EAGLE POINT EAGLETS.

CENTRAL POINT ITEMS.

(By A. C. Howlett.)
I omitted in my last to state that Rev. O'Farrell, a Catholic priest, came out on Sunday, November 5, and held mass in the town hall. They moved the altar, etc., from the old church building to the hall for the occasion. It was not generally known that he was to be here or there would have been more of an audience. I understand that they intend to repair the old church and hold services there once a month regularly.

Mr. and Mrs. Dillsworth came out from Medford Wednesday night, spent the night at the Sunnyside and Thursday went up to their home near Peyton.

Mr. and Mrs. Peyton and Elmer Dawson and wife returned from Medford Tuesday afternoon and went up to their home Wednesday morning.

W. D. Day and William M. McGee of Eugene were guests Tuesday night on their way up Butte creek to look at a tract of land on Lake creek.

Bud Hildreth and wife returned from Medford Thursday morning and remained until Saturday morning taking the train for Butte Falls. Mrs. Hildreth had quite a severe attack of grip while here.

Mrs. George West started Saturday afternoon for Carlton, Wash., to visit her sister. Her husband is one of the forest rangers and expects to remain in the camp above Prospect most of this winter and she expects to spend the most of the time with her relatives. Mr. West will probably go and meet her there in January.

Jud Edsall came in from the plant at Prospect last Wednesday night and reports that they have succeeded in getting all of the heavy machinery for the power plant on the ground, reaching the plant with the last piece Saturday night at 11:45 p.m. There was a special reward offered if they would get the heaviest piece there on the 5th instant and Jud had his eight head of horses on and then they put on six more, making 14 in all. It took them five days to make the trip from Durby station with the last piece, weighing ten tons, but they made the last 15 miles in one day and up to 11:45 p.m. Saturday. They had wheels made of logs of wood with iron bands to use in the soft ground.

Last Thursday Mrs. Howlett gave a quilting and carpet rag sewing party, and invited about every woman in the neighborhood. There were a few who were hindered on account of the rain and one lady, Mrs. Thomas E. Nicholas, did not get the note sent in time as the messenger forgot to give it to her until after it was too late to come. There were among the guests that day Mesdames G. W. Owings, H. C. Sprague and George Sprague, our lumbermen's wives; Vagale, Salter, McIntyre, Wright, Heath, Diamond, Cascade, Painter, Weisy Childress, Curtice, Ruyer, Grover, Thomas, Norman McQuoid, Yonas, Jake Yonas, Jordan, E. S. Wolfer, Haselton, High,

ROGOWAY JURY CLEAR WHEELER

GRANTS PASS CITY CAMPAIGN LIVELY

Chauffeur Summoned From Marshfield Proves Auto Was in the Garage at the Time the Albany Hide-Buyer Disappeared.

The coroner's jury, inquiring into the death of Nate Rogoway, whose body was found eight miles east of Ashland two weeks ago, held an adjourned session Saturday and examined a chauffeur named Wheeler, whose name had been connected with the case. Wheeler was unable to shed any light on the matter and was completely exonerated so far as any suspicion of complicity is concerned. He had no difficulty in proving that his machine was in the garage for repairs on the date of Rogoway's disappearance and for several days thereafter.

Shortly after the disappearance of Rogoway, Wheeler traded his auto for Marshfield property and moved to that city. Rumor connected his name with Rogoway and he was summoned before the coroner's jury. The jury adjourned again until today to gather evidence and summon new witnesses.

LION'S SHARE OF FUND GOES TO HARNEY COUNTY

That the more undeveloped counties of Oregon get the long end of some good propositions at least is indicated by the annual report of the distribution of the United States five percentum land sales fund among the counties, to be used for the improvement of roads. The total amount of this fund for 1911 apportioned was \$12,785.67, of which Jackson county received but \$374.79, while Harney county got the lion's share, receiving \$1422.11. Malheur received \$1316.67, Lake \$1076.05 and Crook \$1,074.44. Multnomah was low, with only \$59.13.

WOLGST OFF TO HILLS FOR A WEEK

SEATTLE, Wn.—"I cannot understand why the American people get so excited about a lord, what do they see in us?" laughingly stated Lady Shoto Douglas, wife of the lord reported to have committed suicide in New York, but who is here in the cigar business.

The mail order houses of the East would not be so prosperous if the people of this community would insist on having "Made in Oregon" goods from the local merchants. The business of this community would be better conserved if the buying public and the merchants would help along the "Made in Oregon" idea.

Look at all of the real estate ads and at much of the real estate advertised, before investing.

How to Beat the Building Game

is an article that appeared in the Saturday Evening Post of Nov. 4th publication which you in all probability read

You may not have learned from the above what you should do but it made plain many things you should not do. Now in buying you of course want to buy right and to buy Cheap Lumber and Mill Work is one thing, but to buy Lumber and Mill Work Cheap is another. Let us show you some work we have in various woods now in process of construction and you will see that by placing your order with us you will get something for your money
