BOUNTY COUGARS TO BE INCREASED

Game and Fish Commission to Ask Legislature—Important Polices Adopted—Will Back Up Warden in All of Their Acts. Several important policies decided on by the Oregon game and fish commission are announced as the result of painstaking work on the part of the members. The legislature will be asked to increase the bounty on cougars, lynxes, wolves and other predatory animals. The present bounty on cougars is only \$10, a figure which hardly would induce the rancher or woodsman to train and keep "varmint" hounds. No decision has been reached as to the amount to be recommended as a bounty for cougars. Hereafter young salmon and trout will not be liberated from the hatcheries until they are 8 months or a year old and able to escape the onslaughts of predatory fishes. This plan will cost more money, but it necessarily must result in all good streams of the state once more teeming with trout. Master Fish Warden Clanton was authorized to construct a new flume at the Bonnesville hatchery, which will provide 22,000 gallons of water a minute for the fishponds and make the hatchery the largest of its kind in the world. The commission will stand firmly behind all its employees performing their duties and authorized Clanton to employ legal counsel to defend H. W. Trembath, a deputy warden who shot a fisherman charged with poaching near the falls in the Willamette river at Oregon City.

CHINESE WOMEN ARE REGISTERED

OAKLAND, Cal., Nov. 9.—The first Chinese women in the history of the world to secure the privilege to vote are registered here today. They are Mrs. Clara Elizabeth Lee and Mrs. Emma Tom Leung. The former was born in Oregon, the latter in California. Mrs. Leung is typically Chinese, even to her costume. The mail order houses of the East would not be so prosperous if the people of this community would insist on having "Made in Oregon" goods from the local merchants. The business of this community would be better conserved if the buying public and the merchants would help along the "Made in Oregon" idea. Hastings for Health

HARRY ORCHARD IS PRISON REFORMER

BOISE, Idaho, Nov. 9.—Harry Orchard, chief witness in the Meyer-Pettibone trial in the Western Federation of Miners' case, self-confessed murderer of fourteen persons, and serving a life sentence in the Idaho penitentiary for the murder of ex-Governor Frank Steunenberg, today is posing as a prison reformer. Orchard said that hard work and standard literature, in his opinion, would tend to make a criminal's mind healthy, and wean him away from criminal thoughts. He advocated a system whereby the state should see that all convicts were provided with work on their release. Poverty he said was one of the greatest incentives for crime. Hastings for Health
