

JUDGE LOVETT VISITS CITY

States That William Sproule is in Full Charge of Local Road and That Matters Need No Longer Be Referred to the East for Action.

Robert S. Lovett, chairman of the board of directors of the Southern Pacific, accompanied by President Sproule and his staff, comprising the newly-appointed executives of the railroad, made a short visit in Medford Tuesday evening. The railroad chiefs were welcomed by Mayor Cannon, President Colvig of the Commercial club, Col. Frank H. Ray, Dr. E. R. Pickett and a large number of citizens, who gave the visitors a short auto ride about the city, ending at the Hotel Medford. Half a dozen boxes of fancy fruit were placed aboard the special and Mr. Lovett wired the following appreciation:

"Siskiyou, Nov. 21.
A. S. Rosenbaum, Medford:
"Please convey to the Commercial club my sincere thanks for their generous gifts of delicious fruit today."
"ROBERT S. LOVETT."

All members of the party expressed regret that they were late in arrival and could not stay longer. All were favorably impressed with the city and expect to make longer visits in the future.

Mr. Sproule is in full control of the destinies of the Southern Pacific, stated Mr. Lovett, and it is no longer necessary to refer matters east for action. Mr. Sproule, who is very democratic, states that his policy will be to co-operate with communities in developing the country.

In the party were: Judge Lovett, C. C. Stillman of New York, his secretary; Thomas Price, President William Sproule, Vice President and General Manager E. E. Calvin, Superintendent L. R. Fields, District Engineer S. L. Burkhalter, General Passenger Agent John M. Scott, General Freight Agent H. E. Lounsbury.

MR. BAKER IS SOME ORATOR

Street Commissioner Rises in Council Chamber and Delivers Vitriolic Reply to Certain Remarks Made About His Job.

Mr. Street Commissioner Baker is some orator. Rising to the floor of the city council at the meeting Tuesday evening, he fired volley after volley of vitriolic words at the councilmen, Millar in particular, in defense of his job. In other words, the gentleman from the Third ward got "a rise" out of the aforesaid Mr. Baker.

It all came about when Councilman Millar demanded of the mayor why sidewalks were not put in as ordered. "See the street commissioner," replied his honor.

"I have, but it doesn't do any good," replied Millar.

Thereupon Mr. Baker got his cue and, drawing himself up to his full five feet four, he told Mr. Millar then and there just why it doesn't "do any good" to see him.

"Go out and try it yourself," he thundered. "Talk to our citizens. Tell them to put in a sidewalk. It's lots of fun. When you don't get insulted you get laughed at, and when you don't get either you get kicked off the place, or given an excuse."

Here the audience laughed and Councilman Wortman interrupted with a motion to adjourn.

A motion to adjourn is not debatable.

Trust Wants Rehearing.

JEFFERSON CITY, Mo., Nov. 22.—The harvester trust today filed a motion for rehearing here, demanding a reduction of the \$50,000 fine imposed upon it when it was ousted from doing business in the state of Missouri last week.

Cuthbert & Co. started in business two years ago, and during their existence in Medford have been live progressive merchants. They have conducted a successful business, and their decision to close out meets with general regret. George Cuthbert has not announced what his new venture in other fields will be, other than that it offers unusual opportunities. Mr. and Mrs. Cuthbert will be missed from the social as well as business circles. Joe Cuthbert will go to San Francisco, and in the spring intends to tour Europe with his father and mother.

PUBLIC MARKET TO BE CONSIDERED

Committee of Four is Named to Investigate Matter and Make Recommendations to the City Council Covering the Matter.

The matter of establishing a free public market in the city came before the city council Tuesday evening and was referred to a committee of four for investigation and recommendation. The city dads declined to take action in regard to the matter until they had thoroughly investigated the matter.

Councilman Millar introduced a tentative ordinance last night for consideration. This ordinance was referred to a committee of four consisting of Mayor Cannon, chairman, and Councilmen Watt, Emerick and Millar.
