ORDINANCE 610.

sessment deciared by the foregoing dinance has been made and the 1 therefor entered in the city lien doct and that the same is due and you hereby required to pay the same to city recorder within ten days from service of this notice, which service i made by publication of the foregoin ordinance and this notice three times i the Medford Mall Tribune pursuant t an order of the city council of sai elty.

ROBT. W. TELFER, City Recorder.

ORDINANCE NO. 606.

An ordinance declaring the cost of the improvement of alley through block 44, original townsite, from Sixth street to the alley running east and west through said block and assessing the property benefited thereby, and declaring such assessment, and directing the entry thereof in the docket of city liens. The City of Medford doth ordnin as follows:

The City of Medford doth ordain as follows: Section 1. That no protests having been filed against the improvement of alley through block 44, original town-site from Sixth street to the alley run-ning east and west through said block, due notice of the intention of the council to cause said improvement to be made having been ordered made, the council has considered the matter and here with ascertains the probable cost of making such improvement to be the sum of \$521.00. And said council further finds that the special and peculiar benefit accrs-ing upon each lot or part thereof adja-cent to said improvement and in just proportion to benefits, to be the re-spective amounts hereinafter set oppo-site the number or description of each lot or part thereof, and such amounts respectively are hereby declared to be follows:

ORDINANCE 610. An ordinance declaring the cost of the improvement of alloy in block 45, ori-sinal townsite from West Main street to Eighth street and assessing the property benefited thereby, and declaring such assessment, and directing the entry thereof in the docket of firy liens. IRRIGATION

IRRIGATION is the science of giving a plant just as much moisture as it needs, and just exactly when it needs it.

IRRIGATION has added more wealth to the country in the last ten years than any three of the largest resources combined. Thousands of acres of worthless land have been reclaimed and some of this land has sold for the highest prices ever paid for horticultural or agricultural land.

IRRIGATION will reclaim "the desert," 6500 acres will be developed into a vast orchard district. "The desert" when irrigated will prove to be the best orchard land in the Rogue River Valley.

IRRIGATION will make the Rogue River Valley famous for its berries. The largest yields in the next few years will come from "the desert."

IRRIGATION will add thousands of acres to the producing area of the Rogue River Valley, and in these new districts there will be no crop failure, for irrigation is a guarantee of bountiful yields, and is real crop insurance for the grower.

IRRIGATION in the Willamette Valley has increased production from sixty to three hundred per cent. It will do the same in the Rogue River Valley. IRRIGATION will double the population of Medford and the Rogue River Valley in the next few years. New homes will be established. Orchards will be planted on lands that have never been productive. "The desert" will be redeemed and a thousand families will be added through this development.

Rogue River Valley Canal Company
