

ALL TRAINS FROM SOUTH ARE LATE

Company Is Having Trouble Between San Francisco and Sacramento Causing Delay in All Trains Through Medford.

All passenger trains north out of San Francisco have been three hours late for two or three days past, and they will continue to run three hours behind schedule time until repairs can be made on the cut off line between Sacramento and San Francisco.

The company is having trouble with their roadbed on this line, a part of which has acquired a habit of dropping out of sight occasionally and right now seems to be one of the occasions. There are places on the line, not far out of Oakland, where the company has been unable to find a solid footing for their roadbed, notwithstanding the fact that thousands of tons of rock have been dumped in these places. Railroad ties and telephone poles have also sunk in these places in an endeavor to secure a solid footing but all to no avail. Three or four years ago the company encountered this same sinking trouble.

All trains out of San Francisco now run by way of Stockton which being much further causes the three hours difference in running time.

FIRE BOYS TO GIVE DANCE

Benefit Dance Is Planned for Thanksgiving Evening at the Natatorium—Proceeds Go to Relief Fund—Big Preparations.

The Medford fire boys are laying plans for a big Thanksgiving dance on the evening of November 30 in the Natatorium dance hall.

This is a benefit dance and the money secured from the sale of tickets will go into the fireman's relief fund. As stated above this is a Thanksgiving dance which is the best reason in the world why every person who can afford to should buy a ticket. If you have lost property by fire during the past year you ought to be thankful for that to the value of a dance ticket. If you have lost property by fire you ought to be thankful to the fire boys for their efforts in saving your property from a possible greater loss—and that ought to be worth the price of a dance ticket. Well, suppose you don't dance, give the boys the price of a ticket anyway.

Let everybody get in and show the fire boys that their efforts are appreciated.

Newbro's Herpicide

Saves Worry, Saves Money, Saves the Hair. If you want to free your head of dandruff and stop falling hair, you must sooner or later resort to Newbro's Herpicide.

By using Herpicide first you save yourself worry, which is desirable, you save money, which is a consideration, and you save your hair, which is the most important of all.

Why not profit by the experience of Mrs. S. A. Lee, of 119 South 4th St., Richmond, Va., who writes:

"Four years' residence in Indiana ruined my hair until it was but two inches long and very thin. I tried everything in Europe and America without benefit until I was induced to use Herpicide. My hair is now long, soft and silky and natural color, while before it was quite gray. My friends never tire of admiring my hair."

Mrs. Lee's story is a typical history of hair troubles. After everything else fails Newbro's Herpicide brings relief. It would be just as effective if used first.

Newbro's Herpicide kills the dandruff germ and prevents falling hair. It stops itching of the scalp almost instantly. No matter what the claims of others, Herpicide is the only genuine original dandruff germ destroyer.

One dollar size bottles guaranteed. Sold by all druggists. Applications at good barber shops.

Send 10c for sample bottle to The Herpicide Co., Dept. B, Detroit, Mich. Medford Pharmacy, special agents, near postoffice, night or day.

BARR PLACER MINE IS SOLD

Chicago Men Secure Property on Briggs Creek and Will Operate It—Placer is Said to Be a Rich One.

The W. H. Barr placer of 320 acres on Briggs creek has been sold by the owner to Chicago men, the deal having just been concluded.

The Barr placer is a rich one, and has furnished many nuggets and coarse gold.

The new owners state that they will operate the property day and night, and add more machinery to an already good equipment. A sawmill will be installed.

The Moore brothers worked the property last winter under lease, and made money. They sought a renewal of the lease for this season, but the sale comes to disappoint them.

MILLAR ATTACKS THE COST OF PAVING

George H. Millar precipitated a warm argument at the city hall Tuesday evening during the session of the city council by launching an attack on the rate of assessment on Grape street for pavement. An ordinance declaring the cost of the improvement at \$5.69 a front foot was attacked by Millar who declared that the cost should not exceed \$4.50 a front foot.

After a discussion into which the city engineer was dragged the ordinance was passed with Millar voting no.

Whitneys Are Wonderful Quartet.

"I love the old melodious lays, Which softly melt the eyes through."

This quotation from the poet Whittier gives the keynote of the program arrangements of the concert rendered last night at the commercial club hall by Whitney Brothers' male quartet. First was a group of two songs by greatest modern composers, who, of course would be Carman's "Awake, My Love," by Wilhelm Garsick and "Elfin Call in the Woods" by Adolph Kirehl. Chadwick's arrangement of a rymeless poem by Walt Whitman, completed the list of modern selections on the program. All the rest were old, old melodies, English, Austrian, Scotch.

The audience was helped to appreciate these gems of music by being furnished with librettos, while William Whitney preceded each group with a little explanation which enabled everyone to discern theme and to catch the spirit of the composer. Encores followed encores and were met by gracious responses so that the hearers only desisted from calling back the four brothers finally because it seemed like imposing upon good nature.

Good bye, Whitneys, hurry back. Wehatee (Wash.) World. Medford theatre, Saturday, November 11.

BRANCH OFFICE COMPANY HERE

Rogue River Abstract & Title Company Have Opened Branch Office in the Palm Block—Main Office in Jacksonville.

The Rogue River Abstract and Title company have opened offices in the Palm block in the location formerly used by John D. Howell as a real estate office. This concern has been operating at Jacksonville in a new and modern office of their own. The move to Medford does not mean the Jacksonville office will be vacated but that business has grown enough to warrant the same branching out.

E. C. Hogsett, president and manager of the company, has moved to Medford from Jacksonville and is making his home at 904 West Tenth street. He will have charge of the local office of the firm. He is well and favorably known in Medford and it is anticipated that the firm will do a large business here. The removal of Mr. Hogsett to this city means that the headquarters of this firm will hereafter be Medford and that another family has been added to the city's population.

25 CENTS POUND FOR TURKEYS

Thanksgiving Birds Will Be Plentiful and of Unusual Quality—Cranberries Selling for 15 Cents the Quart.

Twenty-five cents a pound is what the residents of Medford will pungle up this year for their Thanksgiving bird, which is about on a par with what they paid last year. The market is well supplied with fancy birds and all who have the price may eat.

Cranberries are now being offered at 15 cents a quart or two for a quarter. As the supply will hold out well this season, there being no shortage in sight, no advance in price is expected.

Local meat shop proprietors report the booking of a large number of orders for turkeys for November 30 and state that this year will see all records for the sale of these birds in Medford broken.
