Retiring S. Vilas Beckwith Will Be Guest of Honor at Beefsteak Dinner to Be Served on Next Tuesday Evening.

The University Club will give a beefsteak dinner in honor of its retiring president, S. Vilas Beckwith Tuesday evening at the club rooms. The affair promises to be one of the most enjoyable ever held by the club. A number of stunts have been arranged for the evening's festivities.

LAYING ROCK ON NEW BOULEVARD

Preliminary Grading is Completed and Contractors Start Work of Laying Crushed Rock—Progress From Now on Will Be Rapid.

With the preliminary grading of the Central Point road completed, the contractors are now engaged in laying the crushed rock, and progress on the work will be rapid from this time on. The rock is being laid twenty feet wide with solid earth retainers on either side which will keep the macadam in place. The road is very rough at the present time and travel through the valley should follow the Ross Lane route to Central Point.

LOCAL ELKS VISIT ASHLAND

Over Forty Members of the Antlered Bunch Spent Saturday Night at Ashland Helping to Initiate Large Class.

Over 40 members of the local lodge of Elks spent Saturday evening at Ashland helping in the initiation of a large class of candidates. While at Ashland plans were discussed for the trip to Portland next year to attend the national convention of Elks.

TITLE "HONORABLE" FINDS NO FAVOR

SALEM, Or., Oct. 23.—Secretary of State Olcott today confirmed the report that he had given orders to all the department heads in his office that the prefix "honorable" should no longer be used in the official correspondence. Mr. Olcott said: "Webster says that 'honorable' is a title of quality, conferred by English usage upon the younger children of earls and all the children of viscounts and aroons. In American usage it is a title of courtesy merely, bestowed upon those who hold, or have held, any of the higher offices, especially governors, judges, members of congress, or of the senate, mayors. "In this country one man is as good as another, and public office does not in my opinion, entitle the official to any special badge or title of distinction."

Do You Want These?

Burroughs Visible Model Bookkeeping Machine

GET the Burroughs Visible, one of the new Burroughs Models for 1911 (the Pike), which will give you not only the very features you want—but you then know these features are combined in a machine made with the same skill and desire to "build the best," irrespective of cost, which have for years influenced nine out of every ten buyers of adding machines to get a Burroughs—with its extra service.

Easier to operate than a typewriter. Entire keyboard is under the operator's hand. Either flexible or locked keyboard. Has lowest keyboard made. Complete visibility of all writing and totals. Every item visibly printed. Every figure printed is always before you. Counter records number of items added. Short, easy, close handle-pull. Exclusive Burroughs feature of separate keys for Totals and Sub-totals, printed in red. Totals marked *; Sub-totals marked s. Items not added are automatically marked x. You do not need to change your position for a single detail. The machine is compact. Easily handled about on your desk. If you leave the machine, your figures will be safe. (You can take the handle with you—thus locking the machine.) May be operated by hand or electricity.

And besides its perfect mechanical construction the Pike is of unlimited durability. We stand back of it in every particular. We do not guarantee it only for a year, or two years or five years, but, like every other Burroughs, the Pike is backed up by the "Burroughs Service," which means a perfect machine to begin with and a lifetime of Continuous Adding Machine Service. If your machine should need attention in any way, we do not ask to have you send it to the factory. Just call our Inspection Service Station, one of which is near every user, and another machine will be loaned for yours immediately so that you have the use of a Burroughs continually. Then, too, you will receive the benefit of Burroughs System Service through which you may keep in touch with careful summaries of the best systems devised; and Burroughs Inventors Service, which gives you the privilege of taking advantage of future developments and improvements at very little cost.

BURROUGHS POLICY: To so treat every Burroughs User that he can have no just cause for a complaint, to the end that he may be a Booster always.
Sold at a small price, on easy monthly payments, if desired
