TO KEEP YOUR HAIR FINE AND GLOSSY (Amy Moore in Current Styles)

"The reason women have brittle stringy, straggly hair is because it is washed too often. This robs the scalp of the oily secretion necessary to promote a healthy condition and dandruff and falling hair result."

"Women troubled with dry, itchy scalps, or those having too much oil should use a dry shampoo frequently as it invigorates the scalp tissues and stimulates the hair follicles, making the hair bright and fluffy."

"A reliable shampoo powder can be made by mixing four ounces of orris root with four ounces of therax and a tablespoonful dusted on the head, then brushed out carefully is more beneficial than a massage. It cleanses the scalp and keeps the hair glossy. Then, too, a dry shampoo eliminates the exposure to catching cold that follows washing the head."

GOLD HILL TO MOB MEDFORD

Name of Thriving Little City on Southern Pacific Is Left Off New Maps and Mayor Beeman Talks of Insurrection.

Gold Hill has a just grievance against the newly issued maps of Jackson county that are being distributed by the commercial club, and unless there is a hurried rubber-stamp correction is made Mayor Beeman declares an insurrection is in prospect. The grievance lies in the fact that the map does not in any manner indicate that Gold Hill is in existence.

The error was discovered this morning when Beeman and Editor Rex Lampan called for the complimentary maps. "Those are fine," declared Lampan as he spread his map on a table and then both gentlemen gave it a more extended examination.

At the point where Gold Hill should be there are a few neat square but no names. "Throw the whole bunch away," ordered Mayor Beeman, and the Gold Hill indignation meeting was on.

It is no fault of the commercial club that the error was made and a speedy correction will be made. No one realizes that Secretary Boos what Gold Hill has done in hustling for the valley and the mistake is generally regretted.
