

O. A. C. CREATES MOVING SCHOOL

Sessions Will Be Held in All Parts of State—Correspondence Courses Arranged—Study Clubs Are to Be Organized.

OREGON AGRICULTURAL COLLEGE, CORVALLIS, Ore., Nov. 9.—An extension division has just been organized at the Oregon Agricultural college, by the regents at their November meeting, and Prof. R. D. Hetzel has been made director. The plan is to conduct an organized campaign of service to all parts of the state for the benefit of those unable to come to the college for the regular courses.

The new department will include all such work as the farmers' institutes, domestic science demonstration meetings, itinerant schools, demonstration train, correspondence courses, extension lectures, the organization of juvenile clubs, and like educational work.

Every district of the state will be served through this medium.

Both the number and the scope of the farmers' institutes will be greatly increased under this new plan. Traveling schools with laboratory and staffs of from five to twelve experts will be sent to hold regular sessions of a week or more in different sections of the state. Correspondence courses and study clubs will supplement the instruction of these schools, and practical application of the methods taught will be made on the farms, ranches and orchards of the students of such courses. Bulletins giving in popular language the valuable practical information will also be distributed by the extension division. An information bureau will be conducted in the same connection to relieve the various departments from the overwhelming flood of letters of inquiry, 88,000 of which were received last year. Other valuable educational work is also planned for the division at the college.

MRS HANNA, AGED PIONEER, IS DEAD

Mrs. Helena Hanna, wife of the late Judge H. K. Hanna of this district, who died at San Francisco Tuesday, will be buried at Jacksonville Friday afternoon at sunset. Her son, H. K. Hanna, Jr., has returned with the remains from San Francisco.

Mrs. Hanna was born in Crunan, Germany, April 15, 1849, and died at San Francisco last Tuesday. Attending her at the time of her death were her two sons, Leon and Herbert.

Mrs. Hanna was married twice, the first union being with Mr. Brittain. This family was blessed with two daughters, Rose and Ollie, both of whom are living. Besides the children who survive her, a sister, Mrs. Muller, is left to mourn her death.

Mrs. Hanna came to Oregon during the '70s.

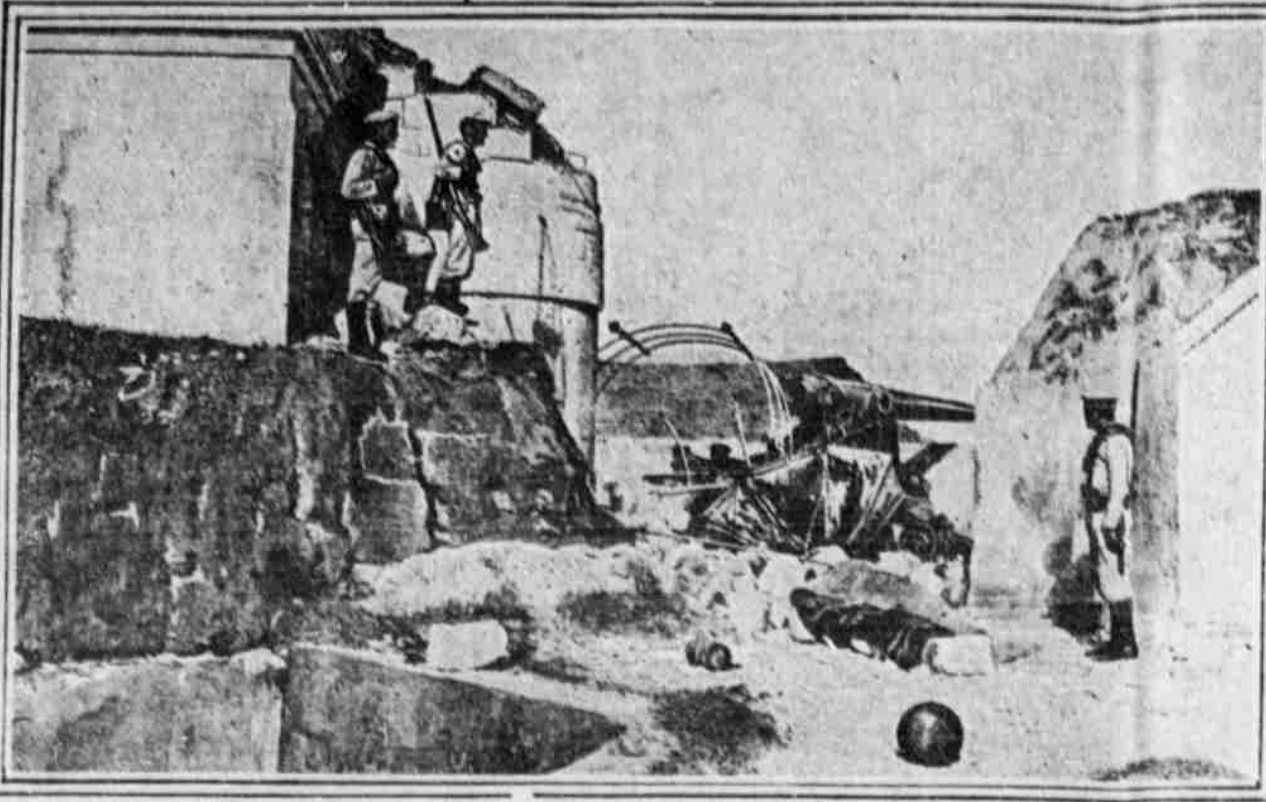

The Old Son of the South.

The lovers of the good old time melodies will be certainly well entertained next Sunday at the Natatorium with the delightful tunes of the old southern ballads of the times "Befo' de War." Culligan & Hoekwald's minstrels has always been a company especially selected by the management for their singing quality. It has long been conceded that no one can get the harmony and music of those songs like the real darkey. There is also added to the entertainment plenty of good clean comedy, and some of the latest and most popular ballads of the present time. The show is especially for ladies and children. There is nothing so entertaining as a good singing show, and the management of the colored minstrels certainly had that in mind, when he selected the present company. From the time the curtain goes up, there is always something doing, either in singing their old southern ballads, for which the negro is noted, or some of the latest songs of the day with the entire company singing the chorus. If you can afford only one show this season, don't miss this one, the best of all colored shows. Natatorium, Sunday. Seats on sale seven days in advance. Popular prices.

ROADS REFUSE STRIKERS WATER

No Water Will Be Furnished Men From Company's Tanks Although They Are Living Out on the Desert—Road Defends Action.

TUCSON, Ariz., Nov. 9.—Shutting off the water supply for all strikers in the Arizona desert is the latest weapon of the Harriman lines in the recent shopmen's strike, according to advices received here today from Tulsa, Okla.

Secretary P. W. Black of the shopmen's federation has received the following from the thirsty strikers:

"Gila Bend, Arizona: Allgood and force have notified the strikers that they were going to shut off all water to their residences and that they are hidden to get water for drinking purposes at the water car which has been the custom for twenty years. This order went into effect today. Consult proper authority and inform me what to do. We are all on a

desert. Will write particulars.—W. E. Stuart."

Allgood is a roundhouse foreman, and Moore is traveling superintendent for the Tucson division.

Division Superintendent Dyer, when asked regarding the order, said: "I do not know that it is necessary to offer any apologies for this action toward men who are working night and day against the company. They left faucets open, wasting water for the engines. That is the basis of the company's action."

PEKIN, Nov. 9.—Convinced that all hope of preserving the Manchu dynasty is at an end, 1500 infantry and cavalry of the first division of the Chinese army entered the Forbidden City today to make a last stand. Great quantities of rice and other stores are being taken into the Forbidden City.

The legations share the belief that all hope for the Manchu dynasty has vanished.

Warships to China.

WASHINGTON, D. C., Nov. 9.—Three more American warships have left Manila for Chinese waters, where they will be under command of Rear Admiral Murdock. The vessels are the Monterey, Saratoga and Quinos. When they arrive the Asiatic fleet will be there to protect American life and property.

TEDDY TO OPEN WAR ON BARNES

Roosevelt Comes Again to the Front in Opposition to the Leadership of Bill Barnes, New Standpat Boss of the State.

NEW YORK, Nov. 9.—Capture of the New York state assembly by the republicans has brought Colonel Theodore Roosevelt again to the front in opposition to the leadership of "Bill" Barnes of Albany, the new standpat boss of the state. In a statement credited to Roosevelt, printed here today, he boldly intimates that he is going to have a voice in the organization of the general assembly. He is also credited with the pithy statement that: "Barnes must be retired from power in the state. We will cut his bowels out, if we must, to do it."

HEARST OFFERS A LOVING CUP

His Much Advertised \$50,000 Prize Dwindles Down to a \$500 Loving Cup—Rodgers Refuses It With Scorn.

LOS ANGELES, Cal., Nov. 9.—Turning down a \$500 loving cup offered to him by William R. Hearst instead of a widely advertised \$50,000 prize, C. P. Rodgers, the first aviator to cross the continent, today handed out a few hot remarks.

"I can offer a million to the first man shot from a cannon to New York between today and Christmas and be sure of not having my money taken," Rodgers said. "That's the way with some of these people putting aviation prizes hedged about by impossible conditions."

"Bill Hearst had better sell his \$500 cup and put the money into his self advertising fund."
