**SPOKANE APPLE  
 SHOW IS OPENED**

Between 40,000 and 50,000 Visitors  
 Are Expected—The Chief Con-  
 tests Will Be Centered on Carload  
 Packs.

SPOKANE, Wash., Nov. 23.—The  
 whole city has been given over to the  
 glorification of the emperor of  
 fruit, the festivities incident to the  
 fourth National Apple show and Ena-  
 kops jubilee, which opened at 10  
 o'clock this morning, continuing un-  
 til 10:30 o'clock the night of Novem-  
 ber 30. Arrangements have  
 been made to entertain from 40,000  
 to 50,000 visitors during the week.

The apple show itself is complete  
 in every detail and every class in  
 the competitions for \$20,000 in cash  
 and other prizes has been filled. The  
 chief contents will be on carload  
 packs, district displays and the nu-  
 merous box and plate exhibits. The  
 board of judges, headed by C. J.  
 Sinsel of Boise, Idaho, began work  
 on November 21 and will announce the  
 awards on November 27 and 28.

The program of entertainments  
 arranged by the mystic order of  
 Enakops for the week is more elab-  
 orate than anything yet attempted in  
 this part of the northwest. There  
 will be six parades and street amuse-  
 ments, costing more than \$40,000;  
 concerts by a massed band of 615  
 musicians from 32 communities in  
 Washington, Oregon, Idaho and  
 Montana, the dedication of the  
 ceptions, banquets, balls, theater  
 parties and masquerade balls and  
 scores of other functions.

The special days are: King apple  
 day, November 23; princesses' day,  
 November 24; royal industry day,  
 November 25; inland empire day,  
 November 27; fraternal order day,  
 November 28; Mardi Gras, Novem-  
 ber 29, and Thanksgiving day, Novem-  
 ber 30. Another feature is a  
 sham battle by seven companies of  
 federal troops, in command of Lieut-  
 enant Colonel C. W. Penrose, U. S.  
 A., on November 28.

The hotels and restaurants have  
 signed an agreement with the man-  
 agement of the apple show that reg-  
 ular prices will prevail.

**WEDDING BELLS PUT  
 JOLLY OLD TARS TO REST**

SAN FRANCISCO, Nov. 23.—  
 Old tars at the Seaman's institute  
 here today are suffering the sear of  
 their lives. All are confirmed  
 bachelors. Mrs. Effie Hessler, for  
 years their housekeeper, decided it  
 was time to get herself a husband.  
 She began by knocking at each sail-  
 or's door and querying them as to  
 qualifications. She said the spirits  
 told her to. But she didn't tell the  
 authorities who took her in tow what  
 kind of spirits. So they say she's  
 mentally deranged.

**Girl to Umpire.**

OXNARD, Cal., Nov. 23.—With  
 the players agreeing to cease "um-  
 pire bating" if she would act, Miss  
 Ruth Jones today has agreed to be-  
 come official baseball umpire of Ox-  
 nard. Miss Jones is related to  
 Fielder Bacon of the local team and  
 will make her first appearance on  
 Sunday when Oxnard is scheduled to  
 play Fillmore in the fifth game of  
 the winter season. She is recog-  
 nized as an expert on baseball and  
 other sports.

**Shoe Pinches Uncle Sam.**

WASHINGTON, D. C., Nov. 23.—  
 Free entry is being sought by the  
 United States navy for an instru-  
 ment which tells the direction from  
 which wireless messages are coming.  
 The navy is balking at the heavy  
 duty, though realizing, it is said, that  
 the instrument would be invaluable  
 in locating a hostile fleet in time of  
 war. A set of the instruments is  
 desired for experimental purposes.

**ATTACKING THE NORTHWEST.**

IT IS EVIDENT from perusal of eastern newspapers  
 that a systematic effort is underway there to stem the  
 flow of immigration by discrediting the west, particularly  
 the northwest, in every way possible.

In some states, which are experiencing an actual loss  
 of population, organizations have been formed and are  
 industriously laboring to keep the people at home, and  
 the local papers are filled with "knocks" regarding this  
 region. Particularly true is this of Ohio and Iowa, where  
 the press is extremely vicious and unfair in its attitude  
 toward anything and anybody hailing from the Oregon  
 country.

Particularly is the fruit industry attacked. Obscure  
 country newspapers are filled with assertions that eastern  
 apples are better and worth more than those of the north-  
 west. Farmers are being encouraged to care for orchards  
 better and the phenomenal crop of the present year pointed  
 to with pride—the first crop many sections have had in  
 years. The natural advantages of the northwest in soil  
 and climate are ignored and though the east testifies to  
 the superiority of northwest fruit by paying more for a  
 box of its apples than for a barrel of eastern fruit, the  
 claim is brazenly advanced that eastern products are super-  
 ior.

Land boomers of northern Canada, Texas and Florida  
 have also contributed to the attack upon the northwest.  
 Magazines and periodicals in which these promoters ad-  
 vertise heavily have been "puncturing" the apple boom,  
 and it must be admitted that the effort to divert the home-  
 seeker away from the Pacific coast has met with consid-  
 erable success in the past year.

Still the fact remains that the west is developing at an  
 amazing rate, that natural opportunities are greater, that  
 life is more enjoyable and surroundings far more beauti-  
 ful than in the overcrowded and developed sections of the  
 east, where the air is murky with the smoke of countless  
 factories and even the brooks are dyed with poisonous  
 waste, in man's successful effort to deface nature.

**ASHLAND'S REMARKABLE PROGRESS.**

THROUGH the courtesy of the Portland Journal, The  
 Mail Tribune was enabled Thursday to present a  
 cut of the new Ashland high school. Ashland has always  
 been famous for its schools, but in this modern structure  
 she has surpassed herself. It is without doubt the finest  
 and most advanced institution of its class in the north-  
 west—ahead even of Portland.

Ashland's improvement during the past few years has  
 not been confined to schools, however. In everything that  
 goes to make a city, Ashland has steadily progressed. She  
 is today one of the best built, best paved, best watered,  
 best severed, best lighted cities of Oregon, as well as nat-  
 urally one of the most picturesque and beautiful.

The past year has witnessed the completion in Ash-  
 land of one of the finest boulevards in the country—an  
 avenue a hundred feet in width, parked in the center, paved  
 on each side. It has witnessed the development of a  
 remarkable park system, extending into the national forest,  
 and beautified by innumerable cascades and waterfalls.

**WOMEN IN AGRICULTURE.**

IN THE American Magazine for December there is an  
 article about Marie Samuella Cromer. Miss Cromer,  
 by means of girls' tomato clubs, has taught 3000 girls to  
 become independent through growing and putting up  
 vegetables. The movement has become national and is  
 backed up by the department of agriculture. A brief ex-  
 tract from the article follows:

"Miss Cromer's achievement has arisen to the dignity  
 of a national movement, fostered by the United States  
 government. Within a year five southern states have  
 taken up the growing and canning of tomatoes. Her army  
 has grown to 3000 girls from the original forty-six. In  
 May the general education board promptly gave its check  
 for \$25,000 to meet the expense of equipment and a propa-  
 ganda of national circularization. The federal agricultural  
 department has scattered broadly through the south leaf-  
 lets of instruction, and girls and women are everywhere  
 awake to the fact that the divine gift of the soil was not  
 for man alone. The crusade is to be far-reaching and will  
 not be confined to tomatoes; when the work progresses  
 further, cucumbers and other garden products will be  
 given attention. The proper ways of cooking will be  
 taught, for Miss Cromer has been in New York observing  
 the principles of teaching domestic science. Southern  
 homes will be healthier, wealthier, and wiser, when Miss  
 Cromer's mission is complete."

**KING GEORGE'S PRIVATE  
 PASTOR GOES WRONG**

LONDON, Nov. 23.—Disgraced  
 and dismissed from service by King  
 George, Rev. Frederick Percival Far-  
 rar, private chaplain to his majesty,  
 is supposed to be a fugitive abroad.  
 Official announcement of the dismis-  
 sal was by the London Gazette.  
 On the advice of the chaplain's ne-  
 cessary, sent by aerogram, between the  
 admiralty office and the Medina,  
 King George sent wireless instruc-  
 tions for the dismissal. No details  
 were given out, but it is intimated  
 that Farrar was gravely accused. He  
 was advised to leave England and  
 avoid a scandal two weeks ago, and  
 today his whereabouts is unknown.

**CITY CLAIMS ONE  
 MORE VICTIM**

Country Girl, With Spirit Broken by  
 Long, Fruitless Quest for Work, Is  
 Dying as Result of Bullet Fired  
 With Suicidal Intent.

SAN FRANCISCO, Nov. 23.—  
 Her dream of a bright city world of  
 lights, music and happiness dis-  
 pelled, her baby dead and her spirit  
 broken by a long, fruitless search  
 for work, Ruth Jackson, young and  
 attractive, and once a simple coun-  
 try girl, is dying today as a result of  
 a bullet fired with suicidal intent.  
 The girl was found in a hotel when  
 the report of her revolver brought  
 hotel employes rushing to her room.  
 The dying girl lay on the floor with  
 a bullet in her breast. On a pad on  
 the table beside her was scrawled  
 "May God forgive me."  
 An unfinished letter, written to a  
 friend in Bakersfield, told of her fru-  
 stration for the city on a recent brief  
 visit here; of her return, a few  
 months of gay life, and then the long,  
 hopeless life of poverty and fruitless  
 quest of employment.

**Many Failures**

But Parisian Sage Overcame Miss  
 Kruger's Hair Troubles  
 PARISIAN SAGE is not guaran-  
 teed to grow hair on bald heads, but  
 it is guaranteed by the well known  
 druggist Chas. Strang to stop falling  
 hair, eradicate dandruff and stop  
 itching scalp, or money back. Sold  
 in every town in America by leading  
 druggists for 50 cents a bottle. Read  
 Miss Kruger's letter.  
 "PARISIAN SAGE is the best hair  
 grower and beautifier and dandruff  
 cure. I lost all my hair through ty-  
 phoid fever; I was almost baldhead-  
 ed and my scalp was as sore as could  
 be. I tried everything, but in vain.  
 Finally I tried PARISIAN SAGE, and  
 after using one bottle my hair started  
 to grow, and has grown three or four  
 inches inside of two months. I ad-  
 vise every woman who wants beauti-  
 ful hair to use PARISIAN SAGE."  
 Miss Meta M. Kruger, Brownstown,  
 Minn.

**ASHAMED OF HER FACE**

"I was ashamed of my face," writes  
 Miss Pickard of North Carolina. "It  
 was all full of pimples and scars, but  
 after using D. D. D. Prescription for  
 Eczema I can say that now there is  
 no sign of that Eczema and that was  
 three years ago."

 in which D. D. D. has simply washed  
 away the skin trouble. D. D. D.
