STRIKE FOR RAISE: REFUSES OWN DEMAND: CHAMPION TITLE HOLDER

SAN FRANCISCO, Cal., Oct. 4.—After striking for a raise in wages because he was an employees' federation, and then refusing his own demands because he was president of the road employing the federation, Industrial Agent F. W. Hoover of the Southern Pacific, today explained just who he is.

Hoover is, first of all, the champion holder of railroad titles. Besides being an industrial agent, he is president of the Salt Lake Work railroad. In filling out a blank report for the interstate commerce commission he claimed all the other titles there were. Then to complete the job he signed in as sole employe on the Salt Lake Work line, 14 miles long. It was in these capacities that he struck for a raise, and refused his own demands.

NEW YORK—Captain Peter C. Hains, junior, released from the penitentiary, where he was serving a term for murder, passed through New York today en route to Washington. "I am too perturbed to talk now," Hains said. "When a man has been locked up for three years he is too glad to get out to discuss the future. That will come later on."

LONDON'S SCHOOLBOYS GO OUT ON STRIKE

LONDON'S STRIKING SCHOOL BOYS FROM THE LONDON DAILY GRAPHIC.

The top picture shows strikers demonstrating in Old street. On the left a mother is seen "peacefully persuading" a striker to return to school. On the right is a picture of a window of a Rainer street laundry broken by strikers.

Nothing fiercer than the schoolboys' strike has yet happened in London in these days of strikes. Fired by the recent example of their elders, the youngsters, north, south, east and west of London, refused to go to school at the close of the summer holidays and issued manifestoes and nailed them on the walls of the schools demanding no whippings, no home work, more holidays and less drill.

They had their pickets and all the other campaign details, and at Epsfield they marched in procession through the streets.

SAN FRANCISCO, Cal.—Outfielder Chic Kartley of the Abilene, New York State League, is in a quandary. He has been drafted to the Coast League. Shall he give up his job as a Philadelphia policeman or shall he receive up baseball?

BIG BALL SERIES OPENS TODAY

Vernon and Portland Clash this Afternoon in First of Eight-Game Series Which will Decide Championship for 1911.

LOS ANGELES, Cal., Oct. 4.—"We will tie eight knots in the Tigers' tail and sweep Vernon off the baseball map. Watch 'Long Tom' Seaton cut 'em up this afternoon."—Walter McCredie, manager of the Portland Beavers.

"Nothing to it. We'll simply murder them. The Beavers are faint-hearted and Castleton will mow them down in one, two, three order."—Manager Hap Hogan of the Vernon Tigers.

These were the "surprise" statements today of the leaders of Portland and Vernon teams in the series of eight games that probably will decide the long fight for the 1911 pennant. The first game of the eight is scheduled to start at 2:45, and at this hour it looks like today would be an enforced holiday, as everybody says they are going to see the opening game or bust.

To cheer the orphaned baby team of the league—the adopted baseball baby of Los Angeles—on to victory, a Vernon rooters' squad has been organized by local fans and horns, whistles, drums, sereechers and other noise-making instruments will be used on the Beavers.

From a baseball standpoint, Los Angeles is "loosed." President Graham has announced that the double umpire system will be used in this series. George Van Halton and Geo. Hildebrand will alternate behind the bat and in the field.

The goat mascot of the Vernon team has been carried and groomed.

LIVED ON RAW EGGS

Mr. Richard's Experience With Different Diets. Peaches and Buttermilk for Three Years.

Cecilton, Md.—Mr. George Richards, of this place, during the past 12 years, has probably tried more different diets than the average person would ever use in a lifetime.

What he has to say about his experiments, must therefore be highly interesting to anyone suffering from indigestion or stomach troubles of any kind.

He says: "For more than 12 years, I suffered with stomach troubles, and paid hundreds of dollars for doctor bills and medicines. I was also operated on for piles.

I lived on dried peaches and buttermilk for nearly three years. The only thing that would not give me pain was raw eggs. I was a physical wreck. I could not sleep, and was as near crazy as a man could well be.

I must say that after taking two 25-cent packages of Theodor's Black-Draught, it did me more good than all I ever spent for other medicines.

I have been working daily on the farm ever since, and I am as hard as iron." This purely vegetable remedy has been in successful use for more than 70 years. Try it. But be sure that it's "Theodor's."

SAN FRANCISCO, Cal.—Passed along by seventeen state policemen little six-year-old Julius Cope arrived today alone from Guaymas, Mexico. He found his father here.

Bronchitis Conquered

Seventy Years Old and Praises Wonderful Hyomei.

"I had a severe attack of La Grippe. It left me with bronchitis and catarrh of my throat. I became quite deaf in one ear so I commenced using your HYOMEI and inhaler and soon got relief, and believe that it saved my life. I have recommended it to many. I am over seventy years old. I have told several prominent doctors what it did for me." Wm. H. Mowder, Washington, N. J., R. F. D. March 16, 1911. For catarrh, asthma, bronchitis, coughs, colds and catarrhal deafness HYOMEI is guaranteed by Chas. Strang. Complete outfit including inhaler and bottle HYOMEI \$1.00, separate bottles HYOMEI if afterwards needed, 50 cents.

JAS. LINDSAY & SON, Ltd., Glasgow and Edinburgh, Scotland, 5 per cent and 10 cents per box.

RAWSON ROBINSON, Hull, England, 5 per cent and 8 cents per box.

These are the oldest and largest firms in their respective towns, and their reference as to financial abilities can be had at Medford National Bank, Medford, Oregon.

Red Faced Men smoking BIG CIGARS talking "HOT AIR" don't always live on air, hence our remarks on charges.

The clap-trap about private sale does not prove remunerative, except for some curios of a small nature. All sellers by private sale have to wait until auctions are over so as to know what to ask, and in the case of large supplies they often get left.
