THE NEW RAILROAD CHIEF.

ANNOUNCEMENT that J. D. Farrell is to be chief executive of the Harriman lines in the northwest, supplanting eastern officials, is welcome news. Hereafter Mr. Farrell, a product of the northwest, will pass upon subjects of importance to the development of the northwest, instead of eastern brokers, bankers and attorneys out of touch and out of sympathy with the country and whose only concern is the size of the railroad dividend.

For many years Mr. Farrell was right-hand man for James J. Hill and assisted the empire builder in schemes of development. He is familiar with new countries and their needs, and what is essential to their settlement and development.

Mr. Farrell's record shows that he believes in branch roads, the opening up and utilization of resources, and is favorable to making rates that will permit the establishment of industries necessary to upbuild a territory. He knows what mines, what lumber and paper mills, what cement plants and other establishments that utilize natural products mean to the country and the railroad.

Mr. Farrell is familiar with the Rogue River valley, its resources and its needs. He probably realizes, as do its inhabitants, that a rate on fruit to the east is not alone sufficient to base its prosperity and development upon. All cannot raise fruit. Those natural resources which abound must be given a chance for development not only to increase the prosperity of the people, but the traffic of the railroad.

Before Oregon can come into her own as a state, the railroads must abandon their policy of preferential rates for one city, which render impossible the growth of smaller towns and the populating of their surrounding territory. The carriers must co-operate with the smaller towns in their efforts at development. Oregon is too large a state to remain dormant. It is to the interest of the railroads to help. That Mr. Farrell understands our needs and will extend his co-operation is the hope of the people of southern Oregon.

MOTHER AND DAUGHTER DRIVE 280 MILES FOR PLEASURE.

MRS. LEHMAN STRAUSS AND HER DAUGHTER MISS MILDRED STRAUSS

Ever so many new things came out of the drive of 280 miles across the state of New York which Mrs. Lehman Strauss, of New York city, and her young daughter, Miss Mildred, just finished in a Baltimore rig behind All Ablaze, an imported English hackney, of graceful stride and much endurance.

Mrs. Strauss is one of the best known horsewomen in the east, her husband is a well known dealer in equines and her daughter, although only fifteen years old, has frequently driven prize winners in the tanbark ring. The principal reason for the trip was to provide Miss Mildred, who has been studying very hard, with a real vacation, warranted to banish all thoughts of books, which it did.

KELLOGG CLAIMS SALMON RECORD

(Gold Hill News.) The Medford Mail Tribune claims that a Medford man has received for the biggest salmon caught with light tackle, its supposed champion, landing one weighing thirty pounds. A. E. Kellogg of Gold Hill is the real champion. His salmon, caught a quarter of a mile up Rogue river from this city, weighed thirty five pounds. It was landed with a light steel rod, single leader and No. 6 fly being used.

BULGER COMING TO MAKE US LAUGH

When Harry Bulger in "The Flirting Princess," Mort H. Singer's hit of the season, comes to Medford on October 12th, we will find Mr. Bulger playing the leading comedy role and scoring as big a hit as he did when we saw him in "Woodland," "Angeria" and other Savage productions. Mr. Bulger has been away from the musical field for some years now, and has been "headlining" in vaudeville. It was while at the Majestic theatre, here, that Mr. Singer saw him and picked him out for the principal comedy role in "The Flirting Princess." It was quite a task to perform to persuade him to give up vaudeville, but the prospect of a long season finally won him over.

Photo Plays

At the Isis. The Isis theater has an unusually strong bill this week. The vaudeville team, Allanway & Green furnishes a comedy feature that has seldom been equaled in Medford. The other vaudeville act is a high class circus one the Rodriguez family. Little Miss Rodriguez is the most accomplished contortionist seen here in years and the rest of the act is very good. The moving pictures, "The Quest and the Price of Gold," are hard to beat anywhere. Mr. Gordon assures his patrons that these pictures are the best he has yet seen. They will be shown for the last time this evening, the vaudeville acts continuing until Thursday. The comic film entitled "The Adventure of a Baby," is a laugh all the way through. The pictures will be changed Monday.

MAY PROVE FATAL

When Will Medford People Learn the Importance of It? Backache is only a simple thing at first; But when you now 'tis from the kidneys; That serious bladder troubles follow; That Bright's disease may be the fatal end. You will gladly profit by the following experience. 'Tis the statement of a Medford citizen. Mrs. C. H. Hoxie, Fir St., Medford, Ore., says: "I publicly recommend Doan's Kidney Pills in 1907, after they had benefited me and now I am pleased to speak in their praise again. I had kidney trouble for several years and the backache became worse as time passed. If I attempted to stoop or move quickly, sharp twinges darted through my loins and hips and sometimes I was lame for days. The kidney secretions passed far too frequently and I also noticed sediment in them when they were allowed to stand. My health ran down and I was feeling miserable in every way at the time I commenced using Doan's Kidney Pills, procured at Haskins' Drug Store. They helped me from the first, although other remedies had proven useless and as I continued taking them I steadily grew better until not one symptom of my old trouble remained." For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

NEW TALES THAT ARE TOLD

The Financial Viewpoint. Captain Harbress Lloyd, the English polo player, was talking on the Lusitania about international marriages. "Really, you know," he said, "it isn't true that all the titled husbands of American girls are secondhands. I sometimes think that you Americans, espe-

"THAT IS A PORTRAIT OF NAPOLEON BONAPARTE." cially those of you that hail from Chicago, are too hard on our poor marquis and earls. "A Chicagoan, I understand, was being shown through a New York picture gallery by his nephew. He paused before a striking portrait. "That, Uncle Cochon, the nephew exclaimed, 'is a portrait of Napoleon Bonaparte, the man the Duke of Wellington got the best of.' "The uncle frowned and said angrily: "Durn them foreign noblemen! How much did he lend him?"

A Melancholy Drive. The late Frank Work of New York dearly loved a fast trotter. By the same token he hated to drive a slow pace. A friend took him out one day behind a pair of bays. Either the bays were slow or the driver believed in sparing his horseflesh. At any rate, Work returned home in a rather glum humor. "Did you have a nice drive, father?" one of his daughters asked. "Nice?" snorted Work. "Why, the very bestness passed us, cheering as they went."—Los Angeles Times

Easier. "I'm going to the dentist's to have this tooth out. Just mind the baby till I come back." Husband (with neutrality) You mind the baby, Jessie. I'll go and get a tooth pulled out!

Nurses' Training School

The demand for trained nurses has become so great and the calls upon the Hot Lake Sanatorium for competent women has been so insistent that the management has at last yielded to the popular demand and, beginning November 1st, will conduct a training school for nurses. This announcement will be welcomed by many earnest young women who desire to enter the profession, as it is a well known fact that the Hot Lake Sanatorium offers exceptional advantages. The course will be thorough and complete, embracing scientific training in hydrotherapy and general both house work as well as surgical and general hospital training. The great variety of cases coming to this institution makes the training there of special value and therefore graduates will find their services in popular favor. A limited number of applications will be given consideration, and applications from high school graduates will be given the preference. Interested persons may address the Hot Lake Sanatorium, Hot Lake, Oregon. Walter M. Pierce, president and manager.

MUTUAL CONCESSION. Minds the most congenial and seemingly formed to coalesce in the sweetest union may sometimes, by missing the precise moment of explanation after a slight misunderstanding, separate forever. Let us learn a lesson from this undeniable fact which may be useful to the proudest heart and the most delicate sensibility—there is no pride so high nor delicacy so refined as to be above the aid of mutual concession.

FROWN UPON TROUBLE. A crowd of troubles passed him by As he with courage waited. He said, "Where do you troubles fly When you are thus belated?" "We go," they said, "to those who mope. Who look on life dejected, Who weakly say goodbye to hope— We go where we're expected."

Flow of the Mississippi. The Mississippi discharges into the gulf of Mexico one-half more water than do the Rhine, Loire, Po, Elbe, Vistula, Danube, Dnieper, Don and Volga into the ocean and take front of Europe. Its flow past New Orleans is equal to that of the Indus, Euphrates and Ganges combined, about twice as much as the Nile, equals that of the Rio de la Plata and is surpassed only by the Amazon. Unlike the floods of the Nile and the Ganges, which occur annually and with chronological precision, the risings of the Mississippi are irregular as to time and magnitude, being determined by conditions quite different from those about the headwaters of the other streams.

Marred. "Then the wedding wasn't altogether a success?" "No; the groom's mother cried louder than the bride's mother. It was considered bad taste."—Washington Her-ald.

THE HARBOR OF TOULON The recent catastrophe in the harbor of Toulon was not confined to the battleship Liberte. There were in the harbor at the time of the explosion, in addition to the Liberte, the battleships Republique, Verite and Democratie. At least fifty were killed on these vessels from the force of the explosion and flying debris.
