school students here are voting on the studies they prefer to take up. The majority vote will determine the curriculum for the year.

We notice that some merchants in other cities are using considerable space advertising "Made in Oregon" goods. That is as it should be. The merchant must know that his individual prosperity is to a great extent dependent upon the prosperity of the state at large, and if Oregon manufacturers are patronized, that it will mean greater pay rolls, and greater pay rolls mean a larger degree of prosperity for every man, woman and child in Oregon.

Look for the ad that offers it to you, second-hand, at a real bargain!

### VERNON AGAIN LEADS LEAGUE

Uncle Happy Hogan Does Not Believe that Portland Can Overcome Lead but that He has Cinched the Pennant.

LOS ANGELES, Cal., Oct. 2.—With the Vernon Tigers firmly planted on the top most rung of the pennant ladder, and the end of the season only three weeks away, "Uncle Happy" Hogan, the scrappy leader of the village aggregation, said today there is no such thing as the Portland Beavers regaining the lead. Happy figures that with his pitchers going better than at any time this season and with two days of solid rest for his team while the Beavers make the long jump from Portland, his braves will have all the best of the seven game series to open here Wednesday afternoon.

Hogan is counting on winning five of the seven games and the local fans believe that he will make good. The rabid rooters are being organized today and when the series opens McCredie and his bunch will have to face all sorts of noise making devices calculated to get their "nannies."

### ROAD BOARD TO MEET SOON

County Court Meets Wednesday in Regular Session and at that Time Will Set Date for First Meeting of Commission

### TO THE VOTERS.

I sincerely wish to thank the voters of Medford and of Jackson county for their action Saturday in voting the good roads bond issue. As a member of the county court, I realized that a bond issue would be necessary to carry on the work of the county and so proposed one. Hence I feel that the vote in favor of the bonds was a vote of confidence, for which I am very grateful.

GEORGE L. DAVIS

The county court will meet Wednesday in regular session and will at that time take up the matter incident to the passage of the good roads bond issue. They will fix a date for the first meeting of the good roads board, and will then begin the work of preparing for the issuance and sale of the bonds.

It will be impossible to do any road work this fall, but early spring will see the commencement of the greatest road building campaign ever held in Jackson county. One year from today should see many splendid highways in the Rogue River valley.

Reports from Grants Pass are to the effect that that county plans to follow Jackson's lead. They want

Red Faced Men smoking BIG CIGARS talking "HOT AIR" don't always live on air, hence our remarks on charges.

The clap-trap about private sale does not prove remunerative, except for some curios of a small nature. All sellers by private sale have to wait until auctions are over so as to know what to ask, and in the case of large supplies they often get left.

### CAN BE CURED

No matter how difficult the case, nor how long it has lasted, Marinello Treatment will positively improve any skin in a few days. A complete cure is only a matter of persistence.

Marinello operators do not pretend to enter the province of the physician. Most of their work is done by request of members of that profession who have no time to give to this kind of work, yet require their patients to have special care.

If you have even the first symptoms of this trouble, investigate at once. Do not let a day pass without checking this tendency. Delay will only coarsen the skin and make the improvement slower.
