

NEEDY FAMILY IS GIVEN AID

Mr. and Mrs. Thomas Mercer and Children Are Very Grateful to Residents of Medford Who Helped Them on to Portland.

That the milk of human kindness flows in the veins of American people was emphatically and substantially exemplified this week in Medford.

Mr. and Mrs. Thomas Mercer and their small children left El Paso, Texas, for Portland, Ore. They reached San Francisco last Monday, and in crossing the bay on the ferry from San Francisco to Oakland mole Mr. Mercer had his purse, containing \$275 in money and their railroad tickets to Portland stolen from his pocket, leaving them destitute of transportation to their destination or money with which to procure food, except that Mrs. Mercer had about \$6 in silver in her purse.

Upon making inquiry for his friend he learned that he had been dead for two years, and thus did he and his family find themselves destitute and homeless among strangers, in a strange land. Here the little girl's necklace was taken from around her neck and sold and with the money thus obtained the disconsolate family secured railroad transportation to Dunsmuir.

At Dunsmuir the railroad boys and citizens made up a purse, and with this and reduced rates granted them by the railroad company the family was enabled to reach Medford on November 16, Friday night.

Here Chief of Police Hittson's attention was called to the case, and he at once provided food and lodging for the family, and that same night took the matter up with the Elks' lodge, which was in session, and the members of that lodge threw over \$40 into a purse, and the next day tickets for Portland were procured for the family and given Mr. Mercer, together with enough money to provide for their needs en route and for immediate wants after reaching Portland.

PRINCETON WINS.

(Continued from Page One.)

Like a demon in the vanguard of the concentrated Yale attack, smashed the Tiger line twice for a ten-yard gain each time. On the twenty-yard line Princeton rallied and took the ball, punting out of danger. Camp, who seemed everywhere at once, finally grabbed a punt and made a spectacular run to Princeton's thirty-yard line. Once more Captain Howe, the pride and hope of his team in the boating department, fell down, missing a drop kick for the goal. Yale recovered the ball, however, and fell back on the overworked Camp, who, with his brother half, Spalding, advanced the pigskin to the fifteen-yard line. Once more Howe failed to kick goal, and his rival, DeWitt, whom he was expected to outshine, kicked to midfield.

Camp Plays Hard.

Once more the indefatigable Camp, with the assistance of Spalding and Philbin, carried the ball to the Tiger twenty-five-yard line, only to be again greeted with the same frustration of their efforts. Howe failed to kick the goal. On offside play by Princeton, Yale got the ball again on the Tiger twenty-yard line, where Howe partially redeemed himself by kicking a pretty field goal. The period ended with the ball in Yale's possession on her own forty-yard line. Score: Princeton 6, Yale 3.

ROAD BONDS LEGAL.

(Continued from Page 1.)

approval of the voters; and I do not believe a fair construction of the amendment will warrant the court in saying to the county court:

"Until you pay all the indebtedness now outstanding against the treasury with which to proceed, you shall not spend a single dollar voluntarily for any necessary road improvements, because the legislature of this state has not seen fit to provide a method for obtaining the approval of the voters."

And in arriving at this conclusion I believe the burden is upon the one attacking the legality of such indebtedness to allege and prove that the county has not fairly and reasonably obtained the approval of the legal voters of the county.

The demurrer will therefore be overruled.

BIG LAND SHOW OPEN CHICAGO

Every State in the West Is Represented at Monster Exhibit—Entire Coliseum Has Been Engaged for the Display.

CHICAGO, Ill., Nov. 18.—Every state in the west is represented by exhibits of its products at the United States land and irrigation congress, which opened today in Chicago, to continue until December 9. The entire Coliseum and its annex have been engaged for the show. In addition to the western exhibits, several states of the south and the provinces of Canada have made displays.

The Harriman railroad lines have taken the whole of the Coliseum annex to boost the states traversed by those roads. Moving pictures and lectures will be given daily during the exhibition.

The National Irrigation congress and the International Livestock exposition will be held here from December 4 to 9 and will greatly increase the interest and attendance at the land show. It is expected that not less than 500,000 people will attend these events during the next three weeks.

QUEBEC, Que.—Fifteen seamen are drowned as the result of a gale on the Gulf of St. Lawrence which drove the Norwegian Antigua ashore off Martin river during the night.

KANSAS CITY, Mo.—Resolutions endorsing the establishing of a parcels system as an "institution which will be of enormous benefit to the country" were adopted by the Trans-Mississippi Commercial Congress.

Billions of Germs

You Must Kill Them or Lose Your Hair—Newbro's Herpicide Prevents Baldness.

The dandruff germ is a deadly enemy to healthy, luxuriant hair. No matter how thick, heavy and beautiful your hair may look, the dandruff germ may be there at work and very busily too.

Just so sure as you do not take steps to check the ravages of this germ, just so sure you will sooner or later lose your hair.

Baldness may always be prevented by the timely use of Newbro's Herpicide. Herpicide is sure death to the dandruff germ. It cleans the scalp and allows the hair to grow as nature intended. There are no disappointments, unless the hair follicles are completely atrophied, so why put off the treatment until it is too late?

Herpicide is sold and guaranteed in one dollar bottles by all druggists.

Applications at the best barber shops and hair dressing parlors.

Send 10c in postage or silver to The Herpicide Co., Dept. R., Detroit, Mich., for a nice sample of Herpicide and a booklet telling all about the hair.

NATATORIUM IS SCENE OF BLAZE

Fire Starts on Roof, and for a Time Entire Building Was Endangered—Started From a Pot of Boiling Tar.

Men repairing the roof of the Natatorium this morning allowed the roof to catch fire from a pot of boiling tar, and for a little while Medford's huge amusement place was endangered by the flames. The fire department was called and after a brief battle the flames were subdued. No water was used, so that the damage was slight.

The blaze starting on the roof of the huge building gave an appearance to the fire that was most discouraging from the uptown section of the city, as many believed that the flames had started in the furnace room and had eaten their way to the roof, but such was not the case.

Look at the ads for the chance to buy the property you need at a "right price."

Royal English Bell Ringers to Appear Here Nov. 21.

On Tuesday evening, November 21, the Royal English Bell Ringers, of England, will be at the Natatorium in this city and the people of Medford will have one of the opportunities of an age to hear the best company of bell ringers in either America or England. This company, consisting of 12 men, has won the championship of Europe many times. This company uses 130 bells ranging in weight from two ounces to ten pounds, and render the finest music of every class and from the best known musical writers.

Single admission tickets 50 cents, which includes reserve seat. Tickets on sale with Mr. Whetsel at the Sherman Clay music store, Main street.

All people who hold season tickets for this course may have them reserved at the original price of 25, 15 or 10 cents, according to location of seats.

Seats now on reserve with Mr. Whetsel at the Sherman Clay music store, West Main street.

MEN GATHER TO FORM SOCIETY

Religious Affairs to Be Promoted by Young Men of City—Temporary Organization Was Effected Friday Evening—Big Meeting in a Week.

The Men and Religion movement, which is becoming very prominent in certain parts of this country, has already some representatives in Medford. Last evening at the office of F. W. Mears of this city were gathered about a dozen men from the different religious organizations of this city, as a committee to forward this new organization in Medford and Jackson county.

Pens were talked over last evening and F. W. Mears was elected temporary chairman and W. A. Clark temporary secretary. It was arranged that one week from Sunday a mass meeting will be called for 8 o'clock in the afternoon at the Baptist church for the purpose of effecting a permanent organization and electing officers.

IRRIGATION

IRRIGATION is the science of giving a plant just as much moisture as it needs, and just exactly when it needs it.

IRRIGATION has added more wealth to the country in the last ten years than any three of the largest resources combined. Thousands of acres of worthless land have been reclaimed and some of this land has sold for the highest prices ever paid for horticultural or agricultural land.

IRRIGATION will reclaim "the desert," 6500 acres will be developed into a vast orchard district. "The desert" when irrigated will prove to be the best orchard land in the Rogue River Valley.

IRRIGATION will make the Rogue River Valley famous for its berries. The largest yields in the next few years will come from "the desert."

IRRIGATION will add thousands of acres to the producing area of the Rogue River Valley, and in these new districts there will be no crop failure, for irrigation is a guarantee of bountiful yields, and is real crop insurance for the grower.

IRRIGATION in the Willamette Valley has increased production from sixty to three hundred per cent. It will do the same in the Rogue River Valley.

IRRIGATION will double the population of Medford and the Rogue River Valley in the next few years. New homes will be established. Orchards will be planted on lands that have never been productive. "The desert" will be redeemed and a thousand families will be added through this development.
