

WILL THE PILL BE SUGAR-COATED?

Hay Prescribes Taft for Country in 1912—Says He will do Best He Can to Cure And Disease Which Country Has

WALLA WALLA, W., Oct. 7.—President Taft was tendered the Republican nomination for the presidency in 1912 by Governor Hay of Washington here today and the president laughingly accepted, declaring he would do the best he could.

Governor Hay, who joined the party here, introduced him, declaring that "Taft had been 'prescribed' for the country in 1908 and we need a second dose in 1912."

When the president arose, he said: "Well, if you think you need a second dose, I'll do the best I can to cure and disease you have."

The crowd laughed with the president and applauded.

IN THE REALM OF FASHION

Striped Foulard Gown.

A combination of striped and plain materials, which is suitable for either a foulard, percale or lawn dress, is illustrated here. The round neck may

be supplemented by a lace or embroidery guimpe or may be worn low. The elbow sleeves have deep turned back cuffs ornamented with lace or embroidery. The yoke and the double blouse are made of the plain fabric.

For the Swimmer.

These suggestions may be of benefit to swimmers who have trouble with water getting in the ears or wetting the hair.

Saturate a bit of lamb's wool with either vaseline or olive oil for the ear. Water never penetrates the oiled wool. Take a piece of chamomile eight inches square, fold in half, sew into an ends of each folded half. Place chamomile at base of neck and tie firmly around head before putting bathing cap on. This prevents water from reaching hair, as it will not soak through chamomile.

CHINA SILK NOW USED FOR WAISTS

Is More Comfortable For Summer Than Muslin.

When the real hot weather comes in women cry out for clothes that do not carry starch. Flour and water mixed to a paste and stiffened by a hot iron is as hot as a porous plaster. It can keep every breath of air away from the body.

Bloouses and frocks that call for it are all very well on days with moderate weather, but during weeks of the kind of temperature that we have been treated to recently we want something that is limp. China silk serves this need, and it is much in demand for one piece frocks and for separate blouses.

Those who make a uniform of white duck and linen skirts with thin blouses for all the warm weather days have gone in heavily for plain white plaited waists instead of the muslin ones. The silk washes well, irons with little trouble, and does not wrinkle and crush like a material that owes its body to starch.

CONFESSES TO MURDER OF SISTER; MAY BE GUILTY OF OTHER CRIMES.

THE CRAWFORD HOME.

ANNIE CRAWFORD.

Following the deaths within fifteen minutes of four members of her family, Miss Annie Crawford, of New Orleans, La., confessed to having administered a drug which caused the death of her young sister, Miss Elsie Crawford, 22 years old. Since July, 1910, the prisoner's father, mother and two sisters have died after brief and peculiar illness. According to the state officials of Louisiana, each member of the Crawford family carried a life insurance policy and in each case the young woman prisoner was named as beneficiary.

LOWER RATES ON WOOL PREDICTED BY GOODING

BOISE, Idaho, Oct. 7.—Predictions that the interstate commerce commission will order lower rates on wool shipments east and that the wool growers and sheepmen of the northwest will be benefited to the extent of \$1,000,000 yearly as a result, were made today by ex-Governor Frank R. Gooding, president of the national wool growers' association.

BLUE LAKE POSTOFFICE IS HELD UP AND ROBBED

EUREKA, Cal., Oct. 7.—Excitement prevails in this vicinity today over a daring robbery of the Blue Lake postoffice about 10 miles from Eureka by two expert yeggmen early today.

The yeggmen secured \$300 in currency, but overlooked \$500 in stamps. The safe was blown open with nitroglycerine, being first covered in a pile of mail bags to deaden the explosion.

Wind Overturns Building

CHICAGO, Ill., Oct. 7.—High winds today overthrew a four story building under construction on the north side. Six men were taken from the debris, of whom Paul Lasko and Harry Greenwood probably will die. Firemen later found the bodies of two children, a girl of 12 and a boy of 6, in the ruins.
