METHODISTS TO BUILD CHURCH

Building Committee Is Instructed to Secure Plans and Specifications at Once and Submit Them to Builders for Bids.

At a meeting of the officers and several members of the Methodist Episcopal church, held at the church last night, it was unanimously decided to at once commence active operations leading up to the erection of a new church.

A lot 100x100 feet in size, on the northeast corner of Bartlett and Third street, was purchased several months ago, upon which to erect a church building, but after the site had been purchased it was decided to defer the erection of a building until some future date.

The building committee was instructed to secure plans and specifications at once and submit them to builders for bids. A finance committee was appointed and its members were directed to devise ways and means for financing the enterprise.

The church is to cost not less than \$20,000 and is to have a seating capacity of not less than 1000 persons. There will be a basement the full size of the church and class rooms sufficient in number and size to accommodate all of the several Sunday school classes.

Mr. Campbell, who is a member of the finance committee, reported that he had already secured pledges for \$7500 of the necessary \$20,000 and that these pledges were made by 15 church members, each pledging \$500.

The site selected for the new church is an especially desirable one because that both a south and west frontage may be had and this frontage looking toward the business center of the city.

The fact that the present church building is taxed to more than its capacity at all of the preaching services, and that the Sunday school is compelled to seek class rooms in tents and nearby dwellings makes the erection of a new church an absolute necessity.

Rev. Eldridge, the present pastor, is enthusiastic and well pleased over the new church project and his efforts will prove a telling factor in the erection of the church.

Notice is hereby given that the undersigned will apply to the city council at its meeting to be held on November 7, 1911, at 7:30 p. m. for a license to sell malt, spirituous and vinous liquors in quantities less than a gallon at its place of business on lot 10, block 44, of the town (now city of Medford) for a period of six months.

H. B. WARNER AS "JIMMY VALENTINE" AT THE MEDFORD FRIDAY

The Human Clock. The Spanish painter Ribera, Mr. Hal-dane Macfall recalls in his "History of Paintings," worked with such fervor that all count of time was lost to him. "He made a living clock to check the passing hours. His servant came every hour to the studio to say in a loud and stately voice, 'Another hour has gone, Signor Cavaliere!'"

He Won. "Before you kiss me, Horace, let me tell you that Fred has given Kitty a diamond ring. You have never given me one."

Dearest. It is only girls who are not precious in themselves who require the aid of precious stones."

Pen and Sword. "Do you believe the pen is mightier than the sword?"

Of course it is. Who ever had to pay \$25,000 damages in a breach of promise case on account of the sword he carried?—Chicago Record-Herald.

A Rule of Life. We should meet each morning as from foreign countries and, spending the day together, should depart at night as into foreign countries. In all things I would have the island of a man inviolate.—Emerson.

Fruit Cake (Recipe by Mrs. Mary J. Lincoln) Mix four cups sifted pastry flour, one level teaspoon soda, two level teaspoons mixed spices (except cloves), one-fourth level teaspoon salt and two cups seeded and quartered raisins. Add also one-half cup nuts chopped fine, if you like. Blend one-half cup Cottoleone with one cup brown sugar and one cup white sugar, add one cup molasses, one cup milk and then the flour mixture. Beat well and bake in two pans.

You will find this fruit cake as light, moist, flavory as any you ever made with butter. You save something, too, by using Cottoleone—the perfect shortening.

Origin of Pen Mar. Some fellow down Lancaster way has come out with an explanation as to how Pen Mar got his name.

"It is of Cornish extraction," says the Lancaster man, and he quotes an ancient rhyme to prove it. The fact is that Pen Mar is so called because it is on the Mason-Dixon line, with Pennsylvania on one side and Maryland on the other, the first three letters of each state name being used to form the word.—Philadelphia North American.

MEDFORD THEATRE FRIDAY, NOV. 10

Lieber & Co. present Paul Armstrong's striking dramatization of O. Henry's story, A RETRIEVED REFORMATION, entitled

"Alias Jimmy Valentine"

Direct from its notably sensational run of TWO ENTIRE YEARS at Wallack's Theater, New York. The San Francisco engagement of this great play—at the Cort Theater—was so tremendously successful that three extra matinees were necessary to satisfy the public. San Francisco never before knew of such a positive and pronounced hit. On account of the big demand for seats here, the management will sell only SIX SEATS to any one person; there will be no deviation from this rule.

Germs Spread in Skin

Eczema, Psoriasis, and other skin troubles are caused by myriads of germs at work in the skin. Unless these germs are promptly destroyed they rapidly multiply, spreading their way deep into the sensitive tissue. This is what causes that awful itching and what causes a severe rash may grow worse and develop into a loathsome and torturing skin disease with its years of misery. Don't take any chances! Destroy the germs at the beginning of the trouble with that soothing and cleansing wash, the D. D. D. Prescription for Eczema. A 25c bottle will prove this to you. Medford Pharmacy.
