

# WELSH CHOIR MOST PLEASING

Large Audience Greeted Royal Welsh Ladies' Choir—Have No Superiors on the Concert Stage of Today—Attendance Highly Pleased.

The ladies of the Greeting Medford Club deserve our thanks for last night's excellent musical entertainment. The Royal Welsh Ladies' choir is a company of ensemble singers who have no superiors and in fact one might say equal on the concert stage of today. While their solo voices were good, in fact above the average, yet it is not the single effort of the solo singers which place this organization in the forefront of concert companies but rather this concerted singing.

While Wales has by no means been the home of opera, yet it is well known that the Welsh choral societies have excelled in oratorio. It is in Wales that we hear the marks of Handel and Hayden given in a manner that has no equal in any other country in the world. Chorus singing is a part of Welsh life; even the coal miners come from under the ground grim with the dust and grease of the mine and take hold of a rehearsal of the Messiah of Creation as though it were a part of their duties as a collier. They sink their individuality and mark for a concerted effort as no other musical people have ever done.

Madame Hughes Thomas is a directress possessing the temperament and fine conception essential to a finished musical performance she makes her singers think and breathe and frase like one great organism. Their crescendos and mimidvors is like the coming and going of the mind among the pines. If you wish to hear perfect chorus work here the Royal Welsh singers.

The Medford ladies succeeded in getting out a large audience of music lovers. The Natatorium hall was well filled.

ATLANTA, Ga.—Israel Zeit, second vice-president of the Ladies' Garment Workers of America, today telegraphed the American Federation of Labor convention here urging that all unionists refuse to buy clothing made in Cleveland.
